CHILDREN'S SCHOOL SHOES!

We are receiving daily our new Fall Stock in LADIES, GENTS, MISSES AND CHILDREN'S SHOES.

This week we call your special attention to our Misses and Children's Line.

In purchasing for our Fall trade we realized the importance of selecting a stock that would combine the three qualifications, Style, Comfort and Durability and believe we have been successful in securing a line that combine the above qualities. Now remember in selecting school shoes for the children, we have Neat and Nobby Styles, Comfortable Shapes and for Wearing Qualities there are none better and we guarantee the Prices on every pair.

In order to make room for our new stock, we have a lot of odd sizes and broken lines in MISSES AND CHILDREN'S SHOES that we will close out at 50 Cents, the former price was \$1.00 and \$1.20. A New Lot of Stylish NECKWEAR, consisting of Bows, Four-Hand and Scarfs just received. Call and Examine.

Selling goods is no doubt one of the main points of a business, but selling is not all, that selling must be right, both kinds and prices.

Every time a dollar passes into our cash till, we intend that the buyer shall have in return a full dollar's worth, often times more.

Lately we told of Table Damasks, the line is so deserving that we will quote prices again.

They are still near front of store, let's interest you, before they are moved to make room for something else.

White Damask. Cream Damask.

POPULISTS TO STICK.

Chairman Cy Thompson Says Lloyd and Fowler Will Win.

Judge Dick Dead. Southport Terminal Railroad Co. Postmaster in Trouble. New Brands of Fertilizers. Russell Escapes His Soldiers.

JOURNAL BUREAU.
RALPH, N. C., September 14. The six companies under command of Col. Burgwyne from St. Simons Island did not arrive here until this morning. Those men were all neat and tidy looking, ruddy cheeked, and in splendid condition generally. Now that Colonel Burgwyne is here the dismembering of the regiment will be rapid. Some of them may possibly re-enlist, in other commands, but the majority are only too glad to get out of service.

Judge R. P. Dick was as predicted never called for this last attack, and last night he quietly passed away at his home in Greensboro.

The Secretary of State yesterday chartered the Southport Terminal Railroad Company. The capital stock is \$250,000 with the right to increase to \$800,000. The main offices to be at Southport. This will be much for that part of the State, as no railroad goes down below Wilmington, and all traffic for shipment has to be carried to Wilmington either by small boats up the river or by wagons.

W. H. Holloman, Republican postmaster at Apex, a small station on the Southern Railroad near here, was arrested and brought here yesterday, charged with destroying letters, and also with mailing an obscene letter. He gave \$100 bond to be tried on Saturday before United States Commissioner John Nichols.

Eleven new brands of fertilizers have been entered for registration at the Agricultural Department for fall trade. One of the brands came from Raleigh, Wilmington one, Winston four and Charleston, S. C., five.

Next spring the present heating apparatus for the Government building will be put in. Plans were prepared too late for it to be put in for use this winter.

Superintendent Newborne of the penitentiary stuck a nail in his foot not long ago and he is suffering very much from it.

Mr. A. D. K. Wallace has resigned as chief clerk in the Secretary of State's office. His successor has not been appointed.

Jim Young (negro) wanted to stop with the negro soldiers here today and parade the streets for 3 hours and be reviewed by Governor Russell, but Russell was out of the city, and the railroad authorities would not hold the train. The people of Raleigh surely thank anything that saved them from such a visitation.

Populist State Chairman Thompson says that Lloyd will continue to be the Populist Congressional candidate in the 2nd district and Fowler in the 3rd district.

The Cuban Commission.
HAVANA, September 13.—It was learned officially today that the Cuban commission will not merely arrange terms of evacuation, but will stay here until all the evacuation is completed, independently of the time of arrival of the army of occupation, which will probably be delayed for climatic reasons.

Crisis at Manila.
MANILA, September 13.—Two more days remain until the day set by General Ota in his ultimatum to Aguinaldo ordering the withdrawal of the insurgent troops from the suburbs of Manila. Whether or not the "Dictator" will yield is problematical, but he probably will. Aguinaldo can hardly afford to break with Americans.

It is questionable whether or not General Pio Pilar, commanding the troops quartered at Malate, will obey the order to withdraw. If the order is disobeyed a crisis will have arrived.

General Gomez Resigns.

SANTIAGO DE CUBA, September 13.—A report was received by General Lawton last night that General Maximo Gomez, the insurgent commander-in-chief, has resigned his command of the Cuban army, and that his resignation has been accepted.

Gomez, it appears, has been protesting against the Cuban government's yielding control of the island's affairs to the Americans. The explanation for resigning is said to have been his disapproval of "passive submission to conditions tending to the practical discrediting and retirement of the Cuban republic as such, and the establishment of the absolute dominion of the United States."

Answer to the Czar.
WASHINGTON, September 13.—The Czar's invitation to the United States to participate in an international conference to secure a general disarmament by the great powers was promptly accepted by President McKinley. In reply to the invitation the President expressed his concurrence in the sentiments so loftily set forth in the Russian note, and promised, if the conference is held, to have the United States represented.

DISEASE AT PONCE.

Yellow Fever Among the Troops Precautions Taken.

PONCE, Porto Rico, September 13.—One death from yellow fever and four cases of the disease among the troops here are now acknowledged officially. The fever appeared in the Nineteenth Regiment of Infantry, which has been guarding the city jail.

That the situation is considered serious is evident through the stringent precautions taken to prevent a spread of the fever. The hospitals are all intelligently and skillfully managed.

A board of surgeons especially convened to consider the cause of the fever and find a remedy is now investigating the trouble. All troops formerly quartered at Ponce are now encamped in the hills. Guards patrol certain streets, refusing passage. Other guards are on the main roads to and from the city and refuse to pass people in or out. The vessels which were in the harbor left yesterday to escape quarantine.

Taylor Defeats Taylor.
MONTICELLO, Ala., September 13.—The Democrats of the First District in session at Jackson, Ala., today nominated George Wash Taylor for Congress to succeed himself. He was opposed by Hannis Taylor, ex-Minister to Spain.

A special The Item says that the Wash Taylor men refused to give the contesting delegation from Choctaw and Washington counties a hearing—these delegations favoring Hannis Taylor. There will no doubt be a bitter fight over the result.

Cervera Sails For Spain.
PORTSMOUTH, N. H., September 13.—The City of Rome, with Admiral Cervera and staff and over 1,700 Spanish prisoners, sailed this afternoon for Santander, Spain. Of the number 1,608 men were from the prison on Seavey's Island.

As soon as the prisoners were safely on the steamer the 104 sick men in the hospital were carefully moved on board. All the prisoners were clothed in American uniforms. Thousands of spectators cheered the Spaniards, who waved adieu in response.

The Dreyfus Case.
PARIS, Sept. 13.—Two meetings of the Cabinet have been held to consider the question of revising the Dreyfus case, but at the request of M. Sarrien, Minister of Justice, the matter has been postponed until Saturday next, in order to give more time to examine the official documents.

Colonel Du Paty de Clam has been placed on the inactive list and dismissed from his post in consequence of the general staff's investigation into the Esterhazy case.

The Court has refused to release former Colonel Picquart, pending a rehearing of the case against him.

No More Mustering Out.

WASHINGTON, Sept. 13.—Tremendous pressure is still being brought to bear on the War Department to have more troops mustered out of the service. Efforts in this direction, however, are of no avail. It is announced today with increased emphasis that there will be no more troops mustered out. The situation does not admit of any further reduction in the army, and efforts are being made to put those volunteers who are retained in the service as near as possible on the footing of the regulars in the matter of drill and discipline.

The original purpose was to muster out 100,000 volunteers. About 96,000 have already been discharged, and it is announced positively that no more will be mustered out, no matter what influence is brought to bear.

The retention of the volunteers now in service, and the efforts to improve the morals of the army has in view the Philippine situation more than that of Cuba and Porto Rico.

The Oregon and Iowa.

NEW YORK, September 12.—Orders are expected at the Brooklyn Navy Yard any time for the sailing of the battleships Oregon and Iowa to the Pacific. Ammunition is being put on board of both ships, and they will begin coaling by tomorrow. After this they will be repainted the regulation lead color. This will finish up the work on them.

Costly Vanilla Beans.

It is not generally known that the vanilla bean is the costliest bean on earth. It grows wild and is gathered by the natives in Papantla and Misantla, Mexico. When brought from the forests these beans sell at the rate of about \$15 per 100, but when dried and cured they can command about that much per pound.
