CHILDREN'S SCHOOL SHOES!

We are receiving daily our new Fall Stock in LADIES, GENTS, MISSES AND CHILDREN'S SHOES. This week we call your special attention to our Misses and Children's Line. In purchasing for our Fall trade we realized the importance of selecting a stock that would combine the three qualifications, Style, Comfort and Durability and believe we have been successful in securing a line that combine the above qualities. Now remember in selecting school shoes for the children, we have Neat and Nobby Styles, Comfortable Shapes and for Wearing Qualities there are none better and we guarantee the Prices on every pair.

In order to make room for our new stock, we have a lot of odd sizes and broken lines in MISSES AND CHILDREN'S SHOES that we will close out at 50 Cents, the former price was \$1.00 and \$1.20. A New Lot of Stylish NECKWEAR, consisting of Bows, Four-in-Hand and Scarfs Just received. Call and Examine.

Hackburn.

H. B. Duffy

Selling goods is no doubt one of the main points of a business, but selling is not all, that selling must be right, both kinds and prices.

Every time a dollar passes into our cash till, we intend that the buyer shall have in return a full dollar's worth, often times more.

Lately we told of Table Damasks, the line is so deserving that we will quote prices again.

They are still near front of store, let's interest you, before they are moved to make room for something else.

White Damask. Cream Damask.

HIGH GRADE GROCERIES

... AND LOW PRICES!

Will tell this is why we keep busy. We are offering bargains now, to make room for Fall stock which will soon be coming in. Call and see us before placing your orders. 'Tis no trouble to show goods, but a pleasure.

Fresh Flour, Butter, Cheese, Coffee, Hams and Breakfast Bacon Arriving Daily.

JOHN DUNN,

35 POLLOCK STREET.

SAGASTA SAVES HIS SOVEREIGN

No End the Session of the Cortes in a Sensational Manner.

MADRID, Sept. 14.—The Senators were sitting in the Chamber today, ready to talk on war for many days. Gen. Primo de Rivera had concluded a violent speech, which had caused the bell of the President to be rung violently. He had been warned that such strong words could not be used in the Senate. Count Almoneda, furious, had asked permission to mount the tribune. The President had refused him, foreseeing scenes which he would be unable to control, when there was a general flutter.

Sagasta, in his uniform with a decree of suspension of the session of the Cortes in his right hand, ascended the tribune. He read the decree. The law forbids any one to speak in the Chamber after the Queen's decree has been read. The decree was brief.

It was then 4 o'clock. Leaving the Senate, Sagasta entered his carriage, which was driven at a full gallop to the lower house. His arrival was the sign for the opening of the session. The Premier repeated exactly what he had done in the upper house, and the Chambers within half an hour were both closed, without time having been given for remonstrance or murmur.

Sagasta today showed a combination of nervous and muscular energy which was extraordinary. His pluck probably saved his country and his sovereignty.

INTENSE SUFFERING

From Dyspepsia and Stomach Trouble.

Instantly Relieved and Permanently Cured by Stuart's Dyspepsia Tablets.

A New Discovery, But Not a Patent Medicine.

Dr. Reilwell relates an interesting account of what he considers a remarkable cure of acute stomach trouble and chronic dyspepsia by the use of the new discovery, Stuart's Dyspepsia Tablets.

He says: The patient was a man who had suffered to my knowledge for years with dyspepsia. Everything he ate seemed to sour and create acid and gases in the stomach; he had pains like rheumatism in the back, shoulder blades and limbs, fullness and distress after eating, poor appetite and loss of flesh; the heart became affected, causing palpitation and sleeplessness at night.

I gave him powerful nerve tonics and blood remedies, but to no purpose. As an experiment I finally bought a fifty cent package of Stuart's Dyspepsia Tablets at a drug store and gave them to him. Almost immediate relief was given and after he had used four boxes he was to all appearances fully cured.

There was no more acidity or sour watery risings, no bloating after meals, the appetite was vigorous and he has gained between 10 and 12 pounds in weight of solid, healthy flesh.

Although Stuart's Dyspepsia Tablets are advertised and sold in drug stores yet I consider them a most valuable addition to any physician's line of remedies as they are perfectly harmless and can be given to children or invalids or in any condition of the stomach with perfect safety, being harmless and containing nothing but vegetable and fruit essences, pure pepsin and Golden Seal.

Without any question they are the safest, most effective cure for indigestion, biliousness, constipation and all derangements of the stomach however slight or severe.

Stuart's Dyspepsia Tablets are made by the Stuart Co. of Marshall, Mich., and sold by druggists everywhere at fifty cents per package.

Little book on stomach diseases mailed free, address Stuart Co., Marshall, Mich.

Cyclone in West Indies.

LONDON, September 14.—Advises were received here late tonight that a terrible hurricane has swept over the Island of Barbados, in the Windward group of the Lesser Antilles. Two hundred persons have been killed and 20,000 rendered homeless.

St. Thomas, Danish West Indies, September 14.—A boat from the Island of St. Vincent, a hundred miles west of Barbados, arrived today at the Island of Grenada and reports that St. Vincent has had the most violent and destructive cyclone ever known there. Kingston, the capital of St. Vincent, is destroyed. It is estimated that 200 lives have been lost on that island and that 30,000 persons are homeless. Thousands are starving or are being fed at the public expense.

The amount of property destroyed in St. Vincent cannot yet be estimated. Every small house is down, and many large ones have also been destroyed. The demolished buildings include churches, stores and almost all the estate buildings.

THE STATE CAPITAL.

Active Preparations for Next State Fair.

Republicans to Meet to Endorse Populist Nominations. Disorderly Soldiers. Governor's Law Partner Working Out Sentence.

JOURNAL BUREAU, Raleigh, N. C., September 15.

The Executive Committee of the State Agricultural Society held a meeting, and were very much gratified at the outlook for the State Fair. Several important resolutions were passed looking to the better management of the Fair. Senator Daniels was invited to speak on Thursday of Fair week. Captain C. B. Denison was unanimously elected Treasurer for the State Fair. Mr. W. J. Carter (Broad Rock) of the Richmond Times was appointed by the racing committee as "starter" for the races. Many new committees for different departments, and arrangements were appointed. The grounds and buildings are being put in thoroughly good condition. Renovated, fumigated and whitewashed. The water supply and its absolute purity will be specially looked after.

The Republican Congressional convention for this, the 4th, District will meet here on the 30th, for the purpose of endorsing Jenkins the Populist nominee for Congress.

Col. Burgwyn proposes that the Second Regiment shall give a big parade tomorrow as a farewell to the city where so much kindness has been shown the men. Colonel Burgwyn in General order No. 1, named the camp "Shipp Bagley." All the men have been paid off, and all who care to do so can obtain a furlough, can go home to remain 30 days, then report here to be mustered out. The men are under no sort of military government, only being required to report at camp at 6 a. m. and 6 p. m.

During the day they take possession of the city, and in many instances are drunk and disorderly. Yesterday a provost guard was stationed on the principle business street to preserve order, and he was the most disorderly and the drunkenest man on the streets. Such things are receiving the severest criticism.

North Carolina is to have another railroad in the western part of the State, and so yesterday the South Carolina and Georgia Extension Railroad Company of North Carolina was chartered. The road will be 40 miles long.

South Carolina yesterday sent three United States convicts to the penitentiary here for robbing safes.

David B. Sutton, ex-law partner of Governor Russell, as was noted a few weeks ago was serving out his court martial sentence at Ft. McPherson. His sentence for disorderly conduct, and absence without leave was "To be dishonorably discharged from the service of the United States, forfeiting all pay and allowances due him, and to be confined at hard labor, at such post, as the reviewing authority may direct for the period of six months."

The Democratic Congressional Convention will meet here on the 29th. E. Chambers Smith is the only name so far mentioned for the nomination for Congress from this the 4th District.

The reports of leaf tobacco markets show sales of 125,000,000 pounds during the year. There are 44 markets in the State and 87 warehouses with 330 leaf dealers. North Carolina produces more than half the "bright leaf" grown in the United States.

Cotton pickers are now in great demand around here. The prices paid are about 35 cents per 100 pounds.

The Fusion Populist-Republican Hand Book is being circulated. They issued 10,000 copies of the book. The book was prepared and endorsed by both parties.

Japan's Opinion.

WASHINGTON, September 14.—The newspapers reaching the State Department in the official mails from the east show that the almost universal expression in the public press of Japan is in favor of the United States holding Porto Rico permanently, and governing the Philippine Islands. The position taken is that this will be in the interests of peace and commerce and good government. The editorials insist that this is the only issue of the matter that will satisfy the highest interests of the islands and the demands of civilization.

The papers declare that the United States, in assuming the control of the islands, will receive the moral support if not the active co-operation of Japan and Great Britain.

TO CURE A COLIC IN ONE DAY Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c. The genuine has L. H. Q. on each tablet.

Farm For \$1,400.00.

INVESTIGATION WILL FAIL.

It Will Be Impossible to Conduct It So as to Arrive at Results.

WASHINGTON, September 14.—The proposed investigation of the operations of the War Department during the present war by a commission selected by the President, seems destined to prove practical failure. The cause generally assigned for the refusal of several of the distinguished men to accept appointments on the commission is that it would be an inefficacious body, and would have no power to compel witnesses to testify, should they be obdurate. Civilians could not be reached. Army officers could, of course be forced to take the stand, but the commission would have to call on the officials of the department under investigation to bring the recalcitrants to terms.

Even should all these obstacles be removed, it is urged that an investigation by a commission selected by the administration would be in a measure exparte, and subject to criticism if the findings were in any way favorable to the department.

Returning to Austria.

VIENNA, September 14.—In accordance with the Emperor's wishes his wife, the Empress Elizabeth, will be finally buried beside her favorite son, the Crown Prince Rudolph. The interment on Saturday, will be only temporary.

GENEVA, Switzerland, September 14.—The coffin containing the body of the assassinated Empress of Austria, borne on a four-horse car and followed by two other cars almost concealed by floral offerings, was taken to the railroad station here at 8:30 o'clock this morning.

An enormous concourse of people looked on. The cortege was led by representatives of the Austrian court, followed by the Swiss Federal Council. Firemen lined the streets. The brilliant sunshine made a striking contrast to the gloomy aspect of the mourners.

FOR RENT! FOR RENT!!
