ZOLA HEARD FROM.

What He Has to Say On the Captain Dreyfus Case. He is Deaf.

LONDON, September 17.—Although Zola still maintains secrecy concerning his whereabouts, an intimate English friend has seen him within the past four days, and elicited his views on his present position in the Dreyfus question, of which the following is a record:

"Nothing that has happened has surprised me. I knew of Henry's guilt. I knew Esterhazy and Du Ciam are equally guilty. I also know that Dreyfus is absolutely innocent.

"There must be a new trial with open doors. Nothing else will suffice. Should secrecy be reverted to, I shall be compelled to renew my campaign. I shall only intervene if fresh attempts are made to strangle the truth, to rivet chains on innocence, or to shelter the guilty from the vengeance of the law.

"I know forms of law cause delay, and I shall bide my time in seclusion until justice is done or fresh evidence of that reign of iniquity be revived.

"I am satisfied at present that France is struggling towards light. There are differences in official influence and ministerial traditions to be overcome, but they are being surmounted.

"When I left France, after the Versailles trial, it was not to desert the fray. True, I was not anxious to be shot down by night in a ditch at Vincennes like another Duc D'Angouleme or to be found perhaps in a cell with my throat cut and the razor by my side.

"But the reason I left Paris was to retain freedom of speech and action and to fulfill the work upon which I had entered. I am now free for that work.

"Had I remained in France I would have been at the mercy of conspirators, who know how to dispose of their enemies. If my presence within the French frontiers could aid the cause of truth I shall be found there, otherwise I elect to remain in exile until the reign of justice and human charity is restored in my country. Victor Hugo remained twenty years an exile."

Zola, whose hiding place is believed to be in the Austrian Tyrol, is engaged on a new book, the first of a series of four, which will be sequels to "Lourdes, Rome and Paris." The first is entitled "Fecundity," and will be finished next year.

General Toral Attacked.

VIGO, Spain, Sept. 16.—A crowd of about 700 people besieged the house of General Toral today, demanding that the troops which arrived here yesterday from Santiago de Cuba, on board the Spanish steamer Leon XIII, be immediately landed. They proceeded to the quays cheering the troops and were with difficulty dispersed by soldiers of the garrison. Afterward a crowd of about 1,500 people returned to the quays and when they saw the soldiers landing barefooted and nearly naked, they became infuriated and surrounded General Toral's house, hooting and hissing and stoning the building.

INTENSE SUFFERING

From Dyspepsia and Stomach Trouble.

Instantly Relieved and Permanently Cured by Stuart's Dyspepsia Tablets.

A New Discovery, But Not a Patent Medicine.

Dr. Redwell relates an interesting account of what he considers a remarkable cure of a case of stomach trouble and chronic dyspepsia by the use of the new discovery, Stuart's Dyspepsia Tablets.

He says: The patient was a man who had suffered from my knowledge for years with dyspepsia. Everything he ate seemed to sour and create acid and gases in the stomach; he had pains like rheumatism in the back, shoulder blades and limbs, fullness and distress after eating, poor appetite and loss of flesh; the heart became affected, causing palpitation and sleeplessness at night.

I gave him powerful nerve tonics and blood remedies, but to no purpose. As an experiment I finally bought a fifty cent package of Stuart's Dyspepsia Tablets at a drug store and gave them to him. Almost immediate relief was given and after he had used four boxes he was to all appearances fully cured.

There was no more acidity or sour watery risings, no bloating after meals, the appetite was vigorous and he has gained between 10 and 12 pounds in weight of solid, healthy flesh.

Although Stuart's Dyspepsia Tablets are advertised and sold in drug stores yet I consider them a most valuable addition to any physician's line of remedies as they are perfectly harmless and can be given to children or invalids or in any condition of the stomach with perfect safety, being harmless and containing nothing but vegetable and fruit essences, pure pepsin and Golden Seal.

Without any question they are the safest, most effective cure for indigestion, biliousness, constipation and all derangements of the stomach however slight or severe.

Stuart's Dyspepsia Tablets are made by the Stuart Co., of Marshall, Mich., and sold by druggists everywhere at fifty cents per package.

THE CAPITAL STATE.

No Criminal on Trial For Life Sentence.

Odd Fellows Go to Boston. Regiment News Items. State Fair News. Democratic Outlook Favorable For Success.

JOURNAL BUREAU.

Raleigh, N. C., September 17.—Criminal court for this county meets here on the 28th with Judge Henry R. Bryan on the bench. There are no capital cases on the docket, and unless there is some hanging crime committed before the 28th, it will be the first criminal court in several years that some one does not stand trial for life.

The North Carolina delegation of Odd Fellows left yesterday for Boston to attend Sovereign Grand Lodge of Odd Fellows of the world which meets on Monday.

The Second Regiment paraded the city yesterday. The men are a splendid looking lot of men, and the regiment made a fine appearance yesterday, and received quite an ovation from the people.

Colonel Burgwyn promises to investigate the charges against Chief Surgeon Stockard. Stockard has authorized Drs. Brevard and Brooks to purchase every thing necessary for the sick and a hospital tent has been arranged and properly equipped.

President Cunningham of the State Fair has gone home after spending several days here making arrangements for the State Fair. Nothing that can be done for the success of the Fair will be left undone by President Cunningham and his able corps of assistants, and the outlook is for a splendid exhibit.

Adjutant General Cowles has presented Governor Russell with a very handsome gold watch in appreciation of the high esteem in which he held the Governor.

Orders have come that the Second Regiment can be mustered out immediately if it is so desired. This was asked of the war department, as it will cost in many instances quite a sum for them to go home and return here in 30 days, so the chances are that within the next week the Second Regiment will be a thing of the past.

The sabre and camp baggage of Lt. Shipp has been sent his widow.

State Democratic Chairman Simmons has returned from the western part of the State and is well satisfied with the outlook there. This is the state of affairs all over the State so say prominent Democrats.

Vesuvius is Violent.

NAPLES, September 16.—The volcano of Vesuvius is now presenting the grandest spectacle since 1872, due to a violent outburst of activity. The central crater and a number of new mouths are vomiting lava and ashes.

Three imposing streams are flowing down the mountain side, burning the chestnut woods at the base of Monte Somma, nearly reaching the observatory, destroying part of the Funicular Railroad leading thereto, and threatening the barracks of the Carabinieri.

No Cause of Alarm.

WASHINGTON, September 16.—The Manila dispatches stating that Aguinaldo has assembled all of the Filipinos at Malolos gives no apprehension to War Department officials, as they are satisfied that the opportunity for a real crisis was past when Aguinaldo removed his forces from the suburbs of Manila. So long as the American forces in and about Manila are left untrammelled, there is no disposition to restrict Aguinaldo in holding meetings of his followers outside of the immediate field of American operations.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 35c. The genuine has L. B. Q. on each tablet.

The Dreyfus Case.

PARIS, September 17.—At a meeting of the cabinet today it was decided to submit the documents in the Dreyfus case to a commission selected by Minister of Justice Sarrien.

Minister of War Zurlinden and of Public Works Tillaye left before the council adjourned, which is interpreted as meaning that they do not agree with their colleagues in this matter and intend to resign. President Faure presided at the meeting.

THE DEAD EMPRESS.

Visited By Thousands. Grief of the Emperor.

VIENNA, September 16.—The public were permitted to view the casket containing the remains of the late Empress of Austria today. It rested on a catafalque in the chapel of Hofburg, where masses for the repose of the soul were celebrated incessantly at three altars until noon. On the casket were four wreaths sent by the children and grandchildren of the deceased, while many other floral offerings were upon the walls of the chapel. There was a steady procession of people until the church was closed at 5 o'clock. Even after the doors were closed thousands remained outside.

After the blessing of the remains Emperor Francis-Joseph knelt down and repeated his kiss the coffin. He asked the maids of honor whether Her Majesty suffered much. They replied that she did not.

It transpires that a painful scene occurred at the church. The Emperor was prostrated with grief. Upon arriving at the Hofburg chapel, on Thursday night, His Majesty became almost unconscious from the intensity of his emotions. Many of those present wept in sympathy.
