MUCH TROUBLE PROBABLE.

Dreyfus Case Nearing Paris. Colonel Picquart Under Military Arrest.

PARIS, September 22.—The situation here is very grave. A clash between the military and civil authorities over the Dreyfus case is pronounced.

The seizure of Col. Picquart by Gen. Zurlinder, military governor of Paris, when being tried by a civil process, is feared as the first step toward a dictatorship. It emphasizes the determination of the army to prevent a revision of the Dreyfus case at all costs.

The Paris papers, say that the minister of war, General Chanole, has examined the documents of the Dreyfus case, and has ordered the prosecution of Colonel Picquart, on the charge of forgery and using forged documents in the case. Colonel Picquart made a statement which caused a sensation. He said:

"This is, perhaps, the last time I shall speak in public. I shall sleep, perhaps in the military prison of Cherche-Midi. Therefore, I wish to declare that if I find there the strangling cord of Lemercier Picard or the razor of Colonel Henry it will be murder, for I have no idea of committing suicide."

The judges, after a short deliberation, decided to adjourn the case indefinitely, and Colonel Picquart was led away by policemen.

The commission appointed by the minister of justice, M. Sarrien, to examine the documents in the Dreyfus case and pronounce upon the advisability of the government formally granting the prisoner of Devil's Island a new trial, met this afternoon at the ministry of justice. The greatest precautions were taken to insure secrecy. It is understood that the commission will come to a decision by next Monday, when M. Sarrien will communicate its finding to a cabinet council which will be presided over by President Faure.

PECULIAR POISONS.

GENERATED IN THE HUMAN BODY.

The Result of Important Digestion of Food.

Every living thing, plant or animal, contains within itself the germs of certain decay and death.

In the human body these germs of disease and death (called by scientists Plasmoids), are usually the result of imperfect digestion of food, the result of indigestion or dyspepsia.

The stomach, from abuse, weakness, does not promptly and thoroughly digest the food. The result is a heavy, sodden mass which ferments (the process of decay) poisoning the blood, making it thin, weak, and lacking in red corpuscles, poisoning the brain causing headaches and pain in the eyes.

Bad digestion irritates the heart, causing palpitation and finally bringing on disease of this very important organ.

Poor digestion poisons the kidneys, causing Bright's disease and diabetes.

And this is so because every organ, every nerve depends upon the stomach alone for nourishment and renewal, and weak digestion shows itself not only in loss of appetite and flesh, but in weak nerves and muddy complexion.

The great English scientist, Huxley, said the best start in life is a sound stomach. Weak stomachs fall to digest food properly, because they lack the proper quantity of digestive acids (lactic acid hydrochloric) and pepsogenic products, the most sensible remedy in all cases of indigestion, is to take after each meal one or two of Stuart's Dyspepsia Tablets, because they supply in a pleasant, harmless form all the elements that weak stomachs lack.

The regular use of Stuart's Dyspepsia Tablets will cure every form of stomach trouble except cancer of the stomach.

They increase flesh, insure pure blood, strong nerves, a bright eye and clear complexion, because all these result only from wholesome food well digested.

Nearly all druggists sell Stuart's Dyspepsia Tablets at 50 cents full sized package or by mail by enclosing price to Stuart Co., Marshall, Mich., but ask your druggist first.

A little book on stomach diseases mailed free. Address Stuart Co., Marshall, Mich.

TO CURE A COULD IN ONE DAY
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. See the genuine has L. B. Q. on each tablet.

THE STATE CAPITAL.

Interest In the Coming State Fair Growing.

Albemarle Presbytery. Newborne's Biennial Report. The Case of Dr. Stockard. What Chairman Holton Says.

JOURNAL HOUSE.
RALPHIGH, N. C., September 22.

Interest in the coming State Fair is increasing. Col. Cunningham is not allowing things to remain quiet. The Fair has never before had a president who was so thoroughly enthused with the work, nor one who was so determined that everything should be successful. Col. Cunningham has rented for October the handsome Cameron home on Hillsboro street, and during the Fair he and his charming wife will keep "open house."

Mrs. Cunningham who with her Virginia knowledge of hospitality, and cordiality is well fitted to make her husband's home one of the most attractive, will be welcomed here by her host of Raleigh friends, made while here, when the Colonel was the member of the legislature from Person county in 1897, when he did such good work for the Democratic party as could be done among such men as composed that legislature.

All of the recent trouble between soldiers and negroes seems to have quieted down. Bad as it was, sensational reports were sent out from here about it.

Albemarle Presbytery is holding its session here. A mass meeting was held this afternoon. Reports show an encouraging condition of affairs in church work throughout this Presbytery.

Superintendent Newborne in his biennial report to the legislature this winter will recommend that "no man should be eligible to the office of school committeeman unless he can write his own name, is qualified to do ordinary business, and is known to be in favor of public education. Where colored men cannot be found to serve as committeemen then in such townships white men should be appointed to manage the colored schools."

Senator Butler speaks here October 7. Adjutant General Cowles says he thinks that after the Second Regiment mustered out that fully 500 of the men will enlist in other regiments if it be possible.

Chairman Holton, Republican, says that opposition to the stock law has made more counties anti Democratic, than any other cause. In spite of this statement the stock law movement grows steadily. Holton makes many strange announcements.

Dr. Stockard, chief surgeon of Second Regiment, will not be further questioned as to the many charges against him, absence from camp, incapacity, neglect of sick, etc. It remains to be seen what the people generally, and the families of those men who died, will have to say as to these things not being looked into. Possibly others higher in office than Dr. Stockard will be questioned.

Capt. Crawford, Company K, First Regiment has had his resignation accepted. 1st Lieut. Beavers will probably be appointed his successor.

Special term of Mecklenburg court to try the rapist Joe Jackson, (colored), cannot be held until October 24. It was ordered for October 10, but Judge Sutton could not hold it then.

Gen. Lee Talks.

JACKSONVILLE, Fla., September 21.—Major General Fitzhugh Lee is slowly recovering from a rather severe attack of indigestion and slight fever accompanying it. He was able to leave his bed for the first time in several days Monday, having moved from his camp to the hotel, where his family was stopping. He has received most affectionate care from his several daughters, whose devotion to their father is one of the charming features of the family life of the Lees.

General Lee is now anxiously awaiting the movement of troops to Cuba, for he believes when this takes place his time will come.

"All statements that I expected to go to Santiago or Puerto Rico, and that I was disgruntled because I did not go are false." He said today: "I do want to go to Havana, and I have so stated a number of times. I told General Miles that I was a soldier and had no favors to ask, but I had the strongest desire to go to Havana with my troops. I presume if there was any large movement of the army General Miles would command and all I ask is the command of the troops in the lead of that movement."

FUNERAL OF WINNIE DAVIS.

It Will be a Notable One. Flugs at Half Past in Richmond.

RICHMOND, Va., September 21.—The committee appointed by Lee Camp of Confederate Veterans to arrange for the funeral of Miss Winnie Davis, which is to take place here Friday afternoon, completed its work tonight.

The body will arrive from Narragansett Pier at 8.40 a m Friday, and will be met at the depot by the members of the Lee and Pickett Camps. It will be escorted to the lecture room of St. Paul's Church and will be placed under a guard until 3.30 p.m. Then the coffin will be removed to the church proper, where the funeral services will be conducted by Bishop Whittle, Bishop Penick, Rev. Dr. Carmichael, Rev. Dr. Landon R. Mason, Rev. Dr. Moses D. Hoge and Rev. Dr. James P. Smith.

The procession, which will follow the body to the grave, will be composed of the Confederate Veteran camps, veterans from the Soldiers' Home, Sons of Veterans, Daughters of the Confederacy and others.

In concluding the ceremony at the grave Centenary Church choir will sing a hymn.

While the procession is passing, the bells of all the churches in the city will be tolled, and every flag in Richmond will be put at half-mast.
