Conduct of the War Not in Made Campaign Issue.

The Commission Now in Daily Session. The Truth Will Out. Penalties Already Being Applied For Nothing in the Reported German Plot.

WASHINGTON, September 26.—Public interest is now centered in room 365, in the War Department, in which daily sessions of the Commission appointed by President McKinley, to investigate the conduct of the war began today, and will be held for some time.

The Commission was organized by making Gen. G. M. Dodge, of Iowa, Chairman, and decided for the present to sit with closed doors. The other members of the Commission are, Col. J. A. Saxton, of Ill., Capt. E. P. Howell, of Ga.; Maj. Gen. J. M. Wilson, U. S. A.; Hon. C. A. Denby, of Ind.; Ex-Governor Woodbury, of Vt.; Ex-Governor Beaver, of Pa.; Gen. A. B. McCook, of New York, and Dr. P. S. Coomer, of Ohio. The President told the members of the Commission that all the power of the Government should be placed at their disposal in their efforts to lay bare all the facts there were in the management of the war, in either high or low quarters; and there is a general disposition to believe that the investigation is to be conducted without fear or favor, and solely with the desire of getting at the truth, and so far as may be possible, to place the individual responsibility for all the unnecessary suffering of our soldiers. To place the responsibility is as far as the Commission can go; punishment must come from the President.

The country is to be congratulated that the suffering of our soldiers is not to be made a partisan political issue in the present Congressional campaign. A little while back it looked as though that was just what was going to be done. It would have been a national misfortune, because it would have been taken by foreigners to mean that the country, which excited the admiration of the world during the war with Spain, by its united and enthusiastic support of the government, was divided in sentiment, and such a construction by foreigners may have resulted in another war—a far more serious affair than that with Spain. Those who are managing the Democratic Congressional campaign never did a wiser or more patriotic thing than when they decided not to use the charges and counter-charges as to the management of the war as campaign issues.

More than five hundred applications for pensions on account of service in the war with Spain have already been filed in the Pension Bureau. Commissioner Evans says a new division will be created in the Bureau for the special purpose of handling the applications for pensions, resulting from the Spanish war.

Members of the administration regard the sensational story that there is a plot between the German government and Aguinaldo, the Philippine insurgent General, for the insurgents to drive the Americans off the islands this winter and turn them over to Germany, as nothing more than a tale, told brother to those which may be found in almost any issue of the more notorious of the yellow journals. While Aguinaldo might be fool enough to enter such a plot—he was brought once by Spain—it is not likely that the Emperor of Germany would be. Nobody in Washington believes that the entire Philippine insurgent army could stand up an hour before the U. S. troops now at Manila, and there will be more American soldiers there before long.

THE STATE CAPITAL.

Republican Treasurer Mr. Ten. Sunday League Meeting. Soldiers Home. 55 Funds on State Farms This Year.

JOURNAL BUREAU, Raleigh, N. C., September 26.

Ex-State Senator J. W. Alwater of Chatham county is out in a card declaring against Republican-Populist fusion, (he is a Populist) and announcing himself as an independent candidate for Congress from this district.

The negroes at the Wake county Republican convention on Saturday had no showing, and at the end of the convention it was realized that they had no representative on the county ticket.

Colonel A. W. Shaffer has gone to Ottawa, Canada, to attend the general convention of civil engineers.

The 10th circular issued from Republican headquarters is out. The heading is "Truth crushed down." It harps on the reported interview of General W. R. Cox in Washington, when he is quoted as saying that if the Democrats get control, they will eliminate a large per cent of the ignorant and purchasable votes. It says that the Charlotte Observer editorially shows that that will be the policy of the party if they get the legislature.

For several years there has been some "blind tigers"—operating out in the eastern part part of the city where the sales of liquor have gone on Sunday after Sunday. Steps have at last been taken to break this thing up.

There were between 50 and 60 young students examined before the Supreme court today. Wake forest sent 35, Chapel Hill 21 and some few others made up the number.

During the State Fair the Annual reunion of the North Carolina association of the Confederate Veterans will be held.

"The Defender" is the name of a paper that was said to be owned and run by negroes but this is claimed to be untrue. That it is edited and run by Holton and the Republican State Executive Committee.

"The Life of General Robert Ransom" is to be the subject of the address before the Memorial Association on next 10th, of May. The family will choose the orator.

At a joint meeting of the Daughters of the Confederacy, and the Ladies Memorial Association; Capt. C. B. Denson made a most beautiful appeal for the Soldiers Home here which is in such dire need of funds now. The State appropriates only \$2,500 a year for its support and this to support, in every way about 100 men.

There is more than one of us who feel that a more fitting monument to the dead heroes of the Confederacy than the \$37,000 granite shaft in Capital square would have been a handsome Home for the Living Heroes—comfortably equipped. The people over the State are asked to come forward, and subscribe to this charity which the State owes to those who went to the front.

The Republicans and Populists have been declaring that the penitentiary would make a handsome deposit this year. Superintendent Newborn says with 5-cent cotton and gold standard prices they will not make any money.

THE CHANGE HAS COME.

Captain Dreyfus Granted a Revision of His Trial.

Paris, Sept. 26.—After a short and final meeting this morning, while Paris waited in such suspense as has not hung over the city since the Franco-Prussian war the Dreyfus commission made public its report for a revision of the Dreyfus case. The whole city quivers with excitement. The message is concise to the newly pacified island, where poor Dreyfus is so cruelly imprisoned.

Groups of people on the outside of the military of interior, where the cabinet council is held, loudly cheered the military with many shouts of "Vive Dreyfus, Vive la Revision."

London, Sept. 26.—The Observer this morning continues its hitherto revelations, began last Sunday in a long article. It says that Count Esterhazy has disclosed, in the presence of many persons than one, that he was the author of the famous Dreyfus memorandum or memorandum, which he wrote "at the request of Colonel Sandherr, now dead." "It was intended," he said, "to excite national pride of Dreyfus' galls."

Next Train to New York.

Plays del Mata, Cuba, Sept. 18—At 4 o'clock yesterday morning the Aguinaldo entered Manila. He was met and welcomed and was taken to the hotel by the United States steamship Phoenix and the big vessel. This is at another view in Washington City.

Over \$100,000,000 worth of goods are now in the hands of the United States government. A large amount of this is being sold to the public. The government is now selling to the public a large amount of goods, including clothing, shoes, hats, etc. This is done to raise money to pay for the war.
