BUNCOING THE NEGRO.

The negroes in North Carolina who have been nominated for all kinds of offices in this State, and who have thought themselves particularly secure in getting these offices after next November, are beginning to find that the "sure thing" is not very "sure."

The negroes in convention who have "pressed the button," nominated themselves to offices, and went away laughing at the foolish Populists, and the helpless white Republicans, are not feeling so gay just now, for they forgot that Central Committee at Raleigh, which has all power to undo any nominations which seem "unwise" to this Com.

Thirty days ago this Republican Committee made sport of the Democratic cry of White Supremacy, and the negroes all laughed. It was an old issue, a played out score.

Merrily the Republican county conventions met, and in Eastern Carolina, the negro grabbed most of the nominations.

But White Supremacy did not "down."

By Thompson and Marion Butler attempted to turn attention to other things by lying speeches, but their lies became boomerangs, to discomfit them.

Something remained, and that was the Central Power, D. L. Russell, to make the Central Committee strike out as many negro nominations as possible throughout the Districts which were doubtful.

White Supremacy, by Democrats, frightened His Official Bigness Russell, and his "Savages" must give way.

Illustrations of the negro coming down are numerous, they need not be mentioned at this time, but the greatest work of this Central Committee was seen in Fayetteville, last week, when the work of the Republican committee of the Third Congressional District was completely overthrown, and its recommendations ignored.

The White Supremacy test is too much for the White Republican, not that he regards the colored man any less as a friend and a brother, but for political effect, for this time, the negro must come down.

But the Republican Frankenstein has found his power, he now controls the political destinies of his own white master, and while the Central Committee may dictate laws through agents, to convince the negro is still a menace to the civilization and commercial prosperity of the Old North State, and the negro should be and must be as strong as ever for white supremacy and good government under Democratic rule.

THE ARMY HOSPITALS.

Certainly there has been a horrid state of affairs in regard to the management of the hospitals at the home camps and on the field of action. Great numbers of soldiers who require medical attention have died through the commission of the hospitals, and the investigation of the matter has shown that the hospitals were in a state of chaos, and that the medical staff were in a state of confusion.

REPUBLICANS ALL.

So a bank of Populists-Republicans congressional action has been agreed upon. The Republicans are to support Skinner, Fowler, Perkins and Caldwell, and the Populists are to support Adams, Dochery and Hixson. The candidacy of Lloyd Populist, in the second district, is of such a sort as to give rise to the belief that it is intended to help the negro White, since Lloyd is giving no sign of wanting the Democratic vote, which stands ready to go to him; while that of Boggs, in the sixth district, is undoubtedly for the purpose of helping Pearson. But there should be nothing surprising in all this. The so-called Populists, Thompson and others of them, who did this trading in the name of their party, are really not Populists at all, but Republicans; if they were not they would not be entering into schemes to help elect good standard men to Congress. As The Raleigh Post puts it, "they propose, so far as they can do, to send five men to Congress who will vote down whatever the other four may try to do in behalf of free silver." Yes, they are to help elect good standard Republicans, McKinley men, instead of free silver Democrats, Bryan men. And then expect people to believe that they are Populists and want free silver and Bryanism! It is a stupid man who will believe it. The fact is that Halton has his uniform on this whole outfit, Skinner along with the rest, and it will not be long before they throw off the Populist disguise they are now wearing—a disguise which does not at all conceal their real politics.—Charlotte Observer.
