Fresh Flour, Butter, Cheese, Coffee, Hams and Breakfast Bacon Arriving Daily.

JOHN DUNN,

CHAPTER SPEARS.

Says Further Testimony Will be Still Stronger. Reopens the Test.

KALAMAZOO, Mich., October 9.—General Shafter has been here since last Thursday and will remain several days more visiting old friends and scenes of his boyhood. Speaking of the work of the war investigating commission he said:

"General Wheeler's testimony before the commission is forcible and convincing, but wait until the line officers tell their stories. They will not be as cautious as General Wheeler, but will tell things that will not only corroborate General Wheeler, but be much stronger.

"General Miles and others may say that this commission is not legal. Perhaps not, but the testimony it is bringing out will satisfy the public that the stories about neglect, starvation and needless suffering of the troops at Santiago have been grossly exaggerated for political purposes."

"I have been criticized for delay. I knew after talking with General Toral that he must surrender. At any time we could have taken Santiago in two hours, but it would have cost 2,000 men, who are now back in the United States.

"Of course, there was a great deal of suffering and sickness. My losses were a great deal more than I would have wished but a great deal less than might have been the case. My orders were short and clear and I was never interfered with. I was to capture Santiago and drive out Carver's fleet. That was all there was of it and I think we succeeded."

RUSSELL'S LEAVES.

Want to be Mustered out. Enthusiasm Dies, Not for American Duty.

The following letter is reported to have been sent to Secretary of War Alger by members of this regiment. The names of those who signed the letter were not given to The Journal and Tribune reporter with the copy of the letter:

Third North Carolina Regiment, (All Companies) Sept. 23, 1898.

To the Secretary of War:

Dear Sir—We, the undersigned many soldiers, heard that you had been instructed that we wanted to stay in service as garrison duty, but, my dear sir, we are now pleading with mercy and deny any such report as there has been reported and we feel that our superior officers have treated us wrong to hold us in service without we knowing anything about it.

We the undersigned did not join the service for garrison duty. We only sacrificed our lives and left our homes simply for the honor of our flag and the destruction of our country and families as the war was going on at the time but now the war is over and we do feel that we might be mustered out of service because we are getting letters from our families every day or two stating the suffering condition, and, oh my God, the way we are treated. We have to drill harder than any other regiment on the grounds, and after drilling so hard we have to work so hard. We have to cut ditches, sink holes and fill up gullies, put in water pipes. We, the Third North Carolina Regiment soldiers, has not had one pair of pants, one coat, two undershirts, one top shirt. We are in a bad fix. Our food is not fit to eat, and oh, my dear sir, we are bound up in a little place about 400 feet long, three feet wide. Just think of the confinement we are under because we volunteered freely to fight for our country.

We, the undersigned, many soldiers, did not volunteer for garrison duty, and we do not think that our honorable government will take advantage of willing and faithful men who came to the rescue of the flag, stars and stripes. We have a great deal more to tell you, but we cannot express ourselves like it ought to be done.

Down at Fort Macon we was misled. The question was asked who wanted to stay in service and go to the front if necessary, called upon them to raise hands, but the question never was asked, if we wanted to do garrison duty. If they had asked that question we never would have been in Knoxville to-day.

Why don't you know as a good thinking man that we don't want to leave our wives and families to go on garrison duty. Why if so you would have more applications in the White House than the mail box would have left.

You know that these officers is getting a very good salary, and they would go in three miles of hell after that dollar, but we, who are brave men, did not come for the sake of that \$15.00, but we gloried in the flag and come to hold it up by the balls and shells. So as we did not get a chance to do so, we hope that you will consider the matter. Look it over, give us the judgment of justice and if you do we will come home to our families who are in a suffering condition, as we will not write any more.

We, the undersigned, await the answer. Many soldiers of the Third North Carolina Regiment. We want to go home—Knoxville Tenn. Journal and Tribune.

NO CAMP.

There Will Be None Established in This State.

Second Regiment to Be Mustered Out on 22nd. Capital Club Opening the Great Event. The State Fair. Land Claims Settled.

JOURNAL BUREAU. RALEIGH, N. C., October 10.

After all the stir regarding the establishment of a Military Post here, General Corbin now says that no military camp will be established in North Carolina at all.

Superintendent of public instruction, Mr. C. H. Mebane has received a check for \$1,700 from the Peabody school fund. The State gets \$6,000, and this is the first payment.

Lieutenant Darragh of the Ninth Regiment U. S. A. is here to assist Lieutenant Todd in the mustering out of the Second Regiment, which begins about the 22nd.

Society is on the "qui vive" regarding the elegant "House Warming" of the "Capital Club" to be given on the 18th. A great many invitations has been issued, and it will lead in the fashionable affairs of the winter. The Marshall's ball during the Fair will take second place.

Mr. Brewry, Chief Marshal, gives his list of Assistant Marshals for the Fair. Also quite a number of names of ladies who have consented to act as "Maid of Honor" at the Fair, and ride out to the grounds with the Marshals. Exhibits for the Fair are already coming in. The Railroads have given one first class fare for the round trip to the fair, and the crowd promises to be immense.

The Supreme Court this week hears the appeals from the 3rd District.

Secretary of State Thompson has chartered the Textile Mill Supply Company of Charlotte with a capital of \$25,000.

Judge T. C. Fuller has just returned from Santa Fe New Mexico where his court, the U. S. Land claims court, has been in session. At this term the court has decided the ownership of 3,000,000 acres of land.

Fire Water the Cause.

WASHINGTON, October 10.—Bishop Whipple, of Minnesota, who is attending the Episcopal convention at Washington, says of the Indian uprising in his State: "The Indians at Bear Island have always refused civilization. The whole difficulty has been due to fire water, which was smuggled to them. The Indian police are good fellows, but they appear to be unable to prevent the introduction of whisky among their brethren, and when these Indians become drunk they are veritable devils. The punishment for smuggling liquor to them should be made more severe, and the practice might be broken up. There is not the slightest cause for the belief that a general uprising will occur. There are six thousand Chippewas in Minnesota, and they have always been friends of the whites, and as a rule they are honest and law-abiding." War Department officials say the trouble is now all over.

TO CURE A TOLD IN ONE DAY.

Take Laxative Broom Quinine Tablets. All druggists refund the money if it fails to cure. 25c. The genuine has L. B. Q. on each tablet.

Leaves For Canton.

WASHINGTON, October 10.—The Presidential train left Washington this morning for the Omaha exposition, but the President was not aboard of it. The President and Mrs. McKinley left Saturday night for Canton to attend the funeral of Mrs. McKinley's brother, who was killed. After the funeral, the President will join the Washington party, consisting of members of the Cabinet, other officials, and ladies of their families, and proceed to Omaha, in accordance with the published programme, but when she left Washington, Mrs. McKinley expressed her intention of remaining at Canton.

THE YELLOW FEVER.

People Leaving by the Thousands. Appeal for National Help.

JACKSON, Miss., Oct. 9.—More from a business standpoint than any other, the yellow fever is injuring the State of Mississippi. It is a lamentable fact that in the infected places, and many others surrounding them, all business is practically suspended. From fifty to ninety per cent. of the white population have abandoned their homes and sought safety in distant points, leaving every business interest virtually unincured. Many very many, have had to mortgage their homes to raise money to enable them to leave. The ones who cannot get away are mostly those with small incomes.

Appeals have been sent to the President from Mississippi for relief during the scourge of yellow fever, and it has been determined by the administration to the appeal effectively and promptly. The relief will be distributed through the marine hospital corps.

No Far Complimentary.

WASHINGTON, October 10.—Secretary Alger has gone to Omaha, and he left Washington in an excellent humor. Whatever may have been his expectations of the evidence that would be given before the Commission that is investigating the war, he could not have expected anything more complimentary on the whole to the War Department than the witnesses thus far examined have said.

There isn't the slightest doubt that the general public has been greatly surprised by the evidence. It was expected that some mismanagement would be shown by the testimony of almost every witness, but such has not been the case, and the witnesses have included men, who certainly should have known of the existence of anything that was very bad—such as Generals Lee, Wheeler, Boynton and Greene, the last of whom said he thought that the only trouble was caused by the army regulations, which had been adopted in time of peace, not being adapted to the exigencies of war.

To Dye Or Not to Dye

that is the question: whether it is better to wear that faded, shabby dress and endure the scornful looks of all your well-dressed neighbors, or to purchase a package of Diamond Dyes and restore its freshness in another color—making a new dress for ten cents.

Diamond Dyes are made especially for home dyeing, and are so simple to use that any one can dye fast and beautiful colors with but little work.
