### JOHN DUNN,

POLLOCK STREET.

### THE CUBAN LEADERS.

Gomez, Maso, and Garcia do not Agree. Association is Talked. Santiago Province Desires It.

WASHINGTON, Oct. 17.—Late news from Cuba is not satisfactory. Gen. Gomez, who has done more or less sulking ever since the United States declared war against Spain, is reported to have threatened to lead his men back into the field, unless his ideas are carried out by the alleged government of the Cuban Republic and by the United States authorities. He wants the United States to get off the island as soon as the Spanish troops do, and leave the Cubans to arrange things to suit themselves. His ideas and those of Senator Foraker seem to be very nearly alike.

Strangely enough, President Maso seems to favor annexation. At least he prefers that to the domination of the military element. He has threatened that the present insurgent government will make overtures for annexation. Maso has had agents quietly working Havana for weeks, which was learned by General Gomez about ten days ago. The result is shown in the number of men now in Havana wearing the uniform of insurgent officers. They denounce and threaten the American forces with a reopening of the insurrection should Maso's plans prevail.

The friends of Gomez are trying to force matters to an immediate issue, while Maso's agents are working for delay. The latter believe that the American military forces will lend a strong moral influence against a Cuban military government. They point to Santiago as an illustration. They say the people of Santiago now have full confidence in the Americans and are in favor of annexation. Santiago Province has always been the stronghold of the Cuban army, and so they argue that public sentiment in the western provinces will soon be overwhelmingly opposed to Gomez.

There is a strong suspicion that Garcia has had a falling out with Gomez and will not support the latter in an attempt to secure civil as well as military control. Garcia is in an unfortunate position. He is suspected by both Gomez and Maso, but still has a strong grip on the affections and confidence of the people. The side which he supports will probably win.

### TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c. The genuine has L. B. Q. on each tablet.

### As about Paying the Debt.

PARIS, October 16.—The position taken by the representatives of the Madrid government on the Hispano-American peace commission in regard to the Cuban debt is regarded in well-informed circles as being a menace to the continuance of negotiations.

The efforts of the Spanish commissioners are directed more toward obtaining relief from debt than toward retention of territory. They contend that to compel Spain to shoulder enormous financial obligations, and at the same time to take from her the only means she has of paying them, is to seek to ruin the country absolutely. The United States commission is firm against assuming the Cuban debt.

### TERRA LEAVES HEADRY.

CAIMANERA, CUBA, Oct. 16.—The cruiser Maria Teresa is to sail north next Sunday, towed by the Vulcan and the Potomac. Her drains and bilge pump are now in good working order.

Several men at work on the Teresa have been overcome by the intense heat below, resulting from the exposed steam pipes.

A transfer of men from the Newark to the Teresa and 200 tons of coal will be necessary for the trip No. 4. The officers hope the vessel will be sent to New York for repairs and they expect there will be a great demonstration in her honor there.

DeWitt's Witch Hazel Salve has the largest sale of any Salve in the world. This fact and its merit has led dishonest people to attempt to counterfeit it. Look out for the man who attempts to deceive you when you call for DeWitt's Witch Hazel Salve the great pile cure. F. F. Duffy.

### Santiago Census.

"You would be delighted to see the old brown cannons and mortars which we have taken here," writes General Wood from Santiago. "Some of them go back to the Middle Ages, and were evidently captured from the French. I hope they will be taken in Washington, where they would be the most interesting and ornamental in our parks."

## PELTED WITH EGGS.

### The Governor's Man Burns Warmly Greeted.

Frost Everywhere. Republicans Worried Over Political Situation. No Winter Camp for State. Failed to Register.

JOURNAL BUREAU, RALEIGH, N. C., October 17.—There was frost all through this section yesterday morning and there was some today.

Second Regiment soldiers who failed to get the notices to come here October 19, because of extension of furlough, are arriving in numbers. What to do with them is a puzzle. They will of course be fed in camp, but the question of how to get them home comes up. They have no money, not yet being paid off for last month.

The wife of M. W. Page, Democratic candidate for sheriff in this county, died today at Morrisville.

Keeper of the Capital, Burns returns here with a story to the effect that in Martin county several hundred people pelted him with eggs, and that it took a couple of hours to clean his clothing. He is a fusionist.

Congressman Pearson of the 9th district was here yesterday to see the Republican State Chairman. He is greatly concerned at the prospect in his district. The Democrats declare they will win in four districts.

Entries for the State Fair are being made so rapid that by Wednesday all the space will be taken.

There is not the slightest prospect of the establishment of a winter camp for volunteers in this State. All the camps are located. The Republicans are trying to make some capital out of the matter of locating one at Greensboro or Raleigh, but it is mere moonshine.

It is expected that in 30 days, work will begin on the new and very handsome church of the Good Shepherd here.

The Democrats say they are sure they will carry this county. Even Ex-Republicans are found who admit that this is "a Democratic year."

Tomorrow the Supreme Court will call the appeal docket from the 4th district. It will take up first the case of Jim Booker, the negro murderer, who is under sentence of death here. He is one of the nine prisoners who so nearly escaped from jail last week.

Many Raleigh Democrats have failed to register. There is only one more registration day.

Leaving For N. Y.

SAN JUAN, Porto Rico, October 16.—The Reina Maria Cristina sailed today for Spain with Captain-General Macia and his staff on board. The Covadonga sailed yesterday with 2,500 troops on board.

Before sailing on the Covadonga Admiral Malleride called upon Admiral Schley at the Inglaterra Hotel to bid the American Admiral farewell.

The stars and stripes will be formally raised at San Juan on Tuesday. Brig. Gen. Fred D. Grant will be given command of the district of San Juan.

Twelve Thousand Wrecked.

CHICAGO, Oct. 17.—McKinley will review and Mayor Harrison lead 12,000 wheelmen through the streets of Chicago tonight. Every man will ride a decorated wheel. The path will be through a blaze of electric effects. There will be few carnival fairs.

Empress at Constantinople.

CONSTANTINOPLE, October 17.—The Imperial yacht Hohenzollern, with Emperor William and his party, arrived at the straits of Dardanelles this morning and was saluted by the forts.

### NOT ALL TRUE.

National Reports From Peace Commission at Paris. Allowances to be Made.

WASHINGTON, October 17.—Secretary Hay is too shrewd a diplomat to publicly discuss the fakes that are almost daily cabled from Paris and Madrid, alleging hitches and dead locks in the Peace Commission, but his countenance expresses his utter indifference to these sensations, when they are called to his attention by newspaper men. All he will say on the subject is that nothing of importance has yet been received from the American commissioners.

The latest facts about the Spanish commissioners having proposed that the Emperor of Germany should be asked to determine the ownership of the Philippines is so ridiculous that one wonders it should have been printed in American papers. It will be remembered that the protocol which brought about the suspension of hostilities expressly provided that the United States should retain Manila and the surrounding country, and that the Peace Commission should determine the disposition of the rest of the Philippine group. The Peace Commission is only authorized to negotiate on the basis provided for by that protocol. By keeping that fact in mind, it will be a comparatively easy matter to detect fake news about the doings of the Peace Commission.

### The Exposition Doing Well.

OMAHA, Neb., October 16.—A cash balance in bank, exceeding \$300,000, now stands to the credit of the Trans-Mississippi Exposition. There are fifteen days remaining. All railroads have made a half cent a mile rate for the last week. It is certain that revenues for the remaining fifteen days will more than meet all liabilities. Stockholders will receive 75 cents for every dollar invested and possibly 90 cents. The total attendance to date is \$1,812,292.
