THE NEXT HOUSE.
Both Parties Claim They Will Have a Majority. The Result Uncertain.

WASHINGTON, Oct. 21.—Both Democratic and Republican Congressional committees are claiming a majority in the next House. These claims are in both cases made for effect upon the voters. As a matter of fact, both committees are in doubt. The most careful canvass of the situation shows that there are more than sixty Congressional districts which are in doubt, and which will be carried by small margins. The Republicans must carry practically all of these doubtful districts, in order to keep a large majority as they now have, and more than four-fifths of them to retain control of the House by a small majority.

Precedent is against the Republicans, as with few exceptions the Congressional elections following a Presidential campaign have gone against the administration party, but the war and feeling is largely with the Republicans, and they are counting upon it to overthrow precedent. It is no sure thing by a long shot, but all things considered the chances in the opinion of those who are unprejudiced, seem slightly in favor of the Republicans retaining control of the House by a reduced majority, but the margin is so small that the slightest change in existing sentiment and conditions may result in making the chances favor the Democrats. Republicans claim that President McKinley's trip through the west greatly helped them, and they are expecting more help from a trip through the east which is being planned for him.

The Chinese Way.
VANCOUVER, B. C., October 20.—According to the latest advices by mail from China, eight subordinate leaders of the Kwangsi rebellion have been beheaded at Wu Chow. The doomed men were carried in baskets through the principal streets as a warning spectacle, amid the laughter and jeers of men, women and children.

Ten thousand persons witnessed the decapitation and made it a gala day. Little children copied their parents, who joked at the dying rebels a second before the axe fell. When all was over the children played among the headless, bleeding corpses, and made sport with the black disfigured heads.

Mandarins and headmen improvised a sort of Maypole, and the heads of the rebels were placed on top in tiers, the children dancing around them. The governor advised the mandarins to make the beheading as festive as possible, "so as to inspire disgust for the rebels in the hearts of the people."

One Minute Cough Cure surprises people by its quick cures and children may take it in large quantities without the least danger. It has won for itself the best reputation of any preparation used today for colds, croup, tickling in the throat or obstinate coughs. F. F. Duffy.

Wild Plot for Blanco.
WASHINGTON, October 20.—A story is made public here tonight purporting to give the particulars of a Spanish plot to retain Cuba. General Blanco is made the central figure. According to the story he was to set up an independent sovereignty and obtain recognition from the South American governments and Mexico. This would give belligerent rights. The plan was to increase the fortifications at Havana and trust to the ability of the army to hold it against any force the United States government might send. Rather than continue the conflict, it was believed by those in the plot, the United States would recognize the independent government so formed.

HEAVY RAIN IN TEXAS.
HOUSTON, Tex., October 21.—A cyclone followed by heavy electric storms swept across Texas before daylight this morning. At the town of Missouri a freight train was blown from the track. The California express train, crashing into the freight wreck, and the smashed cars covered an area of several square rods.

The towns of Dent Park and Pinedale, were nearly razed, the wind cutting a wide swath. Many strong buildings were demolished. Great damage was also done to buildings at Missouri.

The injury to the cotton crop throughout a large area of the State is enormous.

MORE TROUBLE
Likely to Develop at the State Asylum.

Oration to C. B. Aycock. Trying to Keep Second Regiment in Service. Populist Retires in Favor of Pearson.

JOURNAL BUREAU.
RALPH, N. C., October 21.

Trouble is brewing out at the asylum here in some form. Dr. Kirby, the Superintendent, has called a meeting of the Board of Directors. The call says it is for the purpose of providing more accommodations for female patients, and to investigate complaints regarding the inefficiency of the medical department. The latter matter is the one most to be considered. Dr. Koonce was elected to succeed the late Dr. Mott. Dr. Koonce was not the choice of Dr. Kirby, and it is said the relations, between the two have never been of a pleasant nature. The board will meet on Tuesday the 23rd.

Seldom has any speaker had such a crowded house here, as did Mr. C. B. Aycock last night. He is one of the best and cleanest speakers the Democrats have, and his address last night was a fine one.

On Thursday night of last week Mr. C. B. Deason will deliver an address on the life of the late Governor T. M. Holt.

They are trying to get 730 men of the Second Regiment to sign a petition to keep them in service. The officers are working to get this number of signatures but the men say they will not succeed. Lt. Col. Cowles is in Washington trying to save his commission, but it will hardly be done.

One year ago the total bank receipts in North Carolina were \$6,451,836.40. This year the receipts were \$10,526,700.70. This shows an increase in the banks wealth of \$4,074,864.30.

G. E. Boggs, Populist nominee for Congress in the 9th district, will probably retire in favor of Pearson.

Populists here say some strange developments will be made in the Second district in a few days.

Capt. B. P. Williams, has received a letter from his son, Frank, who is in the Astor battery at Manila. He says life is delightful there.

Many Virginians are engaging quarters here for the Fair next week. There are plenty of hotel accommodations here now so far as sleeping goes.

There have 730 rifles been returned to the State arsenal, where they have been cleaned, and will probably be used for the State Guard when it is re-organized next month. No equipments have been returned, so these will have to be issued new.

DeWitt's Witch Hazel Salve has the largest sale of any Salve in the world. This fact and its merit has led dishonest people to attempt to counterfeit it. Look out for the man who attempts to deceive you when you call for DeWitt's Witch Hazel Salve the great pile cure. F. F. Duffy.

THE BEST QUESTION.
Judge Day's Forcible Decision. Cuban City Debit Valid. Spain Tries For Sympathy.

WASHINGTON, Oct. 21.—Judge Day's action in calling a halt upon the Spanish attempt to include the Spanish bonds, secured by a lien on the revenues of Cuba, in the peace negotiations at Paris, caused no surprise in Washington, where it was known that the Commissioners had specific instructions on the subject. The cabled report that the statement of the American Commissioners that the bonded indebtedness of Cuban cities would be considered binding on those cities was considered by the Spanish Commissioners to be a confession to Spain, has caused considerable amusement among officials in Washington.

The cities of Cuba are just as much responsible for their debts as the citizens of the islands are for theirs, although there is little doubt that most of the money raised on Cuban municipal bonds was stolen by Spanish officials in those cities. Only a Spaniard would have considered such a matter of fact statement as that this class of indebtedness would be respected a concession. The municipal bonds issued by Cuban cities will not be paid by the United States, but by the cities which issued them.

Articles in the French press indicate a policy on the part of Spain to seek to arouse the sympathy of Europe on the ground that she is being crushed by the refusal of the United States to relieve her in any way of the burden of the Cuban debt.
