## WORSE THAN INSANE ADVICE.

There are a few negro leaders in this city. They are foolish that they are heedless to the present situation, are unwise enough to brazenly give advice to the negroes beneath them which if followed means the destruction of the negro The truth is that the negro leader

is blind, because he fears to lose his job.

Is it not worse than insane for s laborers to stand together, to be offensive to their white employers; to accept work, money and a living from their employers, and yet cast a voto against their employers, which means injury to them?

Is it not worse than incane for a negro preacher, in his pulpit to advise the women present to stop working for white women, that the white women ought to be working for them, the negro women?

Is the negro laborer in New Berne so independent that he can do without work?

Do any of the negroes in this city ramember the winter of 1893, when the white people of New Berne supported them with money, fuel, clothing and food, those negroes who on account of the weather could not work ?

Is there a negro laborer, male or female in New Berne, who has means to live independent of white people, for one month?

The present situation is no ordinary political campaign. No principles of State or Nation are involved, but the issue is at stake whether the white man shall control his own affairs, maintain his credit, sustain his social honor, or shall he let everything go under the control of negro domina-

And it is no hard question

Let the negro be careful. Let him place no trust in those who talk about "standing together" to resist the white employer. The wise negro will recognize and accept peacefully Anglo Saxon rule; the negro who does not, stands upon a live volcano.

There is more Catarrh in this section of the country than all other disc put together, and until the last fer years was supposed to be incurable For a great many years doctors pro nounced it a local disease, and prescribed local remedies, and by constant falling to cure with local treatment need it incurable. Science has proven catarrh to be a constitution disease, and therefore requires consti-tutional treatment. Hall's Catarrh Cure, manufactured by F. J. Chency & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surface of the system. They offer one hundred dollars for any case it falls to cure. Send for circulars and estimonials. Address,

"When you are sick, what you like best is to be chosen for a medicine in the first place; what experience tells you is best, to be chosen in the second place; what reason (i. c., Theory) says is best is to be chosen in the last place. But if you can get Dr. Inclination, Dr. Experience and Dr. Reason to hold a consultation together, they will give you the best advice that can be taken."

When you have a bad cold Dr. Inclination would recommend Chamberlain's Cough Remedy Lecause it is pleasant and safe to take. Dr. Experience would recommend it because it never falls to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientitic principles, and acts on nature's plan in relieving the lungs, opening the secretions and restornegro writer to advise the negro ing the system to a natural and healthy condition. ### Words of a Cynic.

We sometimes question if any woman remembers that ahe loves her husband when she is doing her fall buying at a dry goods store.

### How to Prevent Croup.

We have two children who are subject to attacks of croup. Whenever an attack is coming on my wife gives them Chamberlain's Cough Remedy and It always prevents the attack. It is a household necessity in this county and no matter what else we run out of, it would not do to be without Chamberlain's Cough Remedy. More of it is sold here than of all other cough medicines combined.—J. M. Nickie, of Nickie Bros., merchants, Nickieville, Pa. Vor sale by F. S. Duffy.

### Recruit's Idea of it

Colonel Smith, of the First California, tells a story of one of the recruits at the Presidio. This is an Irishman and be was doing guard duty.

# Robbed the Grave.

A Starting incident of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was was almost yellow, eyes sunken, tongue cluding Falling of the Womb, Ulceration coated, pain continually, in back and of the Womb, Congestion of the Ovarios, had given me up. Fortunately, a friend in Pelvis, Dragging Sensation in Groin advised trying Electric Bitters, and to my great joy and surprise, the first bottle made a decided improvement, I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fall to try them. Only 50 cts. per bottle at P. S. Duffy's Drug Store.

# New African Pailroad.

English capitalists are already pre paring to buy the railroad which Sir Herbert Kitchener has built in the wake of his army practically as far as Omdorasn. The gauge is the same as that of the line from Cape Town to Buluwayo, which before long will be extended to Lake Tanganyika.

Remarkable Resens

Mrs. Michael Curtain, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was trested for a month by her family physician, but grew worse: He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Jr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself banefitted from first dose. She continued its use and after t king six bottles found herself sound and well, now does her own housework and is as well as she own housework and is as well as she ever was. Free trial bottles of this Great Discovery at F. B. Duffy's Drug Store, large bottles 50 cents and \$1.00.
