SPAIN HANGING OFF.

But There is Confidence That She Will Yield to the Demands.

WASHINGTON, November 4.—The administration is allowing Spain to do all the floor-walking on the Philippine question. Having, through the American Commissioners, at Paris, submitted its demand for all the island, and having expressed its willingness to repay Spain all the money it has actually spent for public improvements in the Philippines, this government now patiently waits for Spain to get through its needless and useless objections and get down to business, by either agreeing to our demand or by refusing it. If it agrees to it, the drawing up of the treaty of peace will be an easy matter, and soon accomplished. If it refuses, that breaks up the Peace Commission, and this government will proceed to take military possession of the Philippines, and will then consider whether it will be worth while to make war against the Spanish soldiers in Cuba, and upon Spain itself, at home. It is the unanimous opinion of the President and every member of his Cabinet that after keeping up its objections and attempts to extend the discussion long enough to pacify its own citizens and to become convinced that the position of this government cannot be changed, Spain will say that it agrees to our demands because it cannot do anything else.

The sooner a cough or cold is cured without harm to the sufferer the better. Lingered colds are dangerous. Hacking cough is distressing. One Minute Cough Cure quickly cures it. Why suffer when such a cough cure is in reach? It is pleasant to the taste. F. S. Duffy.

BREAK IN PEACE PLANS.

Open rupture of the negotiations, it is predicted, will take place Friday.

LONDON, November 3.—The Paris correspondent of the Morning Post says: "It is expected that a rupture of the peace negotiations between the United States and Spain will be officially announced Friday."

The Berlin correspondent of the Standard says: "Russia and another power are credited with the intention of interfering in Washington with the annexation of the Philippines must be preceded by a common agreement on future action in certain circumstances. The German papers express their feelings very frankly. The Hamburgische Correspondent says: 'The American demand is less a blow to Spain than to the European powers which seem desirous of selecting naval stations in the Philippines.'"

PARIS, November 2.—The Soleil today, commenting editorially upon the position assumed by the American peace commissioners, says:

"No monarchical government would have dared to conduct itself after the fashion of the Americans, who are forever talking so much of right and liberty. The plan of the Americans is now evident. It is to take all of Spain's colonies and leave Spain the debris of those colonies. This is the result of the 'holy war,' undertaken to insure the independence of the Cubans. What base hypocrisy do these liberals, these Democrats, these Republicans, show!"

When you ask for De Wit's Witch Hazel Salve don't accept a counterfeit or imitation. There are more cases of Piles being cured by this, than all others combined. F. S. Duffy.

Control of the Next Congress.

WASHINGTON, November 3.—While the Republicans say they will control the next Congress, they are by no means sure of the result as they would like to be. A prominent man who is near enough to the President to know his ideas on this subject said this afternoon that even if the next Congress was Democratic it could not defeat the plans of the administration for the government of Cuba, Porto Rico and the Philippines. The President was confident that he had the people behind him, and Congress would have no choice but to support him. However that may be, there is little doubt that the President would greatly prefer to have a Congress of his own political faith.

A cough is not like a fever. It does not have to run a certain course. Cure it quickly and effectively with One Minute Cure, the best remedy for all ages and for the most severe cases. We recommend it because it's good. F. S. Duffy.

Aguinaldo Refused to Accept Money.
WASHINGTON, November 3.—General Jaimes, the second in command of the Spanish army in the Philippines, has notified the government at Madrid that the government of Aguinaldo refused to accept the money tendered to him for the release of the Spanish prisoners now held by the insurgents. He says he has demanded an exchange of prisoners, and arrangements have been entered into between the insurgents and the Spaniards which will effect a complete exchange of all their prisoners.

THE STATE CAPITAL.

The Fiasco In The Kitchen Matter.

Fire Arms For North Carolina. Fountain to Run Against Lloyd and White, Jim Young Leads Fusion Rally.

JOURNAL BUREAU. RALEIGH, N. C., November 4. The evidence in the trial of Capt. Kitchen and others where the negro Steptoe had them up charging them with breaking into his house, and forcing him to resign as registrar, was of such a weak character that the gentlemen were all discharged. Now Steptoe should be really dealt with, and punished for this act. He said he did not know who was paying his lawyers, that he was sent here to get protection, and had told Chairman Holton. So the Republican Chairman Holton is the one who instigated the issuing of the warrants. The case was heard at Chambers late yesterday afternoon before Judge W. A. Montgomery.

News that comes that firms in Baltimore are over crowded with orders to furnish fire arms to North Carolina people shows all too plainly the fearful condition of affairs in our State. "North Carolina is being watched all over the country to see if there is enough manhood in the State to wrest the reins of government from the vile hands that now hold control, and who are helping to sink the State still lower in the mire of political ruin. The aggressiveness of the negroes, during the last ten years, gives a good idea of what they will demand should the State go Republican next Tuesday.

Congressional Candidate Lloyd in the 2nd District refuses to advocate White Supremacy and thus disappoints Democrats and Populists. The Democrats did not nominate a candidate in that district joining with the Populists so as to defeat the Republican candidate George White, who is a negro. Lloyd having failed W. E. Fountain, ex-State Populist Chairman who figured so prominently in the White Supremacy Convention at Goldsboro last week announces himself as the Congressional candidate in the Second District.

The cleaning of the registrars books from the outside eastern precinct of Raleigh was again postponed from 10 a. m. yesterday to 4 p. m. today. The case appears before Judge Walter Clark.

Major Davis U. S. A. who is acting adjutant general for North Carolina has been appointed chief mustering officer for North Carolina, mustering out officer Capt. Todd will hereafter make his reports to Major Davis and not to Adjutant General Corbin.

There was a big fusion rally here last night addressed by Jim Young (negro), Loge Harris, Gay Barnes, Dan Young and others of that class who favor negro rule. The rally was composed almost entirely of negroes.

Democratic Chairman Simmons is charged by a Republican secret circular with saying if the Democrats control the legislature that they would disfranchise the poor and illiterate, and that in another instance he said they would enact an election law that would disfranchise all negroes. Both of these statements are denied today by Chairman Simmons.

Havana Suffering.
HAVANA, Nov. 3.—Illness and starvation continue their work of death among the poor of Havana. The necessity for an organized system of relief was never more urgent.

Trade is at a standstill, owing to the uncertainty regarding the introduction of the new tariff. Employment is difficult to obtain. The almost complete cessation of municipal work and the gradual withdrawal of the Spanish administration preparatory to evacuation have closed many avenues of subsistence. Added to this, the winter weather has set in, with cold northern squalls. Many homeless persons nightly crowd the pavements.

A Cuban committee has drawn up a petition to the President, which is being largely signed. It will probably be laid before the American commissioners for transmission to the United States. The petition represents not only the views of Cubans, but has been signed also by many prominent Spaniards. It asks that a sum be raised for special relief purposes and made chargeable to the Cuban revenues for payment. Whatever plan of relief is adopted, it is urged, should be adopted immediately.

Among Federalists.
WASHINGTON, November 4.—So far as Washington is concerned, there is very little interest in the movements of the War Investigation Commission, a portion of which is now at Camp Meade. One session was held in Washington this week, but there was nothing of importance of that sort now in the military news.

Closer Connections at Goldsboro.

The A. & N. C. R. Co. has given us greatly improved mail facilities, which are appreciated, and we believe that it is the policy of that Co. to improve its service whenever practicable. We therefore, offer the following suggestions: The train on the W. & W. R. R., southbound, passes Goldsboro at 8:05 p. m. This is the connection for which the A. & N. C. train waits but it does not leave Goldsboro until 8:40 p. m. Is there good reason for this long delay? Could not the train leave at 8:15 p. m., and thereby expedite the mail delivery half an hour, as well as give better accommodation to the travelling public?

Again: Would it not be possible and convenient to have the mixed train on Saturday leave at 2:00 p. m. on Friday? This may be readily seen, would be a great accommodation to all who receive mail on Friday night, replies and attention to which have now, for the most part, to lag over until Monday nor would the change incommode the Co. We hope the company will give these matters attention and consideration.

Democratic Rally and Ball.

November 3rd was a gala day for Vanceboro. After passing the day listening to the patriotic speeches of the various candidates which enthused and filled the hearts of all persons in the assembled crowd, they went to their supper and afterwards prepared for the grand Democratic Ball, which took place at the Masonic Hall. Mrs. Dr. Fred Potts, and Mr. W. E. Brown acted as chaperones. The following participated:

Misses Sadie Brown, Olive Cleve, Emma Cleve, Lourens Stilly, Fannie Cherry, Fannie Watts, Mittie Daw, Emily Brown, May Miller, Mrs. C. E. Nelson, Mrs. Neel White, Mrs. Lou Warren, Mrs. Reed Lancaster, Mrs. May Waters, Martha Wiggins.

Messrs. M. M. Lancaster, Abe Cherry, Charles Forest, Stonewall Jackson, Bish Dudley, Joe Dudley, B. Bryan, R. F. Dixon, J. B. Franks, McDuffy Lathinghouse, Tom Ward, W. J. McSorley, James Atkins, H. Waters and George Scott.

The evening passed off very pleasantly the ladies were not only satisfied with the ball, but also the grand old Democratic Banner, which they claim for Vanceboro as the banner precinct of Craven county. Success to Vanceboro. J.

THE CENTEMERI KID GLOVES!

Formerly Known as the Centemeri Gloves. Now Known as the Maggioni Gloves.

The maker of the gloves known as "The Centemeri Gloves" that won fame at the Centennial Exhibition in 1876 is, and always has been, Maggioni Francisco of Milan, Italy.

P. Centemeri & Co. never were the makers of these gloves, but simply controlled the sale in the United States with the right to sell the glove under the brand, "P. Centemeri & Co. until 1888, when their contract with Maggioni expired.

We quote the Dry Goods Economist:

"The Maggioni Francisco gloves, which for about fourteen consecutive years, up to 1888 had been imported by Mess. P. Centemeri & Co., as the "Centemeri Gloves" are very well-known, have stood the test of years and are considered standard in the American markets. Mess. P. Centemeri & Co., whose contract with Maggioni of Milan expired in 1888, have no longer the gloves of this make for sale."

The above explanation is due to the well-earned laurels of these celebrated gloves. Our new lines for Fall are in store and inspection is invited.
