

SYRUP OF FIGS NEVER IMITATED QUALITY. THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guarantee of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not grip or enfeeble. In order to get its beneficial effects, please remember the name of the Company— CALIFORNIA FIG SYRUP CO. SAN FRANCISCO, CAL. NEW YORK, N. Y. NEW BERNE, N. C., NOV. 19, 1898.

A DAY IN THE CITY.

Fair weather is the forecast for today. The Rev. D. H. Petree will preach, tomorrow, Sunday, morning and night in the Church of Christ. The heavy rain prevented any business in the local cotton market, yesterday, except the sales of a few bales. The price quoted was 4.80. The Neuse river bridge will hereafter be open to the public night and day as a bridge tender has been engaged. The driving public can now return home as late as they please without being in danger of being caught on the wrong side of the stream. FERRIS. Judge Henry R. Bryan returned last night from Smithfield where he has been holding court. Sept. S. L. Hill of the A. & N. C. Railroad left yesterday morning for a northern business trip. Sheriff M. A. Hill of Carteret, and Sheriff F. W. Hargett of Onslow were in the city yesterday. Mr. and Mrs. Chas. L. Abernathy of Beaufort passed through the city yesterday going to Omaha to visit the Exposition.

An Important Reference. To make it appear to thousands who think themselves ill, that they are not afflicted with any disease, but that the system simply needs cleansing, is to bring comfort home to their hearts, as a positive condition is easily cured by using Syrup of Figs. Manufactured by the CALIFORNIA FIG SYRUP Co. only, and sold by all druggists. Ladies Weigh. We have just received our second shipment of ladies' slacks and caps. A beautiful check cap lined throughout with silk, price \$1.50. Haeckburn's.

The Kinston Trial. The Taylor murder trial at Kinston continued through yesterday before Judge Robinson. The day was consumed in the examination of witnesses. Four or five remain to be examined today and by twelve o'clock the case will be left to the lawyers representing the two sides. The attendance was not nearly so large as on the first day when scores were present.

Hotel Bailey. Mrs. H. C. Bailey of Kinston has moved her hotel, the "Bailey House", from the former location to the place known as the "Nunn Hotel" near the depot. She will be pleased to entertain her patrons at this convenient location. The house has been refurbished and put in excellent shape and a new dining hall added. Traveling men will be especially welcome.

Carteret County Celebrates. There was a grand celebration at Beaufort on last Thursday, afternoon and at night. During the afternoon there was a barbecue and speaking, and at night a torch light procession. There were probably 1500 persons out to enjoy the occasion. Music was furnished by the New Berne City Band. Messrs. W. S. Chadwick, C. L. Abernathy, and W. L. Arrindell spoke.

Metropolitan Concert Co. The Metropolitan Concert Company, of New York, which is advertised to appear at the New Berne Theater on Tuesday evening, Nov. 23rd, is a thoroughly high class attraction, embracing among its members the leading New York artists of today, who come to this city highly endorsed by the public and the musical critics of our great northern cities. These concerts are of the actual meritorious order, never failing to delight the most cultured audiences, and please all lovers of concert.

A Pretty Marriage at Harlowe. At the residence of Mrs. A. F. Bell on the 15th of November 1898 at 8:30 o'clock in the afternoon Miss Blanche Bell and Mr. Fred Frankel were united in marriage by Dr. F. D. Swindell. The parlor was tastefully and artistically decorated with ferns, evergreens, and chrysanthemums. The soft mellow glow from the many candles cast a shimmering beauty all about as they glittered here and there among the foliage.

Remember the Orphans. With the season of Thanksgiving which is to be observed at every residence on November 24th, it should be remembered by the fortunate ones, that there are those who have no homes, who are dependent upon others for temporal wants and supplies. The Oxford Orphan Asylum N. C., is an institution which is doing great good, and giving an education and teaching some useful trade to the two hundred and more, boys and girls within its care. The expenses of this Asylum are large so that to give extras to these boys and girls on Thanksgiving day is impossible, therefore an appeal is made to the Masons of North Carolina and the many friends of the Asylum to contribute money, provisions and clothing, which will be distributed among the orphans at Thanksgiving.

TRIDENT NEWS ITEMS. Good Meeting Herein. Mad Dogs At Large. Police Capt. Harrison. Road Needs Repairs. TRENTON, November 19. The whooping cough is prevailing among the children in Trenton. Mr. A. C. Burr is preparing material to build a new dwelling on Jones street near the High School and when finished will move therein. Trenton will gladly welcome Mr. Hart and family. Edward Stanley of Pot Neck was in Trenton yesterday with 4 wild turkeys killed with three shots. Three Onslow fish carts are here with fish and oysters. The annual fruit tree agent of the Pomona nurseries is here delivering fruit trees. We hear that rabid dogs are being found and killed around here in the last few days. Our citizens are replenishing their wood piles in expectation of having cold weather in the near future. Several of our farmers have raised this fall some exceedingly fine Irish potatoes. Core Creek is supplying our market with some extra fine Georgia yam potatoes. Seed cotton is coming to market quite liberally sells readily at 1.75 per cwt. Bale cotton sold yesterday 4.50 to 4.80 and 90. Weather is so inclement only 40 bales were sold. On Friday of last week 100 bales were sold ranging from 4.50 to 4.80. All the cotton gins are very busy preparing cotton for the market in this vicinity. Married at the home of the bride's father, Mr. John Reynolds, on November 13, Miss Johnnie Reynolds and Mr. John I. Jarman, Jas. D. Herriage, J. P., officiating. May prosper attend them. Miss Myrtle Foscoe and Mr. Farnfield Brock were united in the bonds of matrimony by the Rev. T. M. N. George of New Berne, on evening of the 16th of November, at the home of the bride's mother, Mrs. E. M. Foscoe. May the brightest blessings attend them through the changing scenes of life. Bears are very numerous around here. One was seen within a half mile of Trenton yesterday travelling the public road. The Onslow fish carts supply the market with fish and oysters. Three were here yesterday well loaded. Chickens and eggs are scarce and command a good price. Corn, little brought in as yet, and sells at 40 to 45 cents per bushel. We learn that the road from Trenton to Core creek is almost impassable. Why don't the authorities attend to it? A cough is not like a fever. It does not have to run a certain course. Cure it quickly and effectively with One Minute Cure, the best remedy for all ages and for the most severe cases. We recommend it because it's good. F. S. Duffy.

VOICE OF THE PEOPLE. New For Business. EN JOUEN.—Now that the election is over and we have won a glorious victory after probably the most determined and hard fought campaign in the history of our dear old State, let us get down to business by way of building up and improving our circumstances. The columns of the JOURNAL have always proven a strong advocate for the establishment of home industries, and therein most assuredly lies the foundation on which our independence and prosperity must be worked out. With the return of confidence through a white intelligent government, business circles will have an upward tendency and bring about results that ought long ago to have followed. NEW BERNIAN.

GEN. SHAFER'S LESSON. It was on this occasion that he learned to decide for himself. Here is a story that the Cleveland Leader professes about General Shafter. It centers about his salient trait of being pugnacious, just as all current and well invented anecdotes of "Fighting Bob" Evans revolve around some incontestable bit of profanity. But the story runs thus, as the general is made to tell it: "Once, when I was a boy at school—I wasn't more than 10 or 11 years old at the time—our teacher called up at the class in mental arithmetic and began putting questions, beginning with the pupil at the head of the row and going down toward the foot, until some one could give the correct answer. I stood somewhat near the middle, and next below me was a boy who was three years older and considerably ahead of me in the various studies that we had. "How much are 13 and 9 and 8?" the teacher asked. "While one after another of the boys and girls ahead of me guessed and failed to get it right I figured out what I thought the answer ought to be. The question had almost got to me when I heard the big boy just below me whispering, apparently to himself, but loud enough for me to hear, '29, 29, 29.' "Finally the pupil above me failed to answer correctly, and then it was my turn. "Well, Willie," said the teacher, "let's see if you know the answer. Come, now, be prompt." "I cooked my head up promptly on one side, cast a triumphant look at those who had 'fallen down' on the problem and said, 'so that everybody in the schoolroom could hear me: "Twenty-nine!" "Next. How many are 13 and 9 and 8?" "Aw!" said the big boy below me, with a look of supreme contempt at the rest of us, "30!" "That was what I had figured it to be myself, and when the teacher said 'correct' I wanted to fight. "I didn't assault him, but I made up my mind right there and then to depend on my own judgment in the future, and ever since then when I have had anything to do and had figured out what I considered the best way to do it I have gone ahead, remembering, when people criticized or tried to throw me off the track, how that big boy made a fool of me in the mental arithmetic class."
