Fresh Flour, Butter, Cheese, Coffee, Hams and Breakfast Bacon Arriving Daily.

JOHN DUNN, POLLOCK STREET.

THANKSGIVING ABROAD.

Americans Celebrate the Day in Foreign Capitals.

HAVANA, Cuba, Nov. 24.—Thanksgiving was observed by all the Americans in Havana today.

The largest congregation of English-speaking people ever gathered in the city assembled in the Jane Theater at 3 o'clock in the afternoon and listened to a sermon by Rev. Mr. Carlisle. Bishop Candler, of the Methodist Episcopal Church South, was present. Admiral Sampson and many attaches of the American commission were also there. The entire American colony gathered in the evening about banquet tables in the great dining room of the Paseo, where American cooks had prepared a dinner. Fifteen turkeys, roasted and garnished, were carried into the banquet room on one great float, carried on the heads of four negroes. All the courses were in like manner taken before the banqueters.

The tables were draped and arranged to represent the stripes of the American flag. One table, covered with white flowers, set in a blue field, formed the "stars," completing the idea of "old glory."

The American commissioners, having accepted earlier invitations elsewhere, were not present. General Greene was the guest of honor. A Cuban orchestra played American airs.

LONDON, Nov. 24.—A Thanksgiving banquet of the American Society in London which was held at the Hotel Cecil this evening was a glorification of Anglo-American friendship.

Three hundred Americans and their English guests sat at a table under the entwined flag of the two nations. Two notable speeches were made, one by Mr. Henry White, the American charge d'affaires, and the other by Sir Edwin Arnold.

BERLIN, Nov. 24.—A Thanksgiving dinner, attended by 200 Americans, was held at the Kaiserhof this evening.

John B. Jackson, secretary of the American embassy, presided. He proposed toasts to President McKinley and Emperor William, both of which were received with cheers.

Honor to Columbus' Bones.

HAVANA, Nov. 24.—Columbus' bones will be put aboard the steamer Rapido, and about December 18 the fleet will proceed to Spain. Besides that ship the fleet which will cross the Atlantic at that time will comprise the cruisers Obispo de Venadito, Infanta Isabel and Marques de La Ensenada and the torpedo boats Marques de Molina, Marzen Yanez Pinzon, Alonzo Yanez Pinzon and Piliippina.

The first stop will be made at Martinique, where honor will be paid by the French to Columbus' memory. The same thing will be done at the Cap Vert Islands and the fleet will then proceed to Cadiz.

TO CURE A COLD IN ONE DAY.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c. The genuine has L. B. Q. on each tablet.

ARMY AT SAVANNAH.

Gen. Lee Entertained. The Men Feast and Have Games.

SAVANNAH, Ga., November 24.—Every soldier in General Lee's corps was made to feel that today was Thanksgiving. All drills were abandoned, and at 2 o'clock each man received a ration of turkey, fruit and cake. Over 1,000 turkeys and several wagon loads of fruit and cake were sent out to the camp this morning. The feast for General Lee's men was provided by the ladies of Savannah.

Teams from the First Texas and Forty ninth Iowa played a game of football in the park to a large crowd. General Lee attended services at St. John's Church. Tonight concerts were given in all the regiments. The routine of military duty was relaxed, so that the soldiers enjoyed the utmost freedom.

Some of the western regiments were given dinners by their home States. General Lee and his staff were dined by leading families.

A cough is not like a fever. It does not have to run a certain course. Cure it quickly and effectually with One Minute Cure, the best remedy for all ages and for the most severe cases. We recommend it because it's good. P. B. Duffy.

Think You're Sure.

WASHINGTON, November 21.—There isn't the slightest visible trace of anxiety in official circles over what Spain's answer to our ultimatum will be. On the contrary, there is a feeling of relief that it must either reject or accept our terms by next Monday. Rejection on the part of Spain would not change the plans of this Government as to taking the Philippines, but it would mean a loss to Spain of the \$10,000,000 offered and of a larger aggregate sum represented by claims of Americans for property destroyed in Cuba.

THE STATE CAPITAL.

Rejoicing Over Football Victories Last Thursday.

Vanderbilt Again Liberal. Thanksgiving Celebrations. Rev. Broughton Touches Up All Classes. Two Gold Medals at Omaha.

JOURNAL BUREAU, Raleigh, N. C., November 25. The debate between Wake Forest and Trinity colleges last night on Expansion of Territory for the United States drew a big crowd here, which was increased by those who came to see the football game between the Agricultural and Mechanical College and Guilford College teams. Trinity was against expansion and the judges awarded the cup to Trinity.

In the football game the A. & M. College team won over Guilford's team by a score of 21 to 0.

Of course Raleigh as well as the rest of North Carolina is rejoicing today over the success of the North Carolina University team in the game of football yesterday at Richmond. Many who saw the game declare that the work of Geo. Cunningham, on the North Carolina team should have particular mention.

Mr. George Vanderbilt has guaranteed the salary of the newly elected Bishop of the Asheville Jurisdiction, Rev. James M. Horner for the next three years.

Yesterday was a glorious day and the churches were filled with people who returned thanks to God for His great mercy and goodness. The music was fine at all the churches and the sermons good. At the church of the Good Shepherd Miss Gertrude Bush sang the offertory hymn and seldom has sweeter voice been lifted in Thanksgiving to our heavenly Father.

Rev. Mr. Broughton in his sermons here spares no one. He soundly ratted the cotton dealers, and yesterday paid his respects to Raleigh society.

Judge Bowman, the newly appointed Judge of the 13th district has filed his oath of office with the Secretary of State.

The Second North Carolina Regiment is now a thing of the past. The regimental officers were all mustered out today.

The next term of the Federal District court meets here December 6th.

All the State Departments, in fact business generally was closed up yesterday.

The report that Lieut. Col. Cowles of the 2nd Regiment would be made Captain of the Durham company of the 1st Regiment cannot be confirmed. Lieut. Col. Cowles tomorrow takes charge of the Adjutant General's office again he says, and it is said will go into the First Regiment on December 1st. It is commented upon that it is rather a come down and that besides Colonel Cowles' leg which was broken last spring will unfit him for foot duty.

North Carolina won two gold medals at the Omaha exposition. One for the best exhibit of tobacco, and the other for the best collective exhibit of fertilizers.

Some \$23,000 worth of government property in the hands of the State Guard was put in use by the volunteers. No settlement of this has as yet been made.

CASTORIA

For Infants and Children. The Kind You Have Always Bought. Bears the Signature of *Chas. H. Fletcher.*

View of Hawaiian People.

WASHINGTON, November 23.—Associate Justice Peck of the Supreme Court of Hawaii, is in Washington to attend the meetings of the commission that will recommend a form of government for Hawaii, of which he is a member. Speaking on the subject he said: "The people of Hawaii want a territorial form of government, with a Governor appointed by the President, a delegate in the House of Representatives, and a legislature elected by the people. Hawaii is well fitted for such a government, for her citizens here enjoyed a constitutional government for sixty years. I have found in some places in the United States a wrong impression as to the native Hawaiians and the extent of their education. Hawaii has had a public school system for more than half a century, and every child between the ages of six and fifteen years is compelled to attend school. There is scarcely a child that cannot read and write English."

NO CURRENCY LEGISLATION.

Effort to Induce President to Call Extra Session For That Purpose.

WASHINGTON, Nov. 23.—Although Mr. H. H. Hanna, chairman of the Indianapolis Sound Money Commission, is in Washington trying to work up Congressional sentiment in favor of what is known as the McCleary Bill, which is along the lines of the recommendations of the commission, and the probability is that President McKinley and Secretary Gage will repeat the financial recommendations they made last year, it is as certain as anything in the future can be that there will be no financial legislation at the coming session of Congress.

This certainly is fully recognized by Chairman Hanna and his associates on the commission, or they would not be trying to get the President to promise to call an extra session of Congress early in the Spring for the purpose of acting on financial legislation. That promise has not yet been secured, but there are a number of things which make an early extra session of the fifty sixth Congress probable, promise or no promise; but if those other things can safely be put off until the extra session, it is extremely doubtful whether the President could be persuaded to call an extra session solely in the interests of financial legislation. Such Congressional leaders of his party as Cannon, of Illinois, and Dalsell, of Pennsylvania, have publicly recorded themselves as being opposed to an extra session, if it can be avoided.

A Visiting President.

WASHINGTON, November 25.—For the second time within a year Washington is being visited by the President of another republic. The first, it will be remembered was President Dole, of Hawaii, who is now one of us. The present guest is President Iglesias, of Costa Rica, who is being treated with as much official consideration as was possible after his announcement that his visit was incongruous. President McKinley has exchanged visits with him and extended other courtesies, besides placing an army officer at his disposal while he remains in the United States. All the other officials are also assisting in making his visit to Washington a pleasant one. The voluntary statement of President Iglesias that Costa Rica would grant no concessions for the building of the Nicaragua canal that was not approved by the United States government, is regarded as very important, as no new canal concession will be valid until approved by Costa Rica.
