THE LAFAYETTE MONUMENT.

President's Report Shows \$25,000 was raised, Most of it Made by "Students."

The Lafayette Monument Commission, having in charge the matter of the erection of a monument to Gen. Lafayette in Paris in 1890, held a meeting here yesterday. There were present Ferdinand W. Peck, United States Commissioner to the Paris Exposition; Senator William B. Allison, Archbishop Ireland, Charles G. Dawes, the Comptroller of the Currency, and Treasurer of the commission; W. T. Harris, United States Commissioner of Education; M. E. Stone, general manager of the Associated Press, and Robert J. Thompson, Secretary. The report of the Treasurer showed that, approximately, \$20,000 had already been raised towards defraying the cost of the monument principally from dime donations by the children of the public schools, which fully met the expectations of the commission, and assures the success of the enterprise.

A cablegram was received from Paris, stating, in substance, that the French government accepts the Lafayette monument with gratitude, and that it grants a site on the government ground, beautifully located, in the heart of Paris opposite the principal entrance to the Louvre Gallery, on the main axis, and in the rear of the Gambetta monument. The position is said to be highly indorsed by the Minister of Fine Arts, and Cambon place will be called Lafayette Square.

By direction of the commission, Acting President Peck, within the next few days, will appoint an executive committee of five, with power to act on all matters when the commission is not in session.—Washington Post, 14th.

Brooke's Governor of Havana.

WASHINGTON, December 13.—Major General John B. Brooke will be the military governor of the island of Cuba.

General Brooke arrived in Washington from Fort Monroe this morning and went directly to the War Department where he was closeted for more than an hour in consultation with Secretary Alger. He then, in company with Adjutant General Corbin, proceeded to the White House, and when he returned to the War Department it was formally announced that the President had designated him to be the military governor of the island of Cuba, a new post, which carries with it control over the military and civil branches of the island formerly exercised by the captain general under the Spanish regime.

Each of the six provinces of Cuba will have its own military governor, just as General Wood is now military governor of the Province of Santiago, but all of these will receive their instructions directly from Major General Brooke, who is in supreme authority of the island. Thus, in Havana General Ludlow will be governor of the city, but answerable to General Lee, the governor of the Province of Havana, who in turn will be answerable to Major General Brooke, the governor of the island.

In reply to a question as to when he intended to assume his new duties, General Brooke said that he would proceed to Havana and take charge just as soon as he could organize his staff and forces. It is plain that such disturbances as occurred in Havana last night before last may be expected to occur there again and to happen in some of the other Cuban cities and towns. And as the United States is pledged to restore the reign of law and order to Cuba, General Brooke will be under the necessity of providing an elaborate system of administrative machinery in order to hold the disorderly elements in check and secure a proper application of laws.

A cough is not like a fever. It does not have to run a certain course. Cure it quickly and effectually with One Minute Cure, the best remedy for all ages and for the most severe cases. We recommend it because it's good. F. S. Duffy.

LET AT HAVANA.

HAVANA, Dec. 13.—The United States transport Panama, one of the first prizes captured in the late war, arrived this evening, with General Fitzhugh Lee and staff. The United States transport Michigan, which left Savannah on Saturday last, a day before the Panama, has arrived with two battalions of the Second Illinois Regiment.

TO CURE A COUGH IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c. The genuine has L. B. Q. on each tablet.

There is no danger in a safe thing; few consider this, yet it is safe to always have Always Grogg Syrup in the house. Don't wait until your child has the cough before you get it, delay is dangerous, have it on hand and save your child distress. It acts promptly, at Bradham's, 25 cents.

A cough can't be cured "in a minute," and it is an insult to the intelligence of purchasers to tell them so. Carolina Grogg Cure is warranted to relieve coughs and hoarseness, or your money will be refunded. We know it is certain. Sold at Bradham's.

NEEDING A LITTLE HELP.

Every piece of ready-made clothing in our house will be closed out at some price before Jan. 1, 1899. A good chance to secure some exceptional values just now.

CASTORIA

The Kind You Have Always Bought

Bears the Signature of *Wm. D. Galt*

The main object in keeping our drug-store open is to put up prescriptions, and that keeps us fairly busy—with more business in sight. We will always make room for you long enough to take your order, and deliver your medicines anywhere in the city. We try to serve everyone quickly. Bradham The Druggist.

TWO REPORTS.

State Auditor and Treasurer Give Figures of Their Departments.

Last Regular Meeting of Agricultural Board. No Doubt of Banting Case Being Collapsed.

Love Letters Lead to Prison at Havana.

RALEIGH, N. C., Dec. 14.—The State auditor has completed the summary of the abstracts of tax returns, and says these show an increase of taxable values for this year of \$5,500,000 over last year and of \$5,500,000 over 1896. This showing is considered to be a very good one. North Carolina's gains are steady.

The report of the State treasurer, made by the legislative examining committee, shows that receipts for 1897 were \$1,200,000, and for 1898 were \$1,204,725.

The State board of agriculture met in semi-annual session. It is the fusion board, and it is its last regular meeting, as the Democrats will take charge in January or February—in other words, at the earliest possible moment.

The Legislature will be urged to increase the public school tax. The principal objection to the increase is that so much of it goes to negro schools, while the negroes pay only 2-3-8 per cent. of the school tax. If the white taxes go to white schools it is probable that the school tax could be largely increased without an outcry. The fact is that opposition to negro schools, that is to say to paying for them, is the bedrock of all white opposition.

Mrs. Flora Creech, of this city, is made executive clerk of Governor Russell, succeeding a young man named Powie, who is a nephew of the wife of Senator Butler and who came here last spring from Virginia.

It is the belief here that the whole plan of prosecuting the Wilmington people for the driving out of United States Commissioner Banting has collapsed. Attorney General Griggs and James F. Boyd, his lieutenant, have gone home from their partridge hunt in North Carolina without saying a word more about the Banting business.

W. H. Hullman, a one armed lad, aged sixteen, was assistant postmaster in the office at the little town of Apex. He replied to letters written by his sweet heart to another youth. He was tried yesterday in the Federal Court here, confessed his ignorance and cried in court. He escaped with the light sentence of six days in jail. Another case in the same court was against a negro who sold whisky without license. He asked to be allowed to plead his own case, was given leave and addressed the jury. He was found guilty and fined \$100 and sent to jail for ninety days.

The people here are much gratified at the beautiful reception given the First North Carolina Regiment at Havana.

D. A. Covington, who was for four years assistant United States district attorney has died at Monroe. He served several terms in the legislature.

A negro preacher here last night in a lecture to his congregation made a scathing attack on Governor Russell, saying that when news came here of the riot at Wilmington November 10th, a delegation of negroes of this city called on Governor Russell and begged him to give the Wilmington negroes protection but that the Governor replied that he was powerless. Leak says he then went to a prominent Democrat and the latter telegraphed to some friends at Wilmington who saved the lives of some.

WOMEN'S LIST.

Remaining in the Post Office at New Berne: eleven copies, N. C. December 12, 1898.

NEW'S LIST.

THE STRONG HAND.

Washington Ordered to Havana Harbor. To Prevent Further Disorder.

New York, December 13.—To convince the world of the intention of the United States to establish and preserve order in Havana, President McKinley has given instructions which will result in a naval demonstration in Havana harbor. The battleship Texas, armored cruiser Brooklyn, gunboat Castine and auxiliary cruiser Resolute have been ordered to join the armored cruiser New York at Havana.

These instructions were considered at the session of the cabinet held today. Following the meeting they were issued through Acting Secretary Allen. It is understood that the authorities have under consideration the advisability of occupying Havana before January 10, the date now fixed.

The Resolute has been ordered to carry a strong guard of marines to Havana, ostensibly for the purpose of protecting the naval station there, which is to be occupied by the United States, but these marines will be available for policing the streets should there be any further outbreak between the Cubans and Spaniards. The termination of the administration to make a naval demonstration at Havana was the direct outcome of dispatches received from General Wade, chairman of the evacuation at Havana, in regard to the rioting which has occurred in that city. These dispatches are practically a confirmation of the press news. The authorities are apprehensive of further outbreaks which will endanger the lives and property of foreigners in Havana.

It is recognized that foreign governments have the right to direct their men of war to proceed to Havana and land marines for the protection of their subjects and interests should the situation warrant. To avoid any such action, and to show the world the intention of this government to establish and preserve order, the naval demonstration was arranged.

Many a household is saddened by death because of the failure to keep on hand a safe and absolute certain cure for group such as One Minute Cough Cure, so that your little ones are protected against emergency. F. S. Duffy

Is It So?

"A woman must go to the perfume bottle before giving any where else" is an old adage. Whether it is true or not, Davis' Prescription Perfumery has just put in a nice line of PERFUMERY, both imported and home made, for the holidays.
