## STIRRING SCENES AT ATLANTA

Ex-Confederates cheer wildly at the President's Reference to Their Honored Dead.

ATLANTA, December 14.—The scene at the State Capitol when President McKinley addressed the members of the Legislature was a memorable one.

Upon the President's arrival at the Capitol he was greeted with a field artillery salute and was escorted to Governor Candler's office. There a short informal reception took place.

Upon the conclusion of the reception the President was conducted to the Assembly chamber, where he occupied the speaker's chair, with Governor Candler on his right. When President Dodson, of the Senate, called the Legislature to order the galleries were thronged with men and women. The body of the chamber was filled with State Senators and Assemblymen, while the uniforms of military officers and the Governor's staff gave a touch of brilliant color to the gathering.

On the first row of seats facing the speaker sat Secretaries Gage, Long, Wilson and Smith and Mr. Porter, secretary to the President. Beside the speaker's desk and below the President Generals Wheeler, Lawton and Young, in full uniform, occupied chairs.

The speaker rapped for silence and introduced the President to the audience after congratulating the State of Georgia upon the presence of the distinguished guests. As the President rose the audience applauded.

In his short speech Mr. McKinley referred to his notes and often passed for the cheers to stop. A scene of intense enthusiasm followed, when these words fell from his lips:

"Every soldier's grave made during the unfortunate civil war is a tribute to American valor. And while, when these graves were made we differed widely about the future of the government, those differences were long ago settled by the arbitrament of arms—and the time has now come in the evolution of sentiment and feeling under the providence of God, when the spirit of fraternity we should share with you in the care of the graves of the Confederate soldiers."

A wild cheer went up from every throat in the typical southern audience, a cheer that echoed and re-echoed through the chamber until it was taken up by the crowds outside.

Old men who fought for the south rose from their seats and waved their hats. One Confederate veteran, now a venerable legislator, had passed forward until he was leaning against the speaker's desk. When the reference was made to the Confederate dead, he bowed his head and wept.

Of the many conciliatory speeches which have been made since Grant said: "Let there be peace," nothing has more deeply stirred a southern audience than the words of President McKinley.

No sooner had the President concluded than there were loud cries for Wheeler. When that little man got up, his head scarcely higher than the speaker's desk, the audience once more gave vent to wild enthusiasm.

## MARRIED AT 110 YEARS.

ANN ARBOR, Mich., December 14.—Jonathan McGee, of Ypsilanti, who is one hundred and ten years old, procured a license here today to marry Miss Amelia Day, aged fifty. She will be McGee's fourth wife.

McGee served in the war of 1812, the Mexican war and the civil war and is very sprightly. He does not wear glasses and is a good rifle shot.

His great age is vouched for by the oldest inhabitants of Ypsilanti and various records.

## A POPULAR MISTAKE

Regarding Remedies For Dyspepsia and Indigestion.

The national disease of Americans is indigestion or in its chronic form, dyspepsia, and for the very reason that it is so common many people neglect taking proper treatment for what they consider trifling stomach trouble, when as a matter of fact, indigestion lays the foundation for many incurable diseases. No person with a vigorous, healthy stomach will fall a victim to consumption. Many kidney diseases and heart troubles date their beginning from poor digestion; thin, nervous people are really so because their stomachs are out of gear; weary, languid, faded out women owe their condition to imperfect indigestion.

When nearly every person you meet is afflicted with weak digestion it is not surprising that nearly every secret patent medicine on the market claims to be a cure for dyspepsia, as well as a score of other troubles, when in fact, as Dr. Werthler says, there is but one genuine dyspepsia cure which is perfectly safe and reliable, and moreover, this remedy is not a patent medicine, but it is a scientific combination of pure pepsin (free from animal matter), vegetable essence, fruit salts and bismuth. It is sold by druggists under name of Stuart's Dyspepsia Tablets. No extravagant claims are made for them, but for indigestion or any stomach trouble, Stuart's Dyspepsia Tablets are far ahead of any remedy yet discovered. They act on the food eaten, so digesting is necessary, simply eat all the wholesome food you want and these tablets will digest it. A cure results, because all the stomach needs is a rest, which Stuart's Dyspepsia Tablets give by doing the work of digestion.

Druggists sell these tablets at 50c. per package. Circulars and testimonials sent free by addressing F. A. Stuart Co., Marshall, Mich.

## AMENDMENTS.

Several Will be Considered for the Constitution by Legislature.

Russell Held Responsible by Negroes. Naval Reserves. Shipp Monument. New Auditorium. Soldiers Recovering. Ordered to New York.

RALEIGH, December 15.—It now appears quite probable that the people will be given an opportunity to vote at the general election in 1900 on a constitutional amendment restricting the suffrage, provided the Legislature can draw up a measure which will run the gantlet of the Supreme Court.

There is also a desire to have two other constitutional amendments—one providing that the Legislature shall meet only once in four years instead of each two years, as at present; the other giving the State, counties and towns power to exempt non-industrial enterprises from taxation for ten years.

At a negro Methodist church here last night the presiding elder, R. H. W. Leak, who is also a politician, handled Governor Russell with gloves off, saying he is responsible for all the troubles at Wilmington, and that the negroes who voted for him are also responsible.

A sixth division of naval reserves has been organized at Windsor, Bertie county. The Wilmington Naval Reserves leave for Norfolk Friday to take charge of the new training ship, the Hornet. Commander Morton says they get this vessel because they did better work during the late war with the monitor Nanuet than other reserves did.

It is now the suggestion that the memorials in the shape of statues, monuments or bronzes, in memory of Lieutenant William E. Shipp, Tenth Cavalry, United States Army, and Ensign Bagley, United States Navy, be placed in the capitol square here, and on the south side of the capitol. The idea is very popular and appropriate.

Chairman F. M. Simmons calls a meeting of the Democratic State Committee here December 27th.

The large new auditorium at the blind institute here, which cost \$24,500, was today formally turned over to the State by the contractor. It contains in its upper floors room for 120 students and the auditorium seats 1,900.

The Long Distance Telephone Company's line, which was lately completed between Raleigh and Goldsboro, is now being extended to Wilmington.

An Atlanta company is at work preparing a directory of Raleigh.

The Baptist State Board of Missions met here and appropriated \$30,000 for the work in 1899 of State Missions.

Members of the First North Carolina Regiment who were sick on furlough and did not go with it to Cuba, now have to report to Governors Island, New York Harbor and from there will be sent to Havana.

The number of visitors to the State Museum is now 44,000 a year as the automatic registering turnstile shows.

The Supreme court decides that a jury must say whether Fleming Dem. or Coxart (Pop.) was elected sheriff of Granville county. There was a tie vote, 2,230 for each. If the Superior Court of Granville finds that there were no irregularities, then another election.

## TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c. The genuine has L. B. Q. on each tablet.

## As Lee Predicted.

HAVANA, Dec. 14.—The United States transport Panama, with General Fitzhugh Lee and his staff on board, entered the harbor this morning. The ship arrived outside the harbor last night.

It will be remembered that when General Lee, who was then consul-general to Havana, left the city last April, just before the war broke out, Spaniards shouted derisively at him. He said: "Wait until I come back and you will whistle a different tune."

His words were prophetic.

General Lee was informed here for the first time, of his appointment as Governor of the Province of Havana. He said he was much gratified, but had only wished for a military command.

The General stated that he is simply in command of his soldiers, that his duty is to preserve life and property, and that he proposes to do so with equal justice to Cubans, Spaniards and persons of all other nationalities. He said he had nothing to do with the establishment of any sort of government, and that his duties were confined to flying the flag of peace and order.

## Let the Czar Be Wiser.

BERLIN, December 15.—In the Reichstag today Herr von Völkmar, Socialist, declared that if the Czar wants universal disarmament he must begin by disarming himself. Nobody in Germany, not even the Socialist party, he said, was willing that the nation should be suddenly disarmed.

Herr von Völkmar then proceeded to advocate a reduction of the period of military service, and turned his attention to the recent expulsions of aliens from Prussia, which action he termed barbaric. For this expression he was called to order by the President.

The Agrarian organs are displaying considerable discontent at the delay of negotiations looking to the conclusion of economic peace with the United States.

Many a household is saddened by death because of the failure to keep on hand a safe and absolute certain cure for croup such as One Minute Cough Cure. See that your little ones are protected against emergency. F. S. Duffy
