THE STATE CAPITAL.
Expenses and Earnings of the Railroads.
Agricultural Department Report.
State Museum Will be Enlarged.
Safe Blowers in Custody.
Well Known Citizen Dead.
Raleigh, December 17.—Advance sheets of the 1893 report of the railway commission are given to the press. The report is large, over 300 pages being devoted to complaints and decisions, as there were many very notable hearings during the year. The recapitulation of earnings, etc., shows the following: Atlantic Coast Line system—Gross earnings from operation, \$2,988,935; operating expenses, \$1,737,473; income from operation, \$1,251,462. Southern Railway—Gross earnings from operation, \$4,701,283; operating expenses, \$3,978,792; income from operation, \$722,491. Sea Board Air Line—Gross earnings from operation, \$2,155,340; operating expenses, \$1,468,828; income from operation, \$686,512. Miscellaneous roads—Gross earnings from operation, \$1,698,065; operating expenses, \$1,191,436; income from operation, \$506,629.
The report of the agricultural department shows that its expenses during the year ending November 30 were \$44,000. It has on hand \$17,477.
The State Museum is to be considerably enlarged. State Geologist Holmes says it is by far the finest of all the State museums save that of New York, and that it is far more practical than the latter.
The pension warrants, over 5,500 in number and aggregating \$121,350, were mailed today. They range in amount from \$18 to \$72 yearly. It is remarkable to observe the fact that in no way is so much suffering relieved. Two counties—Dare and Beaufort—strange to say, report no widows entitled to pensions.
The farmers' State alliance petitions the Legislature to make ten tons instead of fifteen the minimum carload of commercial fertilizers.
In the Federal Court here today Joseph Reed, Harry Wright and Charles A. Miller were arraigned for blowing open the postoffice safe at Aberdeen and stealing over \$500. Reed and Wright pleaded guilty and were given five years each at hard labor in the North Carolina penitentiary. Miller pleaded not guilty. Reed and Wright's testimony would have exonerated him and he was discharged, but was immediately arrested on another charge. There is no doubt that Reed and Wright are the heads of the desperate gang of postoffice robbers which operated in Virginia, North and South Carolina.
John H. Mills, one of the best known men in the State, is dead. He was a native of Halifax county, Va., and graduated from Wake Forest College. He had been president of Oxford Female College, editor of the Biblical Recorder, superintendent of Oxford Orphan Asylum and superintendent of the Baptist Orphanage at Thomasville. He was known as the father of orphanage work in North Carolina.
One hundred negro laborers left here today for Virginia to work in the Low-moor coal mines.
A cough is not like a fever. It does not have to run a certain course. Cure it quickly and effectually with One Minute Cure, the best remedy for all ages and for the most severe cases. We recommend it because it's good. F. S. Duffy.

BRITISH EMBASSY STONED.
A Crazy Printer Assaults Hon. Sir Julian Pauncefote.
Washington, Dec. 16.—The police have under arrest Joseph W. Pearson, a printer, twenty six years of age, who last night made violent attack on the British embassy with bricks which he flung into the drawing room in which members of the family of Sir Julian Pauncefote were seated. Miss Pauncefote was struck by a brick, but fortunately her force was somewhat spent and she escaped with a slightly injured ankle. Several windows were smashed and the magnificent cut-glass of the main entrance doors was broken and ruined. The total damage done, it is estimated, will amount to \$700.00.
A telephone call was made for police as soon as the first missiles were thrown and the servants rushed out and were engaged in a fight with Pearson, when the police arrived and arrested him. He was taken to the police station where his mother called later and said she had noticed her son had been acting strangely ever since he graduated last June from studies he had been pursuing diligently for two years past. His offence may be of a very serious nature should he be adjudged insane, under special laws relating to foreign relations and embassies.

Commission Leaves Paris.
Paris, Dec. 16.—The members of the Peace Commission left here for Southampton tonight. They will sail tomorrow on the American Line steamer St. Louis.
It is learned that Aguinaldo, the representative of Aguinaldo, the Filipino leader has lodged a strongly worded protest with the commission which thus becomes part of the records.

A POPULAR MISTAKE
Regarding Remedies For Dyspepsia and Indigestion.
The national disease of Americans is indigestion or in its chronic form, dyspepsia, and for the very reason that it is so common many people neglect taking proper treatment for what they consider trifling stomach trouble, when as a matter of fact, indigestion lays the foundation for many incurable diseases. No person with a vigorous, healthy stomach will fall a victim to consumption. Many kidney diseases and heart troubles date their beginning from poor digestion; this, nervous people are really so because their stomachs are out of gear, weary, languid, faded out women owe their condition to imperfect indigestion.
When nearly every person you meet is afflicted with weak digestion it is not surprising that nearly every secret patent medicine on the market claims to be a cure for dyspepsia, as well as a score of other troubles, when in fact, as Dr. Werthler says, there is but one genuine dyspepsia cure which is perfectly safe and reliable, and moreover, this remedy is not a patent medicine, but it is a scientific combination of pure pepsin (from animal matter), vegetable essences, fruit salts and bismuth. It is sold by druggists under name of Stuart's Dyspepsia Tablets. No extravagant claims are made for them, but for indigestion or any stomach trouble, Stuart's Dyspepsia Tablets are far ahead of any remedy yet discovered. They act on the food eaten, so digesting is necessary, simply eat all the wholesome food you want and these tablets will digest it. A cure results, because all the stomach needs is a rest, which Stuart's Dyspepsia Tablets give by doing the work of digestion.
Druggists sell these tablets at 50c. per package. Circulars and pamphlets sent free by addressing F. A. Stuart Co., Marshall, Mich.

ROYAL BAKING POWDER

ROYAL BAKING POWDER CO., NEW YORK.

CREDIT TO ATLANTA.
Fence Jobbie Involved a Big Task. Not Yet Too Big For Georgia Hustlers.
ATLANTA, December 16.—Not perhaps since the visit of President Cleveland to the exposition here, two years ago, has Atlanta devoted herself so exclusively to the entertainment of a distinguished party as to that which accompanied President McKinley.
As is customary on all occasions of great ceremony, Atlanta has been equal to the task, and while the city has been crowded there have been few who have not fully gratified their curiosity to see the President.
Mr. McKinley is popular here and this is not his first experience with Atlanta hospitality. The last occasion of his visit was during the recent exposition, when he and Governor Morton of New York, both then presidential candidates, met at the same banquet board and made speeches on questions of the hour.
It was said at the time that the trip had won many political friends for the President, and that the Georgia delegation to the republican national convention was whipped into line for him by ex-Governor Bullock as a result of the impression then made on many of Georgia's leading political managers.
The cordiality of the reception accorded the President at the jobbies was shown in no mistaken manner, yet General Wheeler shared almost equally in the attention of the crowds that gathered wherever he appeared. General Wheeler caught Atlanta and between him and Iobson the people had ample opportunity to see the two most popular war heroes of this section.
