## ENGLAND'S FRIENDSHIP.

Insurgent Chief Aguilado Felled By Great Britain.

New York, December 19.—A Washington dispatch to the Herald states: Great Britain has given another instance of her friendship for the United States by suppressing a filibustering expedition organized at Hong Kong for Aguilado and his followers.

Consul-General Wildman, the representative of this government at Hong Kong, called information concerning the formation and suppression of the expedition to the State Department several days ago, but the authorities have been keeping it secret. The information was communicated to the President before his departure, and determined the orders which will be given to the battleships Oregon and Iowa, now at Valparaiso, to proceed to Manila, via Callao and Honolulu.

Effort is being made by the authorities to learn the source of the expedition fitted out for Aguilado. The dispatch sent by the consul-general gave no information on this point. In some quarters there is a disposition to believe that Germany is at the bottom of it and is secretly urging the insurgents to resist the United States. It is due to this belief, undoubtedly, that the President proposes to make Rear-Admiral Dewey's command superior to that which the Berlin government has in Asiatic waters. There is nothing of recent occurrence upon which the authorities can base the suspicion they entertain.

It is recalled in naval circles that Spain last winter gave Aguilado a large sum of money to leave the islands and that a Philippine junta was established at Hong Kong. It may be therefore, that the insurgent chief is endeavoring to place himself in a position to resist the United States.

## FREEDMEN'S SAVING BANK.

House Passes a Bill to Distribute Money Among Claimants.

WASHINGTON, Dec. 19.—The House passed today the Lamb bill to permit the Comptroller of the Currency to pay to the Freedmen's Saving Bank \$184,000 barred by act of February 21, 1881. There were paid previous to that date \$1,628,269 out of assets stated at \$1,822,703. This was paid in seven dividends aggregating 62 per cent. of the general indebtedness. The original claimants in North Carolina were distributed as follows: Raleigh, \$579; New Berne, \$376; Wilmington, \$780. The total payments at these points were: Raleigh, \$10,438; New Berne, \$18,478; Wilmington, \$32,149. While there is no way of giving names of claimants to whom money is still due except from the books of the defunct bank, which are not open to inspection, there are believed to be many North Carolina colored men and women or their heirs to whom money is due and who will now receive it. The bill will pass the senate as soon as reached, when the money to pay claimants will become immediately available.

## Canadian Commercial Reciprocity.

WASHINGTON, Dec. 19.—Members of the Anglo-American Commission no longer speak hopefully of success in the negotiation of a treaty that will remove all friction between this country and Canada, and establish commercial reciprocity. On the contrary, they now regard any satisfactory agreement on reciprocity, as impossible, if not actually impossible, and the negotiation of a treaty embracing any points of real importance is very doubtful. The commission has adjourned until January 31st, when a last attempt to agree on something will be made.

A cough is not like a fever. It does not have to run a certain course. Cure it quickly and effectually with One Minute Cure, the best remedy for all ages and for the most severe cases. We recommend it because it's good. F. S. Duffy.

## NO FAITH CURE

### ABOUT STUART'S DYSPESIA TABLETS.

They Cure Stomach Troubles and Indigestion Anyway, Whether You Have Faith in Them or Not.

More faith will not digest your food for you, will not give you an appetite, will not increase your flesh and strengthen your nerves and heart, but Stuart's Dyspepsia Tablets will do these things, because they are composed of the elements of digestion, they contain the juices, acids and peptones necessary to the digestion and assimilation of all wholesome food.

Stuart's Dyspepsia Tablets will digest food if placed in a jar or bottle in water heated to 99 degrees, and they will do it much more effectively when taken into the stomach after meals, whether you have faith that they will or not.

They invigorate the stomach, make pure blood and strong nerves, in the only way that nature can do it, and that is, from plenty of wholesome food well digested. It is not what we eat, but what we digest that does us good.

Stuart's Dyspepsia Tablets are sold by nearly all druggists at 50 cents for full sized package, or by mail from the P. A. Street Co., Toronto, Ont.

## SUFFRAGE PROVISION

### As To Negroes, For Legislative Discussion.

Louisiana Act Meets Favor. Insurance Department. Training Farm For Negroes at Winston. Big Six Must Stay Away.

RALEIGH, December 20.—The Democratic national committee from North Carolina says that it appears that the provisions of the Louisiana act restricting the suffrage of negroes will be particularly discussed by the North Carolina Legislature. Only a few days after the late election it is stated that one of the leading Democrats in the State declared that the Legislature would limit the franchise so far as negroes are concerned, but would not bar any white voter.

The means adopted in Louisiana are simple, since the gist of the whole matter is packed into one section, which provides that no male person who was on January 1, 1867, or at any date prior thereto, entitled to vote and no son or grandson of any such person not less than twenty-one years of age at the adoption of the said constitution shall be denied the right to register and vote by reason of failure to possess the educational and property qualifications prescribed by this constitution. This matter is to be the question of questions before the Legislature.

It is pretty well understood that the Legislature will create the department of insurance, with a commissioner at its head, taking this business out of the hands of the Secretary of State. There are, perhaps, twenty aspirants for the position.

Concord's sewerage system is completed. Work began today on one for Salisbury.

Mrs. Zobeide Watkins, who is alleged to have been 106 years of age, was buried to death in Johnston. It is claimed that her age can be positively proved.

Julian S. Carr, the Durham philanthropist, gives \$500 for a Christmas dinner for the First North Carolina Regiment, the first to enter Havana.

The plan to have a memorial farm at the Winston Normal School for the training of negroes is meeting with much encouragement. It is warmly indorsed by President McKinley, General Miles, Lee and Wheeler, Bishop Potter, ex-President Cleveland, Governor Roosevelt, Capt. Hobley D. Evans and Captain Sigbee. This is the farm established in memory of Lieut. W. E. Shipp who was killed at San Juan, near Santiago.

F. W. Foster, one of the "Big Six" at Wilmington, who was subpoenaed to appear here as a witness before the federal grand jury, was not able to give any evidence which would aid the government, so Solicitor Bernard did not send him before that jury. Foster does not now appear to be objectionable to the people there. But the people of Wilmington give formal notice that the men who were driven out of that place November 10 and a day or so later will return at their peril. They were solemnly warned yesterday that the prohibition against their return is permanent. This includes Mayor Wright, R. H. Bunting, Nelson (who was chief of police), G. Z. French and others who stirred up the negroes.

Many a household is saddened by death because of the failure to keep on hand a safe and absolute certain cure for cold such as One Minute Cough Cure. See that your little ones are protected against emergency. F. S. Duffy.

## RESIGNATION OF MR. BLISS.

Secretary Of The Interior May Retire From Cabinet By January 1.

WASHINGTON, Dec. 19.—Secretary Bliss, who went over to New York the day before the President started for the South, returned to Washington this afternoon. Although he complained of being in poor health, Mr. Bliss looks remarkably well. He still avoids saying anything on the subject of his rumored resignation. Notwithstanding this, the impression continues strong that he will retire from the cabinet before a great while, perhaps by January 1.

It seems to be thought that should Mr. Bliss go out a Southern man will succeed him. The three contiguous States of New York, New Jersey and Pennsylvania are now represented in the cabinet but no Southern man sits at the President's official table. As heretofore stated, Mr. R. C. Kerens, of Missouri, is prominently mentioned in this connection. Another name brought forward is that of Mr. H. Clay Evans, of Tennessee, now commissioner of pensions. There are others.

## CINCINNATI FLOATED.

Efforts Prove Unsuccessful To Hunt The Cruiser Of A Shoal In Santiago Harbor.

SANTIAGO DE CUBA, December 19.—The cruiser Cincinnati, which went ashore Saturday near Dos Compañias, was hauled off at one o'clock today by the Southern. This attempt was a last effort before removing the guns of the Cincinnati. The cruiser sails tomorrow for the United States. Divers examined her hull and found no damage. Improper marking of the chart of the harbor caused the accident. Her machinery is uninjured.
