THE WORLD'S TRADE.

America's Strides in Finance and Commerce Open European To Wander.

LONDON, Dec. 25.—The foremost topic compelling attention in Europe is general and Great Britain in particular, overshadowing the trends of domestic politics, is the remarkable aggressive commercial prosperity which the United States is manifesting.

Hardly a newspaper reviewer or a public speaker during the last month has failed to notice with what giant strides America is coming into the first place in the alignment of the powers. It is certainly the chief subject of conversation on Lombard street and on the continental bourses.

The manager of one of the greatest London banks recently drew an American business man into his private office and said in an awe-stricken tone:

"This is the first time in the history of finance that New York has been in a position to dictate money rates to London, Berlin and Paris."

The bank manager added that London's purchases of American securities were a featherless weight compared with the balance of trade in New York's favor.

Mr. James Bryce, in a speech before the Leicester Chamber of Commerce, sounded a warning to British manufacturers. He emphasized the fact that the exports of the United States and Germany had increased \$170,000,000 and \$105,000,000 respectively between 1891 and 1897, while Great Britain's decreased \$75,000,000. Mr. Bryce said that the business of the United States was developing along many important lines, which Great Britain should have held against all competitors. He saw no possibility of opening new markets for Great Britain, except in China.

PARTISAN LINE DRAWN.

On Legislation on Reorganization of Regular Army.

WASHINGTON, Dec. 25.—It is apparent that party lines are to be drawn in Congress on the bill for increasing and reorganization of the regular army.

There are two bills, and two reports from the House Military Committee. The majority, or Republican bill provides for an increase in the regular army to something like 100,000 men, while the minority, or Democratic bill, reduces the regular army, which was increased by the last Congress to 92,000 men, to 80,000 and provides for the enlistment of 50,000 volunteers, for two years, to assist in garrisoning the islands which came into our possession, as a result of the war.

It is contended by the minority that in two years, to necessarily exist for maintaining an army of more than 80,000.

Reciprocity in Argentine.

BRENOA AYRES, Dec. 25.—The Senate sanctioned a customs law, adding to the present regulations one providing that "the government is authorized to accord a reduction of the tariff not to exceed 50 per cent. in favor of a country which may accord an equivalent reduction on the products of Argentina." This action is especially designated to re-establish the recent reciprocity treaty with the United States.

SENSATIONAL MURDER.

Murderer Tries to Escape But Is Caught.

Judge Simonton in Sanitarium. Speculations Regarding Sale of C. F. & Y. V. E. E. Tobacco Production, Small-pox in Wilmington.

RALPH, N. C., December 25.—A murder, with extremely sensational features, was committed in the suburbs of Raleigh Friday night, but was not discovered until a late hour Saturday. Alexander Allen, colored, aged forty five years, informed his neighbors that his wife had died of a congestive chill. Those who prepared the body for burial were astonished to see blood running from the ears and nose. Upon further examination, it was developed that Allen had murdered his wife by hanging her, and had then placed the body in bed. The coroner and two deputy sheriffs went to the scene. As they came up Allen ran. A deputy shot him, the bullet passing through the fleshy part of the thigh. Despite the wound Allen continued his flight, but the coroner took off his coat and ran him down, and then with a pocket knife cut out the bullet. Allen is in jail.

Judge Parnell is informed that Judge Simonton is in a sanitarium in Philadelphia.

As to the sale of the Cape Fear and Yadkin Valley Railway, there is yet no definite information. Railway people here are groping in the dark. They do not know whether the New York committee or the Baltimore committee will succeed in securing the road. Judge Parnell has signed a decree requiring Eugene S. Martin of Wilmington, special master of the Cape Fear and Yadkin Valley Railway, to take proof of debts by February 10. He further orders all claims to be filed by that date, when the special master is to file his report.

Reports received here show that North Carolina's production of smoking tobacco is over fifteen million pounds this year.

A case of small pox was found in Wilmington Saturday. The discovery, which was as accidental as fortunate, was made by Dr. C. F. Wertheimer, of the Marine Hospital. William Barnett, a colored carpenter, was sent to work at the hospital. Dr. Wertheimer found he had small pox. He has been isolated and his home thoroughly fumigated and put under quarantine.

Carlos Not to Abdicate.

LONDON, Dec. 25.—The Venice correspondent of the Times says: "Don Carlos, who is in perfect health, desires me to deny absolutely the report that he contemplates abdicating. On the contrary, he says he is more resolved than ever to fulfill his role to the end. He authorizes me to assert that he has asked no audience of the Pope and has requested nothing else of his Holiness."

ROME, Dec. 25.—The Agenzia Italiana states that a German syndicate has promised Don Carlos a loan of \$6,000,000 in three installments—first when he has 10,000 men under arms, the second when he has captured Bilbao, capital of the Province of Biscaya, and the third two months after operations are begun.

MADRID, Dec. 25.—El Liberal publishes an interview with General Weyler, in the course of which he is represented as insisting upon the necessity for a strong government. Such a government could not, he said, be drawn from a party led by Senor Silveira. General Weyler hinted that the country would run great risks unless power were placed in the hands of a Sagasta-Weyler coalition government.

NO TROUBLE PROBABLE.

Deputy Admiral Sampson About the American Troops in Cuba.

WASHINGTON, December 25.—Admiral Sampson, who has just returned from a prolonged stay in Havana, where he was one of the Military Commission charged with arranging for the Spanish evacuation, says our troops will have no trouble in governing Cuba, because the fewest element on the island, has a wholesome fear of the United States uniform.

The Admiral also says that the Cubans are in no condition to conduct an independent government, and that the best men in business circles hope it can be arranged in some way for Cuba to be annexed to the United States, although they recognize that the pledges of President McKinley and of Congress make annexation impossible at this time. It is this sort of reports from trustworthy sources that make it so difficult for the authorities to make even a rough guess as to how long we shall have to keep Cuba under military rule. Some men predict that when the Cuban troops are disbanded that more than half of those who are not provided for in some way, will take to brigandage for a living, and that will, of course, make trouble for our troops over there.

Augusta Mills Shut Down.

AUGUSTA, Ga., Dec. 25.—The Augusta and Enterprise cotton factories of this city closed down indefinitely yesterday afternoon, adding about 3,000 more to the unemployed of the city.

Five weeks ago the Southern Manufacturers' Association reduced the wages of the mill operatives. Those of the King and Sibley mills, in this city, refused to accept the cut. The employees of the Augusta and Enterprise returned to work at the reduced scale. Because of an agreement entered into by the manufacturers the Augusta and Enterprise closed down in order to force the striking operatives in the other mills to return to work.

About 6,000 persons in and around this city are out of employment because of the shutting down of the mills.

In the silent gloom of a darkened room sit a youth with a maiden fair, His quivering lips and tearful eyes Spoke of sorrow, trouble and care. In your grief too deep for me to share? Speak the maid with a tender note. O yes, cried the youth in wild despair, My collar is cutting my throat. In that all sad she with a smile serene, Then your troubles will soon withdraw. Beifeld Coats.

When this store offers a line of high grade garments, Beifeld Coats, this season's work, at about 50c on the dollar; the matter is at least worth investigating.

These fashionable garments are in tans, blues and blacks, with a fair range of sizes.

They came to us in such a way that that we are selling them at about half their value and still have a small margin of profit.

The loss, we presume, must be on the maker, its not our loss.
