THE FIRST DAY.

Legislature Goes Into Working Order. Special Increase of the Session. Special to Journal. RALEIGH, N. C., January 4.—In the Legislature all the officers and clerks were elected according to caucus nominations.

Judge H. G. Connor was nominated in the House by Locke Craig, seconded by Lee S. Overman. Great applause greeted Connor's taking the oath of office.

In the Senate the Fusionists made no nominations. On motion of Senator Brown, the rules of the legislature of 1895 were adopted.

Senator Glenn introduced a resolution reducing the salaries of all employees to four dollars per day, which under the suspension of rules was unanimously adopted.

Paul Perry, of Columbus, Ga., suffered agony for thirty years, and then cured his Piles by using De Witt's Witch Hazel Salve. It heals injuries and skin diseases like magic. F. S. Duffy.

McKINLEY'S PURPOSE. Not to Unduly Crowd the Insurgents and Avoid Outlets. WASHINGTON, January 3.—General Otis, commanding at Manila, has cabled the War Department that in his opinion General Miller has the situation well in hand at Iloilo, and fully understands the purpose of the President not to crowd the insurgents unduly.

It is highly desirable that a hostile collision between the American forces and the insurgents be avoided at all hazards, at least pending the ratification of the peace treaty. As General Miller understands this purpose on the part of the President, he will be guided by it, and may be relied upon to resort to force only under compulsion.

Officials here are now fully satisfied that the troubles at Iloilo may be traced directly back to General Rios, who was the senior Spanish army officer in the Philippine group, and directly in command of the Visayas group, including the principal island of Panay and the city and garrison of Iloilo.

General Otis' reports show that though besieged with eight hundred soldiers in Iloilo by a superior force, the position of the Spaniards was thoroughly tenable. They had repulsed every attack of the insurgents and had inflicted great loss upon the latter. There was no reason why they should not have held out indefinitely. This was particularly the case in view of the knowledge on the part of the Spaniards that by the terms of the treaty the United States had undertaken to carry them back to Spain, involving, of course, their release from the siege at the earliest practicable moment.

It is significant that Rios delayed the evacuation of Iloilo until he became informed that the Americans were coming, and there is curiosity here to learn how that important information reached Iloilo in advance of the movements of the American transports. Undoubtedly it was conveyed by a vessel, and there may be a question raised as to the legitimacy of transmitting news of American intentions in advance in this fashion.

These are dangerous times for the health. Croup, colds and throat troubles lead rapidly to Consumption. A bottle of One Minute Cough Cure used at the right time will preserve life, health and a large amount of money. Pleasant to take; children like it. F. S. Duffy.

ASSEMBLY OFFICERS

Five Representatives Appointed to the Places.

Work of Session Being Decided Upon. Confederate Bazaar. Referee in Bankruptcy For Fourth District. News Items.

JOURNAL BUREAU. RALEIGH, N. C., January 4. It was 1:30 this morning before the Senate and House Democratic caucuses adjourned. The large number of candidates made the selection for the offices and clerkships a slow process, more than one ballot being required in many cases.

The chief interest centered in the election of Speaker of the House which resulted in the choice of Judge H. G. Connor of Wilson. The contest for Speaker was an entirely friendly one. Mr. Connor has served one term in the State Senate and two terms as Judge of the Superior Court. His honorable action in refusing to allow his name to be put on the fusion ticket while on the Democratic ticket will be recalled. Walter Clark took the place refused by Judge Connor. He is much liked and has a kindly and interesting face and white hair.

The following were the principal officers elected in the Senate: Chief Clerk of the House, Brevard Nixon, of Mecklenburg. Door-keeper of the House, Stallman of Macon. Principal Clerk of the Senate, C. C. Daniels of Wilson. Engrossing Clerk of Senate, F. A. Clinton of Catawba. Reading Clerk of Senate, Walter Murphy of Rowan. Sergeant-at-Arms of Senate, J. B. Smith of Cumberland. First Assistants to the Principal Clerk, A. J. Maxwell of Columbus. First Assistant to Engrossing Clerk, H. L. Godwin of Harnett. The Senate also endorsed Mr. E. B. Norvell of Cherokee, for Enrolling Clerk. A. E. Stevens and Mrs. Margaret Busbee Shipp were elected assistants to Enrolling Clerk.

In the House Brevard Nixon of Mecklenburg was elected Chief Clerk and W. H. Stapcup of Macon, Door keeper. Great interest was shown in the election of door-keeper, no less than twelve candidates being put in nomination and the nominating speeches were models of wit and forbearance.

The gathering of the members in the Senate Chamber and the House demonstrates what has been claimed of the newly elected body, that it is the finest Legislature that has met in many years. Quiet, orderly, and extremely business like, they make a fine appearance.

The opening of the Legislature was at 12 o'clock today. As usual there was a large attendance. Many ladies were in the galleries. The desk used by Governor Vance will not be sold as it was stated, but instead will be given to the State Museum.

There will be held here beginning January 24th to continue until the 29th a big Confederate Bazaar under the direction of the Daughters of the Confederacy and the Ladies Memorial Association. The ladies are all anxious to make it a success for they desire to put the Soldiers Home in a good condition.

Mrs. Margaret Busbee Shipp, widow of Lt. Shipp who was killed in the battle of Santiago was one of the appointees to a Legislative clerkship last night. Judge Purnell appoints Samuel H. McRae of Fayetteville temporary referee in bankruptcy for the 4th bankruptcy district. This embraces Wilmington and Fayetteville.

AGAIN SILVER ISSUE.

No Says Chairman Jones Will be Democratic War Cry. CHICAGO, Ill., Jan. 3.—William Jennings Bryan, it is said, will have his own way and in a short time will sound the keynote of the national democratic campaign of 1898, which will be silver at the ratio of 16 to 1.

The fight against trusts and monopolies and opposition to imperialism, colonization and expansion will be issued, a subsidiary to that of silver. Silver democrats, silver republicans and populists are to join together in the contest and, as in 1895, Mr. Bryan will be the leader.

PAST MAIL TRAINS.

Record Breaking Trip Made Between Chicago and Omaha Over Two Rail Roads. OMAHA, Neb., January 3.—The new fast mail trains on the Burlington and Northwestern Roads finished their phenomenal runs from Chicago without special incident today. The Northwestern arrived seventeen minutes ahead of schedule time.

In addition to the sustained speed of these two trains being remarkable, over fifty miles an hour for the distance, there were some still more remarkable bursts of speed during the trip. Several times a mile was covered in 57 seconds. The actual time from the start at Chicago to arrive at the local depot was as follows: Northwestern, 495 miles, with 18 stops, 9 hours and 58 minutes; Burlington, 505 miles, with 13 stops, 10 hours and 7 minutes.

A fast run was made by the eastbound train on the Burlington, which left here last night one hour late, arrived in Chicago on time, and the schedule time is thirty minutes faster than the west-bound train, which, it is said, is the best record for any train between the two points.

Beifeld Coats. THOSE Beifeld Coats.

When this store offers a line of high grade garments, Beifeld Coats, this season's work, at about 50c on the dollar; the matter is at least worth investigating.

These fashionable garments are in tans, blues and blacks, with a fair range of sizes. They came to us in such a way that that we are selling them at about half their value and still have a small margin of profit.

The loss, we presume, must be on the maker, it's not our loss.
