DOWN TO BUSINESS

Legislature Quickly Settles Down to Work. Important Bills Introduced. Governor's Message Taken. Special to Journal.

RALEIGH, January 5.—The rule has been established for the Senate to meet each day at 10 o'clock, and the House at 11 o'clock.

The following important bills were introduced in the House, today:

To amend Section 2, Article 2, of the Constitution, so that the property and poll taxes of the white race shall apply to the white schools, and the property and poll taxes of the negro race shall apply to negro schools. Same to be voted upon by three fifths vote of each house and then submitted to the people's vote.

L. S. Overman of Rowan, introduced a bill for separate accommodations in trains for the two races. (The Jim Crow Car.)

Geo. Houston of New Hanover, introduced a bill to amend the charter of the city of Wilmington, repealing all of the fusion acts governing the charter of that city.

In the Senate a bill to amend the charter of Elizabeth City.

R. L. Smith of Stanly, was elected President pro tem of the Senate.

A bill was introduced to appoint a joint committee who should investigate all of the laws passed by the last two Legislatures.

Governor Russell's Message was read. It contained no special features. It reviewed the departments, the schools, the public funds. Regretted that the penitentiary lease had not been made.

The reading of the message was listened to with interest, and aimed attention of all.

The Committee decided to seat J. E. W. Sugg, of Greene, whose seat was contested.

No decision was reached in the contest of George Dees, of Pamlico. A. E. S.

Paul Perry, of Columbus, Ga., suffered agony for thirty days, and then cured his Piles by using De Witt's Witch Hazel Salve. It heals injuries and skin diseases like magic. F. S. Duffy.

IN FULL SWING.

Legislature Sets Promptly To Introducing Bills.

Resolutions For Investigation of State Departments. Sale of Seaboard. Railroad Wreck. Negro Guards Discharged. Russell's Braves.

JOURNAL HERALD. Raleigh, N. C., January 5.

The Legislature was in full swing today, although not meeting until noon. The Governor's message was first disposed of. It was not a long document but was of some interest on account of being from a Republican Governor to a Democratic Legislature.

Last night a joint caucus of the Democratic members of the Senate and House was held. Matters of economy and the investigation of departments were discussed. It was decided to have one Enrolling Clerk for both branches and E. B. Norvell of Cherokee was elected to the office.

The resolution for investigation of the departments was introduced in the caucus by F. D. Winston of Bertie, but a substitute by D. H. McLean of Harnett, was adopted as follows:

"Whereas it has been charged by the press of the State and not authoritatively denied that various sums of money have been paid out of the State Treasury as loans or advancements to some of the public institutions of the State without authority of law and that gross irregularities in not transactions of a graver type prevail in other branches of the public service; and whereas the truth of these matters should be ascertained, to the end that proper remedy be applied thereto whereby the interests of the people shall be jealously guarded.

It is therefore the sense of this caucus that a thorough investigation be entered upon by the General Assembly of all the departments of the State, and that legislation to that end should be enacted at once if necessary."

It was also stated that the party did not consider itself under obligations to concur in any of Russell's appointments, and this met with marked favor by many.

The House in caucus decided to follow the example of the Senate and voted to reduce all salaries of employees 20 per cent.

The resolution in the Senate for a joint committee to investigate the conduct of officials and the various departments is expected to set the ball rolling and to disclose the condition of public affairs after their administration by factionists.

The committee will be one of the most important to be named and will be made up of the ablest members.

The resolution introduced by F. D. Winston of Bertie on the public printing was as follows:

Resolved, By the House of Representatives, the Senate concurring, that a joint committee of three on part of the House and two on the part of the Senate, be appointed with power to contract with some one who is prepared to do the State printing and binding at a price not exceeding that paid under Chap. 59 of the Code for the years 1893 and 1894, until the same can be regulated by law.

Be it further resolved, that none of the printing or binding shall be done outside of this State.

The General Assembly of North Carolina do enact:

Sec. 1. That Chapter 464 of the Public Laws of 1897, be and the same is hereby repealed.

Sec. 2. That all laws and clauses of laws in conflict with this act are hereby repealed.

Sec. 3. This act shall be in force and effect from and after its passage.

The capital is lively at all hours, the Senators and Representatives using their desks and the caucusing which has been nearly continuous keeping crowds in attendance. The order and decorum observed is quite marked.

The proposed sale of the Seaboard Air Line R. R. is being very much discussed here. Of course it is of much interest as the road has put Raleigh on a through line from east to west.

The revenue collections at the Raleigh office during December amounted to \$210,893.29; for November \$198,939.61. December gained nearly \$12,000.

There was a freight wreck on the Southern Railroad about 15 miles north of here yesterday. About 12 cars were derailed, which blocked the track for several hours, thus delaying passenger trains.

Capt. Tillery, State Superintendent has discharged 27 negro guards on the State farms.

The orders for fertilizer tags are rapidly coming into the Agricultural Department. The inspectors were sent out yesterday and they will rapidly send in samples to the Department.

Judge George V. Strong, has been appointed stenographer at the penitentiary. In spite of the talk that the Third North Carolina Regiment, colored, is to be mustered out, Governor Russell today issues three commissions in that Regiment.

Mr. B. A. Capehart, a wealthy resident of this city, while hunting yesterday, had a stroke of paralysis. He was brought home and is still unconscious and his condition is critical.

The health of the old veterans at the Home is better this winter than usual. The Legislature will likely increase the appropriation for the Home, and will be strongly urged to do this by committees of Veterans Association and the Ladies Memorial Association, as well as the "Daughters of the Confederacy."

Both your health and purse may be benefited by having your prescriptions filled at Bradham's Pharmacy. Every one you send will be treated right and you will get what is asked for, not "something just as good."

HOTBED OF DISCONTENT.

Gov. Brooks' Order Did It. A Spark. It is Said, Would Start a Blaze That Would Fire the Province Into Insurrection.

SANTIAGO DE CUBA, January 4.—Meetings were held at all the political clubs last night in opposition to the centralization of Cuban customs money at Havana.

The last 48 hours have completely altered the situation here. The province had previously settled down and was contented with the order of things prevailing and recognizing the benefits conferred. Now there is a complete change, and it is no exaggeration to state that a spark would set up a blaze which would fire the province into insurrection.

It is generally admitted that if one thousand men were suddenly discharged from the public works such action would probably cause a revolt which it would be hard to quell.

General Brooks, military Governor of Cuba, is apparently ignoring General Leonard Wood, in command here, and is calling direct to Wood's subordinates. He has ordered the acting collector of customs to put no money in bank, has ordered the postoffice authorities to close several minor offices, including Songo and Bayamo, practically shutting off the mail of the regiments there.

Dr. Castillo will accompany General Wood to Washington, representing British interests in Santiago, to lay the situation before the President.

G. H. Waters & Son,

the reports from Santiago that the whole province has been inflamed by the recent order of the War Department concentrating customs money in Havana, thus threatening to throw thousands of Cubans out of employment, it is stated here that the customs from all the ports in the island are to be used for the betterment of the condition of Cubans not only in Havana and Santiago, but elsewhere. Expenditures will be divided as equitably as possible so as to relieve distress and to make this relief correspond as nearly as possible to the emergency. It would be just as equitable, it is argued, for the port of New York to retain all the customs funds collected there for expenditure on the Island of Manhattan as it would be for Havana, Santiago or any other city in Cuba to "gobble" all the customs receipts for local expenditures.

Quarter-Mile of Prescriptions!

Paste together the prescriptions we have filled during the past 12 months, and they will form a continuous strip about four inches wide and quarter of a mile long. Imagine such a strip closely filled with writing, probably 10,000 items and you will get some idea of the time and care we have expended in this department. Not an error has been made, not a drug used that was not absolutely fresh and reliable. The increase in the number of prescriptions filled, over the previous year was more than 47 per cent.

During the coming year we expect to give the same care and attention to our prescription department as we have in the past.

Send us your prescriptions and you may rest assured they will be filled carefully and promptly.
