

SYRUP OF FIGS
NEVER IMITATED QUALITY

THE EXCELLENCE OF SYRUP OF FIGS
is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the California Fig Syrup Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the California Fig Syrup Co. only, a knowledge of that fact will avoid one in avoiding the worthless imitations manufactured by other parties. The high standing of the California Fig Syrup Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

The Egg Industry.
That welcome addition to nearly every meal, the egg, is a most important article of commerce, and as a local industry it has been quite a promising one with J. H. Parker, Jr., the enterprising Broad street merchant.
In addition to his fine grocery business he does an egg shipping business to Northern markets, and during the past week shipped from here over one thousand and seven eggs.

Minstrels Next Wednesday.
Fields and Hanson's Minstrels gave a performance at Greensboro, N. C. on the 17th inst. and of it the Greensboro Record says:
"Minstrels are like circus—a great deal of sameness in all of them, but the performance given by Fields & Hanson's crowd last night at the Academy of Music was as neat, clean and interesting as is generally seen.
The band and orchestra is fine, the latter especially, for there is less fuss and noise, and more music. In their voices, the effort to hide defects in their work by loud playing is absent. If a man can't sing the audience catches on at once. The quartets were fine, the dancing excellent and the entire programme was a good one."

Daughters of the Confederacy.
The first annual meeting of the New Bern Chapter of the Daughters of the Confederacy was held at the residence of Miss Mary Oliver, Jan 19th 1899. Due to the absence of our President, Mrs. John Hughes, the Vice President Miss Oliver called the meeting to order.

A Beautiful Wedding.
At Beaufort in St. Paul's Episcopal church, last Thursday evening 8:30 p. m., Mr. H. L. Potter—led to the hymenal altar Miss Etta Davis, the beautiful and accomplished daughter of Mr. and Mrs. Jas. C. Davis.
Miss Fannie Davis, a cousin of the bride, played the wedding march.
Mr. Will Potter, brother of the groom, acted as best man and Miss Gertrude Davis, sister of the bride, was maid of honor.
The church was handsomely and artistically decorated and precisely on time the ushers, Messrs John Arrington and Will Pierce marched up to the altar on one side, and Willie Kus of New Bern and Ike Ramsey marched up the other, following them came the bride on the arm of her father, where they were met by the groom and his best man from the vestry.
The Rev. T. M. N. George of New Bern, in a beautiful and impressive service made them man and wife, after which the entire bridal party with a few of their friends repaired to the home of the bride's parents where all enjoyed a bountiful reception.
The presents were numerous and beautiful. Among those present at the reception were: Mr. and Mrs. P. V. Day, Rev. Mr. Tuttle, Miss Sarah Davis, of Beaufort; Mr. Jno. E. Rhodes, Richmond, Va.; Mr. Mallard, Wilmington, N. C.; G. N. Kanett and John Davis, New Bern, G.

BRICE'S CREEK BRIDGE
A magnificent structure was put in place on Brice's Creek, near the town of Beaufort, on the 15th inst. The bridge, which is 100 feet long, is built of iron and is the best of its kind in the South. It is built on a foundation of concrete and is supported by four piers. The bridge is built on a foundation of concrete and is supported by four piers. REPAIRS TO THE BRIDGE
The bridge is higher than the ordinary creek bridge. It has a "draw," or rather "lift," to permit the passage of boats. This "lift" is in two sections, and to open the bridge for boats, the bridge is raised by means of a screw mechanism. The bridge is built on a foundation of concrete and is supported by four piers. IN OLDEN TIMES
People overlooked the importance of permanently beneficial effects and were satisfied with transient action; but now that it is generally known that Syrup of Figs will permanently overcome habitual constipation, well-informed people will not buy other laxatives, which act for a time, but finally injure the system. Buy the genuine, made by the California Fig Syrup Co.

There are people who walk a square— by other fountains too—to get a glass of our good soda water, simply because they say we make the best to be had. Our drug department can be judged by quality of soda water and vice versa. Every prescription put up in our store, helps the sick and pleases the doctor, prescription filling is our specialty.
