**ONLY A FORMALITY**

The Naming Board Internal Improvements.

The Wilson Cases. Bill to Prohibit Free Lunches. Hard Fight on Jim Crow Bill. Cannot Believe New Bern's Spring Weather.

**JOURNAL BUREAU,**  
Raleigh, N. C., February 16.

The election of the Board of Internal Improvements, which will elect the Directors of the Atlantic and North Carolina Railroad, was only a formality yesterday, as the men already selected from the nine congressional districts were duly elected. However, it was a good deal of work to carry out the formality. The two Houses met in joint session at one o'clock and each member voted by calling out the names of the nine candidates. This required an hour, the Senate casting 27 votes and the House 106 votes for the following and in this order: "Lamb, Gralager, Adams, Jones, Parks, Caldwell, Boyden, Manly, Lee." The opposition, so-called, had some candidates, but fusionists don't count this session.

As soon as this matter was disposed of the Wilson committee presented its report through chairman Osborne. It was a pretty long type written document and reviewed the case pretty completely. The chief points in the report were as follows:

"The committee finds that the giving of mortgages to Col. Andrews by Maj. Wilson is not such as to make a disqualification, as Col. Andrews is simply protected by the mortgage and by collateral, and that it is not in violation of the railway commission act, and is not of a character to put Maj. Wilson in Col. Andrews' power in any way.

"As to the Round Knob hotel, the mere owning of it by Maj. Wilson is not of a character to violate the commission act. Letters written in 1886 showed that he declined to enter into an arrangement to make the hotel an eating house, and he did not use influence to have the hotel opened as an eating house. He sold all his interest in the hotel to R. W. Brown to whom it was mortgaged for its full value. The committee finds that Maj. Wilson's family did not ride on free passes; that he used passes to save the State expense, and did not therefore take the allowance for railway travel.

It is further found that he had no express or telegraph franks, that charge likewise falling through entirely. It was also found that he was blameless as to asking special rate on mixed freight for Otto Wilson from Raleigh to Round Knob, other such rates having been granted, and acquits the Wilsons of any improper intent. The committee thus finding in favor of Maj. Wilson recommends that by vote he be reinstated and his past salary be paid.

As to Otto Wilson the report was

**PECULIAR POISONS.**

**GENERATED IN THE HUMAN BODY.**

The Result of Imperfect Digestion of Food.

Every living thing, plant or animal, contains within itself the germs of certain decay and death.

In the human body these germs of death (called by scientists Putrefactions) are usually the result of imperfect digestion of food; the result of indigestion or dyspepsia.

The stomach, from abuse, weakens, does not promptly and thoroughly digest the food. The result is a heavy, sodden mass which ferments (the first process of decay) poisoning the blood, making it thin, weak and lacking in red corpuscles; poisoning the brain causing headaches, pain in the eyes.

Bad digestion weakens the heart, causing palpitation and bringing on disease of this very important organ.

Poor digestion poisons the kidneys, causing bright's disease and diabetes.

And this is so because every organ, every nerve depends upon the stomach alone for nourishment and renewal, and weak digestion shows itself not only in loss of appetite and flesh, but in weak nerves and muddy complexion.

The great English scientist, Huxley, said the best start in life is a sound stomach. Weak stomachs fail to digest food properly, because they lack the proper quantity of digestive acids (lactic and hydrochloric) and peptogenic products, the most sensible remedy in all cases of indigestion, is to take after each meal one or two of Stuart's Dyspepsia Tablets, because they supply in a pleasant, harmless form all the elements that weak stomachs lack.

The regular use of Stuart's Dyspepsia Tablets will cure any form of stomach trouble except cancer of the stomach.

They increase flesh, insure pure blood, strong nerves, bright eye and clear complexion, because all these result only from wholesome food well digested.

Nearly all druggists sell Stuart's Dyspepsia Tablets at 50 cents full sized packages or by enclosing price to Stuart Co., Marshall, Mich., but ask your druggist first. A little book on stomach disease mailed free. Address Stuart Co., Marshall, Mich.

Coughing injures and inflames sore lungs. One Minute Cough Cure loosens the cold, always coughing and heals quickly. The best cough cure for children. F. S. Duffy.

The item telegraphed from New Bern describing the beautiful spring weather snow disappearing and the "Fair booming" went the rounds of the legislature yesterday. It added very much to the gaiety of the session: Enquires as to whether the strawberries were ripening every body knows the New Bern Fair will be all right, but with snow piled eight feet high in Raleigh, it is rubbing it in. That item will read all right about next Sunday.

During the blockade here, when wood became scarce for the poor, the railroads sent out special engines and cars and hauled wood free. The Board brought in 80 cords from a distance of eight miles, and the Southern did equally as well.

It was like a voice from the tombs when our old friend the Scotland county bill was heard before the Senate committee yesterday afternoon. It occupied several hours but the committee voted 7 to 1 in favor. The fight in the House on this bill was a long one, but the Senate will adopt the report of its committee promptly, in all probability.

Capl Day seems to be playing foxy too, at least he made a grand stand statement that he would sign a blank paper on penitentiary matters to be filled in at the pleasure of the committee. An agreement was drawn up yesterday, but no tips. Day appeared to sign it, he fought shy of the whole deal and at

**TO TAX GROSS EARNINGS**

Mr. Railroads. Dispensary Bill for Charlotte. Senate Debates Scotland County Bill.

Special to Journal.

RALEIGH, Feb. 16.—The Finance Committee decided tonight to impose a graduated tax upon the gross earnings of the railroads in this State, beginning with one eighth of one per cent on railroads earning one thousand dollars per mile, and increasing one eighth of one per cent on each five hundred dollars of the gross earnings.

There was a big fight before the Committee on the Dispensary bill for Charlotte.

Judge Norwood's resignation did not come and the Senate postponed action for another day.

The Insurance bill was changed and made a special order of business for Saturday.

The Constitutional amendment was also made a special order of business, in the House, tomorrow.

The Senate spent two hours debating on the Scotland County bill, which passed its second reading.

**THE GRIP (CURTAIN DOWN CURS).**

Laxative Bromo Quinine Tablets removes the cause that produces LaGrippe. The genuine has L. B. Q. on each Tablet. 25c.

**North Carolina Pine Association.**

NOVEMBER, February 16.—Mr. Russell, the secretary of the North Carolina Pine Association, says that the organization will hold its next meeting on the 23rd instant, at the Monticello Hotel. He said nothing but routine business will be transacted. There are about 25 or 30 firms connected with this organization which is composed of the leading mill owners of this section.

This association is in no wise a trust, and while they could agree among themselves to put up prices and regulate the output, their action would only affect the operations of their members who are not sufficiently strong to control the business of the entire country.

To their credit, however, he said that the members do not favor trusts, and in the matter of fixing rates, have been actuated by business reasons for the best interest of the trade and community.

La Grippe is again epidemic. Every precaution should be taken to avoid it. Its specific cure is One Minute Cough Cure. A. J. Sheppard, Publisher Agricultural Journal and Advertiser, Eldon, Mo., says: "No one will be disappointed in using One Minute Cough Cure for La Grippe." Pleasant to take, quick to act. F. S. Duffy.
