WILL CAMP AGAIN.

ARMED FORCE OF STATE GUARD IN THE FOREGROUND. DIRECTOR OF STATE GUARD RECALLED TO DUTY.

RALPH, March 20--The Governor today issued commissions as directors of the Eastern Hospital at Goldsboro, to Dr. B. H. Porter, of Rocky Point; Dr. D. W. Bullock, of Wilmington; Dr. J. K. E. Grimsley, for a term of six years from March 1897; Dr. Albert Anderson, of Wilson; Dr. S. L. Wooten of LaGrange and W. F. Houston, of New Bern, for a term of six years, beginning March, 1899. H. C. Tyson, of Carthage, was commissioned a trustee for the colored Agricultural and Mechanical College at Greensboro for a term of six years, beginning March, 1899.

The Auditor has given a warrant of \$3,000 to F. H. Lybrook, the paymaster general of the State Guard, as part payment of the appropriation of \$18,000 given to the State Guard by the Legislature. It is now practically decided that there will be an encampment of State troops this summer. The annual encampment was stopped by the General Assembly of 1895, which reduced the appropriation to \$6,000, but the new bill, in addition to increasing the appropriation, especially says that the Guard may be ordered out once a year and have an encampment, provided that such encampment does not occupy a longer time than ten days.

The case of the State's prison, etc., vs W. H. Day, was heard by the Supreme Court Saturday. The State's prison attorneys are Charles Busbee and H. O. Burton, while Day is represented by Judge McInnis, Judge Hul, of Halifax county, and Cameron Melles. The substance of the arguments on both sides has been published. The decision of the court will not be made until next week.

TO CURE A COUGH IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c. The genuine has L. J. P. Q. on each tablet.

Trinity Notes.

The new Trinity College gymnasium was formally opened Thursday evening. Opening exercises were held in the college chapel. Dr. Kilgo presided, and he announced that the building was to be christened the "Angier Gymnasium" in honor of Angier B. Duke, the young son of Mr. B. N. Duke, who generously donated the gymnasium and its equipment. Dr. W. I. Cranford introduced the speaker of the evening, Mr. Albert Whitehouse, the newly elected Director. Mr. Whitehouse spoke on physical culture, and proved himself an interesting and pleasing speaker. At the conclusion of his address the audience was conducted to the gymnasium, where Mr. Whitehouse explained the use of the apparatus. There was a very large crowd present, many being unable to secure seats in the chapel. All were very highly pleased with the new building in all its appointments.

The Board of Directors of the Library Association of Trinity College, desiring to arouse an interest in reading among the members of the Association, and to meet a demand that already exists for definite plans of work, has prepared courses of study in Biblical lines, History, English Literature, and Sociology. Other courses will be suggested as there is demand for them.

The outlines of these courses will be sent to all who may apply for them. Any additional suggestions will be given to those who may desire further information. It is hoped that many graduates of this and other colleges will take this opportunity of renewing their zeal for learning, and that those who have never taken a college or university course, will have the ambition to take up work that will tend to supply the lack of a college curriculum.

At the last meeting of the scientific society, Dr. Hamaker gave an interesting account of weather forecasts and meteorological phenomena in general. His remarks were illustrated by maps and published reports from the government.

The next lecture of the series given by members of the faculty will be by Dr. Few.

Prof. Edwin Hims has returned from Little Rock, Ark., where he was called by the sickness of his father. His friends sympathize very deeply with him on account of his father's death, which occurred last week.

Prof. M. H. Pagan has returned from Salisbury where he spoke at the State Sunday School Convention.

If you have a cough, throat irritation, weak lungs, pain in the chest, difficult breathing, croup or hoarseness, let us suggest One Minute Cough Cure. Always reliable and safe. F. S. Duffy.

Is All Forgotten?

GENERAL, March 18--As the United States cruiser Raleigh sailed from here for New York, this afternoon, homeward bound from Manila, in order to be put in commission, she hoisted the Spanish ensign and fired a salute while passing the Spanish squadron, commanded by Admiral Canaris, off Algiers. The Spanish flagship Carlos Quinto thereupon hoisted the American ensign and returned the salute.

Not one child dies where ten formerly died from croup. People have learned the value of One Minute Cough Cure and use it for severe lung and throat troubles. It immediately stops coughing. It never fails. F. S. Duffy.

ADVICES DEFERS

Regarding Situation at Philippines. The Nicaragua Canal Scheme.

WASHINGTON, March 20--Why are the official advices received from the Philippines different from those received by private parties? That is the question of the hour in Washington. At both the War and Navy Departments it is stated that all the news received indicates that the victories of the past week have demoralized the Filipinos, and that their early submission is looked for. This is decidedly cheering and there would be great rejoicing were it not for private dispatches received via Hong Kong, which say that the war is likely to go on for an indefinite period, and that it is liable to break out in fresh places any time, owing to the treacherous nature of the Filipinos, and their enmity to America; that the natives in Manila itself are organized and ready to take advantage of any opportunity they may get to massacre and burn, and that the whipping of Aguinaldo's army as a body will only result in turning the war into a bush-whacking guerrilla affair.

The Navy Department has been advised of the arrival at Manila of the battleship Oregon. The following is the cablegram received from Admiral Dewey:

Manila, March 18.

Secretary of the Navy, Washington:

"The Oregon and the Iris arrived today. The Oregon is in fit condition for any duty."

Additional supplies of smokeless powder ammunition are to be forwarded to Manila by the next steamer leaving San Francisco and New York. Preparations are being made by the army ordnance bureau to maintain in the Philippines large quantities of ammunition, so that the stock on hand may never be reduced below a certain limit.

A warning has been sounded concerning the crafty methods that are being used to create a sentiment in this country in behalf of the Panama Canal, a project through which the poor people of France have already been robbed of millions and a scandal created which, for a time, threatened the existence of the French republic, and which caused Ferdinand de Lesseps to end his days under the shadow of disgrace, that is worthy of more than a passing notice. Senator Frye found out while he was in Paris as a Peace Commissioner, that the managers of the Panama Canal Company intended to make the attempt to get control of the United States Congress, for the purpose of getting legislation in favor of the Panama Canal, and, of course, a big pile of Uncle Sam's good dollars. The scheme succeeded to the extent of getting legislation for a Commission to investigate both the Panama and Nicaragua routes, work which Senator Frye points out was done by a Committee of which he was a member, more than twenty years ago. The next move in the scheme is a free trip given to such Senators and Representatives as will go, for the alleged purpose of investigating and inspecting the Canal routes. The trip is to last a month and the steamship that will carry the party will be furnished with every thing good to eat and drink, and no money will be accepted from passengers.

Dr. Bull's

Mothers! This wonderful Cough Syrup.

Will cure your child's life when attacked by Croup or Whooping Cough. It never fails to cure throat and lung troubles. Price 25 cts.

PROOF.

It is an easy matter to claim that a remedy has wonderful curative power. The manufacturers of

RHEUMACIDE

leave it to those who have been permanently and positively cured of RHEUMATISM to make claims. Among those who have recently written us voluntary letters saying they have been cured are: Rev. J. L. Foster, Raleigh, N. C.; Mr. J. E. Robinson, Editor, Goldsboro, N. C. Daily Argus; Mr. A. Daus, a prominent merchant, Macon, Ga.; and Mr. W. B. Duke, a railroad man, Kansas City, Mo.

Rheumatism will Cure You.

When Pa Gets Sick.

When pa gets sick he always knows He's gonter die, and Tommy goes For Doctor Quack, an' 'fore he 'rives I'm hurried off for Doctor Ives, An' ma an' Boss an' auntie, too, For liniments an' grease go, An' plasters an' the warm'n' brick An' everything, when pa gets sick.

No one of us is 'lowed to play, The baby's sent across the way, The 'pharmacy's boy's about, 'The 'holl time runnin' in an' out, The house so with his groans is filled, Folks stop to ask who's gettin' killed, An' misery is piled on thick For every one, when pa gets sick.

We never have no table set, Cold vittles is the best we get, For cook is busy to the brim Centr'n's dainty things for him, An' study'n' it in my mind, I'm good deal more'n a half inclined To think--although I dussent kick-- We suffer most when pa gets sick.
