DECLARATION OF INTENTIONS.

Issued in Philippine. Ample Liberty of Self-Government.

MANILA, April 4.—The United States Philippine commission, composed of Dr. Jacob Gould Schurman, Admiral George Dewey, Gen. Elwell S. Otis, Col. Charles Dwyer and Prof. Dean C. Worcester, issued today's proclamation to the Philippine people.

The proclamation contains eleven articles, declaring America's intentions, as follows:

First—The supremacy of the United States must and will be enforced throughout every part of the archipelago. Those who resist can accomplish nothing except their own ruin.

Second—The amplest liberty of self-government will be granted which is reconcilable with just, stable, effective and economical administration and compatible with the sovereign rights and obligations of the United States.

Third—The civil rights of the Philippines will be guaranteed and protected their religious freedom will be assured and all will have equal standing before the law.

Fourth—Honor, justice and friendship forbid the exploitation of the people of the islands. The purpose of the American government is the welfare and advancement of the Philippine people.

Fifth—This article guarantees an honest and effective civil service, in which, to the fullest extent practicable, natives shall be employed.

Sixth—The collection and application of taxes and other revenues will be put upon a sound, honest and economical basis. The public funds, raised justly and collected honestly, will be applied only to defraying the proper expenses of the establishment and maintenance of the Philippine government and such general improvements as public interests demand. Local funds collected for local purposes shall not be diverted to other ends. With such prudent and honest fiscal administration it is believed that the needs of the government will in a short time become compatible with a considerable reduction in taxation.

Seventh—The establishment of a pure speedy and effective administration of justice, by which the evils of delay, corruption and exploitation will be effectually eradicated.

Eighth—The construction of roads, railroads and other means of communication and transportation, and other public works of manifest advantage to the people.

Ninth—Domestic and foreign trade and commerce and other industrial pursuits and the general development of the country in the interest of its inhabitants will be the constant objects of solicitude and fostering care.

Tenth—Effective provision will be made for the establishment of elementary schools, in which the children of the people will be educated. Appropriate facilities will also be provided for higher education.

Eleventh—Reforms in all departments of the government, all branches of the public service and all corporations closely touching the common life of the people must be undertaken without delay and effected conformably with common right and justice in a way to satisfy the well founded demands and the highest sentiments and aspirations of the Philippine people.

Will Circulate Proclamation.

MANILA, April 4.—The belief is spreading among the residents here that the effect of the capture of Malolos, the Filipino capital, followed by the proclamation of the United States Philippine commission, will be to suppress Aguinaldo's power. Dr. Schurman, president of the commission, said today:

"The Filipinos have been asking unceasingly, 'What do you propose to do for us?' The proclamation answers the question, and it should satisfy them."

Colonel Charles Deby, member of the commission and former minister to China said: "It is the most important proclamation since the declaration of independence Spanish, Tagalo and English versions have been printed, and it is proposed to circulate them about Malolos and at all the seaports. They will be sent to the lake towns by gunboats."

Salisbury's Ditary Policy.

BALTIMORE, April 4.—In an interview today a prominent German Statesman said: "We are pleased at what McKinley said about the recent disturbance in Samoa, and at the attitude of the United States, in assuming the idea of a joint high commission, but Lord Salisbury's ditary policy is annoying to us. America's attitude is all the more striking, and we admit, during the last twenty years, very largely increased its political interests in Samoa. Germany's political interests there are still, while its commercial interests are the largest of the three countries. In the condominium the German government sees no danger, but much annoyance in the whole question."

Altogether Not in It.

CHICAGO, April 4.—Carter H. Harrison was re-elected mayor of Chicago today by a total vote of 148,914 against 107,204 for Zina B. Carter, the Republican candidate, and 45,401 for John P. Altgeld, the Independent Democratic candidate. Harrison's plurality, 39,510.

VOICE OF THE PEOPLE.

Sunday Disturbance.

EDITOR JOURNAL.—We desire a small space in the JOURNAL to issue a protest. It is somewhat as follows:

We as peaceable citizens attending our Sunday schools, church, etc., object to having our children scared by a drove of cows being driven along our public road on Sunday. Not many weeks ago someone had a drove of cattle driven along the road leading to Street's ferry on a quiet Sunday evening.

Some of our women and children on their way to Sunday school, were both scared and grieved. The scare was upon the children, but the good women are grieved to think that while they are wending their way to the house of prayer and Bible study, some persons forget law and Gospel too, and pursue a week day service on the Holy Sabbath.

When will such violation of law and Gospel cease? What? Where? And how comes the remedy?

CITIZENS ALONG WASHINGTON ROAD.

IN MEMORIAM.

Died on the 30th March, 1899, Mrs. Julia F. French wife of Mr. L. H. French. She had passed her sixty-fifth birthday, being one amongst our oldest citizens. She was the daughter of Francis and Julia McIlwain.

She joined the Methodist church under the ministry of Rev. R. C. Beaman about 30 years ago, and on her departure, assures her loved ones of a glorious prospect for eternity and requests all to meet her in heaven.

She leaves a husband and five children. Having suffered much and long death comes as a release from suffering and though loth to leave her loved ones she rejoices that sufferings are past and looks forward to a place where disease and death cannot enter.

A FRIEND.

For a quick remedy and one that is perfectly safe for children let us recommend One Minute Cough Cure. It is excellent for croup, hoarseness, tickling in the throat and coughs. F. S. Duffy.

Price Paid For Governor.

RALPHIGH, April 5.—The Republicans in this State are using all their industry to induce Senator Pritchard to become the candidate of their party for Governor. They say a special reason for this is that if Pritchard is a candidate the administration will support him. They say that has seemed to them that the administration has deserted the North Carolina republicans ever since the campaign of 1896, and they are quite sore over this neglect.
