Negroes Jailed To Save Them From Lynchers.

Another Foreign Corporation Files Charter, April and December Wed. Commissions Issued. Big Charters Granted. After Election Case.

RALEIGH, May 20—Elijah Joyner and Cephas Langley, the negroes charged with murdering a young clerk named Tarnage and robbing and burning a store in Pitt county, were brought here and jailed to save them from being lynched. They were first taken from Greenville to Washington, Beaufort county, but were not considered safe there and so were brought here. Both are powerful men. Joyner fully confesses and says Langley struck the first blow. Their object was to get \$2,000 which they thought was in a safe in the store.

The Old Dominion Steamship Company filed its charter with the Secretary of State, thus complying with the provisions of the Craig law. It is the sixth foreign corporation to thus domesticate itself.

Miss Dollie Holcomb, of Yadkin county, aged sixteen, was married to V. R. Gross, aged sixty, of Montezuma, Iowa. The aged groom is worth half a million dollars.

Two more large iron furnaces are to be built at Greensboro during the next ninety days. Material for their construction is now arriving.

Mrs. Margaret B. Shipp is allowed \$17 a month pension. This will in all probability be increased by Congress.

At the Adjutant General's office it is learned that the election of the field officers of the new Second Regiment of the State Guard, W. B. Rodman, of Washington, colonel, and W. A. Johnson, of Wilmington, lieutenant-colonel, completes that regiment. The Third Regiment is far from complete. The First has yet to organize its various companies, and then the field officers will be elected. All this will require two or three weeks' time.

Commissions were issued to L. P. Aaron, of Mt. Olive, as assistant surgeon of the Naval Reserves Brigade, to the following officers of the Southport division of Reserves: Mark Ferguson, lieutenant, Moody B. Mintz, lieutenant, junior grade, Frank J. Pinner, ensign, and to E. T. Nadal, as first lieutenant, and T. L. Pace, second lieutenant, of Company K, Second Regiment, at Wilson.

Two charters were granted by the Secretary of State. One was to the South Mountain Land Company, of Burke county, capital \$60,000; stockholders, K. C. Mentzies, J. M. Bernhart, H. D. Abernathy, A. Y. Sigmon, W. B. Mentzies. The other was to the Delgado mills, at Wilmington, capital, \$250,000, with \$1,000,000 limit; stockholders, E. O. Hall, R. R. Bellamy, J. W. Norwood, Harnden Bellamy, E. J. Powers, James H. Chadbourne.

The Roman Catholic church here has purchased a farm ten miles southwest of this city and will have a boys' training school there.

A special from Greenville, N. C., says: At this place, full seven months after the State election, fifteen of the best citizens of the town and vicinity were arrested and brought before United States Commissioner Ormond, on the charge of conspiring to prevent the casting of votes by four negroes at a precinct about two miles north of Greenville in the election referred to.

The arrest was made on information apparently furnished by a negro who

IT CAN'T BE DONE.

No One Can Remain Well, No Chronic Diseases Can Be Cured Unless the Stomach is First Made Strong and Vigorous.

This is plain because every organ in the body depends on the stomach for its nourishment. Nerve, bone, sinew, blood are made from the food which the stomach converts to our use.

How useless to treat disease with this, that and the other remedy and neglect the most important of all, the stomach. The earliest symptoms of indigestion are sour eructations, bad taste in the mouth, gas in stomach and bowels, palpitation, all-pain feeling, faintness, headache, constipation; later comes loss of flesh, consumption, liver and heart troubles, kidney disease, nervous prostration, all of which are the indirect result of poor nutrition.

Any person suffering from indigestion should make it a practice to take after each meal one of Stewart's Dyspepsia Tablets, allowing it to dissolve in the mouth and thus mingle with the saliva and enter the stomach in the most natural way. These Tablets are highly recommended by Dr. Jannison because they are composed of the natural digests of acids and fruit essences which assist the stomach in digesting all wholesome food before it has time to ferment and sour.

Stewart's Dyspepsia Tablets are sold by druggists, in sealed packages at 25 cents. They are also excellent for invalids and children. A book on stomach diseases and thousands of testimonials of genuine cures sent free by addressing F. A. Stewart Co., Marshall, Mich.

was so illiterate that his mark, instead of autograph, appears on the affidavit in evidence. The negro himself declares, however, that he did not know what he was signing, as the paper was not read to him; that he does not know the parties and is wholly ignorant of the affair in which the affidavit declares they figured. He says, in conclusion, that he was told to make his mark, and that he did so without any idea of what it involved.

The case was called and has progressed slowly and will continue to drag along. Eight witnesses have been examined for the prosecution, seven Populists and one negro.

LUNA ARRESTS; ENVOYS.

Villalobos General Dissolves Peace Commission Appointed by Aguinaldo.

MANILA, May 20—General Luna has dissolved the Peace Commission appointed by Aguinaldo. Two of its members, Buencamino and Arguella, have been put under arrest at Tarlac, where Luna's forces are concentrated.

Four other commissioners have been appointed, who have come into General Lawton's lines at San Isidro. Their authority is limited to asking a cessation of hostilities. The commission is headed by General Gregorio del Pilar.

Colonel French, with the Twenty-second Regiment, was sent down to the river three miles from San Isidro, by General Lawton, where he met the natives, driving them out with less of four Americans.

Major Kolbe, with the Seventeenth and Nineteenth, expects to meet Colonel French at Arayat. The Rio Grande will then be clear of Filipinos.

MANILA, May 20—Two military and two civil Filipino commissioners, appointed to co-operate with three residents of Manila in negotiating terms of peace, arrived here today.

They have submitted no new proposition, but want an armistice pending the session of the Filipino Congress.

General Oils has refused to entertain the proposal.

MANILA, May 19—General Luna is reported to be making desperate efforts to restrain the educated Filipinos within the limits of his jurisdiction from communicating with the Americans, even to the point of arresting Encarnacion and Herrera, two of the most influential officials, while on their way to Malolos to join those who are coming to Manila by way of San Isidro.

This, and the removal of the seat of government to Tarlac, thirty miles north of San Fernando, may lead to complications and delay in the pacification. This change of capitals has just been made known. But it is generally conceded that further opposition to American sovereignty will be useless. Neither General Luna nor General Pio Del Pilar, it is said, has sufficient force to resist.

General Wheaton has been relieved of the command of the second division for a special assignment and General Funston has been assigned to his brigade.

A board, consisting of Colonel French of the Twenty-second Infantry, and Major Cabell and Captain Randolph, of the Third Artillery, has been appointed to proceed to Batavia, for the purpose of investigating the European methods of providing for the health of the troops there and to report on the subject for the benefit of the Americans here.

Pneumonia, influenza, coughs, colds, croup and whoop-cough readily yield to One Minute Cough Cure. Use this remedy in time and save a doctor's bill—or the undertaker's. F. S. Duffy.

INDIGESTION, resulting from weakness of the stomach, is relieved by Hood's Sarsaparilla, the great stomach tonic and cure for DYSPEPSIA.

Who Will Answer Him? EN. JOURNAL: Do the majority of people—women especially appear at their best in their own homes or in those of others? One thing is evident, namely anyone shows to equal advantage under both circumstances. Many of us can recall ladies who are charming when they are out calling, because they exert themselves to be agreeable, but are liable to be found in what has been aptly called "mental dishabille" when "dropped in upon" unexpectedly.

Other women, on the contrary, are sweet, gracious and natural at home, but nervous, restless and not by any means ideal companions outside their own doors; whereas another person, who is pleased and pleasing when invited to your house, is painfully prim and self-conscious when you return the visit. The influence of surroundings upon some human beings is simply astonishing.

It makes no difference how bad the wound if you use DeWitt's Witch Hazel Salve; it will quickly heal and leave no scar. F. S. Duffy.

Hall Storm at Ashe.

The severest hail storm visited this section Thursday evening, 18th inst. that ever was known here. The oldest inhabitants say they never saw anything to compare with it. It was more severe at some places than others.

The farm of W. A. Morris and Mrs. S. G. E. Arthur were completely stripped of all vegetation. The hail was falling about ten minutes, breaking window glass, and cutting twigs off the trees. The fruit is all cut off in this section.

The ground was covered. The hall stones were from one-half to one and a half inches in diameter. J. M. A.

Rheumacide

The above figures tell a remarkable story; they represent almost exactly the per centage of cures made by Rheumacide the wonderful new constitutional cure for RHEUMATISM. The other two per cent, were not curable, or failed to take medicine according to directions. Thousands have been cured. In view of the fact that many physicians think that Rheumatism is incurable, and that most remedies fail, it must be true that Rheumacide is the greatest medical discovery of the age. Particulars and testimonials of many well known people sent free to all applicants.
