Imagination

Plays the leading part when it comes to buying clothes of a tailor. You imagine they are better, because you are paying more.

Now, we make to order, and we make to fit; and if you buy here, we make you judge and jury, besides if the clothes wear, if they do not give satisfaction in every way, we give your money back. The most important point in a suit of clothes after the quality of the cloth is considered is the care and skill displayed in making it. On that point alone is based the charges of the highest-price tailors.

In our stock you will find skill, care and taste displayed to an extent far beyond the previous standards. By pricing it at the proper profits we have our prices right.

\$1.50 For a Suit of Excellent Serviceable Quality.
\$3.50 For a Better One.
\$5.00 and \$10.00 for Excellent Suits of Quality Selection.

State Museum Annex. Flag For Cruiser Raleigh. Negro Colony. Taxes Must be Paid to Serve on Jury. Jim Crow Law Enforced.

Raleigh, June 2.—June 10 the Sanford Cotton Mills will be organized at Sanford, with \$100,000 capital, and William H. Hamauer, president of the Columbia mills, at Rameaux, N. C., will also be its president.

The State Board of Agriculture met here and accepted a bid for building a \$20,000 annex to the State Museum. There were six bids. The annex will make the museum a very spacious one.

The State crop report, based on returns made by 1,000 correspondents, is being made up. It is said it will show that crops are as good as they were at this time last year.

Isaac Meekins, a Republican who represents a syndicate which has bought 10,000 acres of land in Camden county, says it is the plan to cut the timber and then colonize negroes on the land.

The flag to be presented by this city to the cruiser Raleigh is being prepared. It is of red, white and red silk, the city's colors and also those of Sir Walter Raleigh. It will bear the arms of the city and the inscription "Presented to the United States Cruiser Raleigh—First and Last at Manila."

The State Convention of the Woman's Christian Temperance Union meets at Greensboro. The State Convention of the King's Daughters meets at Southern Pines.

Under the new law no man who has not paid all his taxes by June 1 can serve on a jury.

The new public school law requires that in future all teachers shall stand an examination on "civil government."

Under the "Jim Crow" car law now effective, the races now ride in separate cars on all the main lines of railway in the State. Short railways are exempt and so are fast through trains, which do not stop at all stations.

The Democratic Board of Agriculture has unanimously decided to elect E. W. Kilgo State chemist at \$2,500 salary. He is now State chemist of Mississippi at \$3,000, but will come here.

Eighty six applicants passed examination by the State Medical Board. There were 165 applicants. The number of graduates at the State University is 59.

Rev. W. M. Clark, of St. James' church, Richmond, delivered a most beautiful memorial address on the late Rev. Dr. Bennett Snodden, principal of St. Mary's school. Both the speaker and his subject have ever been held dear to the people of Raleigh, so the beautiful chapel at St. Mary's was far too small for the many friends who wished to attend the exercises. Rev. Mr. Clark could stay only until last night, much to the regret of all who knew and loved him when he was rector here of the Good Shepherd church some years ago.

Smallpox here has nearly died out. It is stated that the vaccine points for compulsory vaccination here have up to date cost the city over \$2,000.

The Board of the Agricultural Directors met here and officers for the department were elected. The Board of the Agricultural and Mechanical College meets on the 7th to overhaul the faculty of that department here.

Mr. W. S. Primrose and President George T. Winston, ex-president of the University of North Carolina, are running about evenly on the ticket for president of the Agricultural College here, to succeed the present president, Col. A. Q. Holladay.

A Tennessee firm has made a \$17,500 bid for the annex to the Agricultural Department.

MAKION CLARK FOUND.

Kidnapped Baby and Her Abductors Discovered at a New York State Farmhouse.

GARRETSVILLE, N. Y., June 1.—Marion Clark, the twenty one months old infant kidnapped from her parents, Mr. and Mrs. Arthur Clark, of New York city, on May 21st, was discovered two miles south of Hoosburg, a village about eight miles from here, this morning. She was found at the farmhouse of Charles Youmans and was in custody of Mrs. Jennie Wilson, who took the baby to that place during the early part of last week.

Mrs. Wilson was accompanied by her husband, and stated to Mrs. Youmans that she wanted board for the little girl for the summer.

Monday, Mrs. Wilson went to the post-office, taking Marion with her, as she had done on several occasions before. The Clark baby attracted the country people by her appearance, her large blue eyes and pink complexion being particularly noticeable. The curiosity which the child aroused made her captors grow uneasy, and they kept her closely confined to the Youmans home.

As soon as Deputy Sheriff William Charleston heard of the abduction he, taking his clothes from the pictures of the child and descriptions given him by people who saw her, went to the farm-house of Charles Youmans and found Mrs. Wilson, from whom he demanded the child. Mrs. Wilson was indignant and claimed she knew nothing whatever of the child.

The deputy sheriff produced a warrant, arrested the woman and demanded information as to the whereabouts of the child. At this Mrs. Wilson weakened and made a confession.

Marion Clark, the child, is in good health. She has no hat and her shoes show much rough handling.

Arthur Clark, the father of the abducted baby, arrived here at 6:30 o'clock this evening. He immediately identified the child found in the custody of Mrs. Jennie Wilson by Deputy-Sheriff Charleston as his lost child.
