Imagination

Plays the leading part when it comes to buying clothes of a tailor. You imagine they are better because you are paying more.

Now, we make to order, and we make to fit; and if you buy here, we make you judge and jury, besides if the clothes wear, if they do not give satisfaction in every way, we give your money back. The most important point in a suit of clothes after the quality of the cloth is considered is the care and skill displayed in making it. On that point alone is based the charges of the highest-price tailors.

In our stock you will find skill, care and taste displayed to an extent far beyond the previous standards. By pricing it at the proper profits we have our prices right.

REVENUE COLLECTIONS.

Sen. Giles Mebane, an Old Citizen Dead.

Editor John Cuthbertson Dead.
Small Fox Near Lenoir. King's Daughters. Post-Office at Elizabeth City Robbed.

HARRISON, June 6.—The total revenue collections in the Western district for the year ending June 30 will very closely approximate \$2,750,000. The immense tobacco factories of R. J. Reynolds at Winston are to double their capacity. This company is now capitalized at \$10,000,000 and is the largest corporation in North Carolina. The Legislature at the recent session gave it leave to increase its capital stock to that figure. The revenue collections in this, the Eastern, district are a little over half as large as those in the Western.

Hon. Giles Mebane, one of the leading citizens of the State, though long out of public life, died at his home in Alamance county, aged 93 years. He was born in Orange county, served a dozen terms in the Legislature, was speaker of the lower house, cast the deciding vote for the issue of \$2,000,000 of bonds by the State for the construction of the North Carolina Railway, and in 1877 was a leader in the movement which resulted in the compromising, commuting and settlement of the State debt. His wife, a daughter of the late Hon. Bartlett Yancey, survives him.

Editor John Cuthbertson, of the Textile Excelsior, one of the best-known cotton mill papers in the South, died suddenly at Charlotte of hemorrhage of the lungs. He was a native of Scotland, 68 years of age and in 1893 established his paper at Charlotte.

Two cases of smallpox have been discovered at Freedom, a negro suburb of the town of Lenoir.

The annual convention of the King's Daughters of North Carolina, in session at Southern Pines, adjourned to meet next May at Henderson. The following are its new officers: Mrs. Fred Hill, of Henderson, vice Mrs. R. N. Sweet, of Wilmington, State secretary; Mrs. G. Cheatham, of Henderson, recording secretary; Mrs. H. T. Smith, of Raleigh, treasurer; Mrs. M. S. Willard, Mrs. R. N. Sweet, Miss Serena Chabrows, Mrs. L. M. Young and Mrs. R. J. Corbett, executive committee. Mrs. Isabella Davis, of New York, delivered the annual address.

The postoffice at Elizabeth City, N. C., was broken into by safe crackers, the safe drilled and dynamite inserted. The explosion blew the door entirely off, blowing it across the room. People residing several blocks away heard the noise. The burglars secured \$130 in money order funds, several registered letters and a small amount of money belonging to Postmistress Poole. Everything points to professional work. The thieves left no clue to their identity.

The State crop report for May was received from 1,000 correspondents. It shows a reduction in acreage of all crops save tobacco, and this is brought up to an average on account of the great increase in the counties east of Raleigh.

W. M. Gallagher, of Bryan, Pa., says: "For forty years I have tried various cough medicines. One Minute Cough Cure is best of all." It relieves instantly and cures all throat and lung troubles. F. S. Duffy & Co.

"Hoch Der Kaiser" as Lenoir Majests.

BREKIN, June 5.—The proceedings against the New York Herald for lese majeste in printing the song "Hoch der Kaiser," which Capt. Joseph B. Gaglian of the United States cruiser Raleigh, recited at the Union League Club, New York city, last April, have resulted in an order of court directing the suppression in Germany of that issue of the newspaper.

The Coolest in the City.

During the hot summer, when sweating humanity finds some little comfort in asking the other fellow "is it hot enough for you?" and when in addition, one can seek the shady places or hunt for the refreshing breeze, he is much better circumstanced than man's best friend, the gallant and gentle horse, who being subject to the control of his (too often careless or indifferent) master, has no choice of place where he may seek rest and repose, and, as is often the case, confined in hot and unventilated stables, and suffers torments little dreamed of by the indifferent or unobservant.

This much as a preface to the announcement that the new stables of E. B. Street on South Front street, near Hancock, right on the edge of Trent river, through which the prevailing summer Southern breeze, are constantly blowing is the coolest stable in the city, a veritable horse Paradise, and where in addition to the comfort of the horse being secured, the charges for board are so reasonable that anyone can afford to keep a horse in comfort. It follows that it is the duty of the wise and prudent to stable his stock with Street.

125 FILIPINOS KILLED. DEWEY READY TO SAIL.

Part of the Loss was Inflicted on the Navies by Capture of Morong.

MANILA, June 5.—General Hall encountered no resistance in his march from Antipolo to Morong. The inhabitants did not leave the latter town, but met the Americans, representing themselves as friends. A large number of natives passed through the American lines, returning to Antipolo.

General Hall's march was difficult, and there were many cases of prostration by heat. The brigade arrived at Morong at 11 a. m., yesterday and found that Colonel Whalley had captured the town the day before, killing 125 natives.

The gunboats Naplam and Covadonga shelled the place and were answered by artillery fire. A shell was put through the Covadonga.

The Washington Volunteers, while on a scouting party, lost one killed and one wounded. They killed four men of the natives.

Hall's brigade remains at Morong to be rationed. Whalley returns to Pasig.

The War Department has decided to give each State one of the cannon captured from the Spaniards in Cuba and Porto Rico.

Against Dispensary Law.

COLUMBIA, S. C., June 5.—The Superior Court has reversed the decision of the lower court in an important case affecting the dispensary law. The decision gives a resident the right to drive over into North Carolina or across the bridge to Augusta, Ga., or send his team over with an agent, buy whisky for his own use and return with it.

A Message From Andree.

CHRISTINA, June 5.—According to a dispatch from Mandal, the most southern town of Norway, two boys on May 14th landed on the north coast of Iceland a small cork case containing a slip of paper dated July 11, 1897, signed "Andree, Strinberg and Franckel," and bearing the words: "AM well. Thrown out about longitude 81; latitude unknown."

Professor Andree's brother thinks the case was probably one of the letter boys with which the Andree expedition was provided.
