## Imagination

Plays the leading part when it comes to buying clothes of a tailor. You imagine they are better because you are paying more.

Now, we make to order, and we make to fit; and if you buy here, we make you judge and jury, besides if the clothes wear, if they do not give satisfaction in every way, we give your money back. The most important point in a suit of clothes after the quality of the cloth is considered is the care and skill displayed in making it. On that point alone is based the charges of the highest price tailors.

In our stock you will find skill, care and taste displayed to an extent far beyond the previous standards. By pricing it at the proper profits we have our prices right.

\$4.50 For a Suit of Excellent Serviceable Quality.  
\$6.50 For a Better One.  
\$9.00 and \$10.00 for Excellent Suits of Quality Sel-dam ex-elled.

## STATE MILITARY AFFAIRS.

### What is Doing Among The Divisions.

**Good Man Leaves Raleigh. A Feature Of St. John's Day. Festsivities On Out, Prizes Awarded**

**RALEIGH, June 15.**—The Board of Aldermen has fixed the interest at 5 per cent, on the bonds which were voted here on Monday. This was the limit, only one alderman, Mr. C. C. McDonald, wanted 4 per cent bonds.

Military affairs in Raleigh, Charlotte and Asheville are giving the Adjutant General some trouble. In these places the old State Guard companies are re-organized and want their places in the Guard, and at these places new companies have been formed.

The Concord Cotton Seed Oil Company has been incorporated with a capital stock of \$30,000.

Mr. John C. Drewry, whose insurance company has declined to domesticate itself under the Craig law has left to make his home in Richmond. Mr. Drewry has been for quite a while chairman of the Street Committee of the Board of Aldermen, and Raleigh owes her improved streets and the plans for future improvements to him.

One of the pleasant features of the St. John's Day celebration at the Oxford Orphan Asylum, June 24th, will be the presentation of an oil portrait of the father of that institution, the late John H. Mills. It is the work of Miss Hall of Oxford.

Dr. Richard H. Lewis, secretary of the State board of health has received a report of a case of smallpox in Harnett county, contracted from the Holness preacher who was last week placed in 'the pest house near this city. It is possible that this "fire tried holy man" has spread the disease, as he had a well developed case when the authorities took him in charge.

The festivities in the Agricultural Department have stepped down; and John R. Smith, commissioner; J. L. Hamsey, secretary; J. L. Kelly, fertilizer inspector; J. M. Allen, mailing clerk; Miss Ada King, stenographer; K. E. Shore, usher in the Museum. The festivities in the State chemist's department will go out June 30th.

The Adjutant General publishes an order forming three battalions of the Second Regiment. First Battalion, Maj John C. Bond, of Edenton—Companies D, Plymouth; F, Hertford; I, Edenton; B, Scotland Neck. Second Battalion, Maj H. C. Bragaw of Washington—Companies A, Tarboro; C, Wilmington; G, Washington; K, Wilson. Third Battalion, Maj. John N. Gulic of Goldsboro—Companies E, Goldsboro; H, Clinton; L, Lumber Ridge; M, Maxton.

The Adjutant General directs the paymaster general to pay the regimental, company, brigade and division commanders the half-yearly appropriation.

It is said at the Adjutant General's office that the First Regiment's practice march will be made probably in September, though the time is not definitely settled. If the necessary transportation arrangements can be made with the railroads, the Second and Third Regiments will encamp at Morehead City next month. It seems that there is considerable trouble in inducing the railroads to give reasonable rates. There used to be no trouble, as for years the rate was three-fourths of a cent per mile each way.

The Mechanics and Traders' Insurance Company, of New Orleans, domesticates itself.

State Auditor Ayer has sent to the various sheriffs a book for "Schedule B" taxes. It is the first time the State has so furnished these books.

Some of the Populists who affiliate with the Republicans are urging the latter to give them places in the revenue service.

Commissions were issued to the following staff officers of the Second Regiment, State Guard: N. Anderson, T. B. McMullen, surgeons; N. Harding, chaplain; R. A. Smith, quartermaster. The battalions of this regiment are designated John C. Bond, H. C. Bragaw and John W. Gulic being the majors. The officers of the Second Battalion of the Naval Reserves Brigade are commissioned, as follows: Engleiser, Bradley Saunders; paymaster, T. D. Carraway; surgeon, J. M. Ward; adjutant, E. F. Maeston.

Rev. J. B. Ayrault, rector of the Episcopal church at Lenoir, has left for Columbia, S. C., to remain until fall, on account of failing health. He has been in the ministry nearly 40 years.

The executive board of the penitentiary says it has saved the State fully \$10,000 by its close scrutiny of the bills against the penitentiary. Most of them are due to Raleigh merchants.

The North Carolina Publishers' Society recently offered two prizes, one of \$50 and one of \$40, for the best sketches of any person whose biography appeared in the book, "Lives of Distinguished North Carolinians." The committee, composed of President E. A. Alderman, of the State University, President Chas.

Thomas Thurman, deputy sheriff of Troy, Mo., says if everyone in the United States should discover the virtue of DeWitt's Witch Hazel Salve for piles, rectal troubles and skin diseases, the demand could not be supplied. F. S. Duffy & Co.

To cure piles, STRIKE AT THE ROOT—that's the way. DeWitt's Witch Hazel Salve STRIKES AT THE ROOT—it removes the cause, quickly and permanently. Don't squander time and money in a vain effort to remove the EFFECTS. F. S. Duffy & Co.

**FLOWIN' CORN.**

You may talk about your city dude With leisure and fine clothes, Who walks the streets with cane in hand And "apees" across his nose, He likes to buy a chap like me, And laugh at me in scorn When I tell him of the fun I have On the farm a-plowin' corn.

He says in some great moneyed scheme He means to have a share, Because 'tis his ambition To become a millionaire, And that the feller I would pluck Would only prove a thorn, For whoever knew a millionaire Who made it plowin' corn?

He does not know the treasures That are hidden in the soil, He does not know the pleasures That are won by honest toil I'm glad that I've been taught, From childhood's early morn, To know how sweet are the rewards Of work like plowin' corn.

And when his health is broken, Though millions he may own, He'll find that for his loss sustained No money will at one, And as he struggles on through life, So feeble and forlorn, He'll think of what I told him About the fun of plowin' corn.

DeWitt's Little Early Risers act as a faithless pill should, cleansing and reviving the system instead of weakening it. They are mild and sure, small and pleasant to take, and entirely free from objectionable drugs. They assist rather than compel. F. S. Duffy & Co.
