J. R. PARKER, JR., GROCER,
Phone 69. 77 Broad Street.

Imagination

Plays the leading part when it comes to buying clothes of a tailor. You imagine they are better because you are paying more.

Now, we make to order, and we make to fit; and if you buy here, we make you judge and jury, besides if the clothes wear, if they do not give satisfaction in every way, we give your money back. The most important point in a suit of clothes after the quality of the cloth is considered is the care and skill displayed in making it. On that point alone is based the charges of the highest-price tailor.

In our stock you will find skill, care and taste displayed to an extent far beyond the previous standards. By pricing it at the proper profits we have our prices right.

\$4.50 For a Suit of Excellent Serviceable Quality.

\$6.50 For a Better One.

\$8.00 and \$10.00 for Excellent Suits of Quality Selection excelled.

QUESTION OF DATES

As To Payment Of Penitentiary Debts

New Museum Building, Corner Stone Laying, N. C. Bar Membership. Immigrants Wanted From Northwest. Greens here Enjoyed.

RALPHIGH, June 17.—Judge Henry R. Bryan has heard argument on the complaint asking for a perpetual injunction restraining the dispensary established by the last Legislature in Greensboro from opening July 1st, and to restrain that city from tendering its faith or credit.

Judge Bryan enjoins the city but disallows the injunction in regard to the dispensary.

Overseas farmers say that they consider the corn crop as about 50 days later than the average; the cotton crop as about normal.

Some days ago State Treasurer Worth wrote the Attorney General, asking an opinion as to whether out of the \$150,000 received from the sale of the penitentiary bonds, any debts incurred after December 31, 1898, when the last fiscal year ended, could be paid and whether the appropriation of \$50,000 made for this year, was not intended to apply to the fiscal year of 1899.

Attorney General Walser has replied saying that chapter 607 and 679, of the laws of 1899, show that the maintenance and support of the penitentiary during 1899 must be met entirely from the \$40,000 appropriated for that specific purpose, and that the act in regard to the \$150,000 manifestly and unmistakably refers to accounts made prior to December 31st, 1898.

The penitentiary board has audited up to March 6, all the penitentiary debts, to be paid out of the \$120,000. The Treasurer says that a change will have to be made so as to eliminate all debts between December 31 and March 6, and that the latter will have to be paid out of the \$50,000.

The contract for building the large annex to the State Museum, was signed by Utter & Co. at \$17,835. Work begins next week and is to be completed December 31 next. The building will be in the shape of an L and will complete the enclosure of a court, as it will approach within 10 feet of the rear of the Supreme Court and library building. Through this space of 10 feet there will be a driveway into the court.

Capt. Chedester, who commands one of the Asheville military companies, was here to see the Adjutant General, but the latter was at Oxford. Capt. Chedester desires his company to be retained in the State Guard.

On the 20th instant the Grand Lodge of Masons will lay the corner stone of the Presbyterian church. This occupies the site of and is largely constructed of materials from the old church, in which the notable constitutional convention of 1855 was held.

The executive board of the State Prison deposited a written request with State Treasurer Worth to issue and sell bonds as provided in section 3, chapter 607, laws of 1899, in amount sufficient to raise \$24,265 for the purchase of the Caledonia farms, and to cover the expenses of leasing and selling said bonds.

THE OLD WAY.

Of Treating Dyspepsia and Indigestion by Dieting a Dangerous and Useless One.

We say the old way, but really it is a very common one at the present time and many dyspeptics and physicians as well consider the first step to take in attempting to cure indigestion is to diet, either by selecting certain foods and rejecting others or to greatly diminish the quantity usually taken, in other words the starvation plan is supposed by many to be the first essential.

The almost certain failure of the starvation cure has been proven time and again, but still the moment dyspepsia makes its appearance a course of dieting is at once advised.

All this is radically wrong. It is foolish and unscientific to recommend dieting to a man suffering from dyspepsia, because indigestion itself starves every organ, every and every fibre in the body.

What the dyspeptic wants is abundant nutrition, which means plenty of good, wholesome well cooked food, and something to assist the weak stomach to digest it. This is exactly the purpose for which Sturtevant's Dyspepsia Tablets are adapted and this is the method by which they cure the worst cases of dyspepsia. In other words the patient eats plenty of wholesome food and Sturtevant's Dyspepsia Tablets digest it for him. In this way the system is nourished and the overworked stomach rested, because the tablets will digest the food, whether the stomach works or not. One of these tablets will digest 2,000 grains of meat or eggs.

Your druggist will tell you that Sturtevant's Tablets is the purest and safest remedy for stomach troubles and every vital makes one more fit for this excellent preparation. Sold at 50 cents for full sized package as all drug stores.

A little book on cause and cure of stomach diseases mailed free by addressing F. A. Street Co., March 21, N. C.

GARRISON ATTACKED.

Large Filipino Force Boldly Moves On San Fernando, Repulsed by the Americans.

MANILA, June 16.—After cutting the railroad and telegraph lines at Apalit for the purpose of severing connection with Manila, the Filipino attacked General MacArthur's lines at San Fernando at 4:30 this morning.

They met an unexpected hot reception and were repulsed with a loss of 75 killed, 80 prisoners and many wounded. The American loss consisted of 14 wounded.

San Fernando is 44 miles northwest of Manila. It is one of the northern towns held by a garrison in order to control the railroad line extending from Manila to Dagupan.

The Filipino force, estimated to have numbered 5,000 men, advanced stealthily from the jungle north of San Fernando and then divided with the evident purpose of surrounding the Americans. The outposts of the Iowa Regiment discovered the natives and retired to their lines, where the entire division awaited in an entrenched position.

The Iowa and Kansas Regiments received the first shock of the attack. Reserving their fire until the Filipinos were within 600 yards, their first volley struck the advancing column, which returned the fire wildly, the rest of the line falling to advance. The Americans, who thoroughly enjoyed the novelty of being attacked, sailed forth and the Filipinos then turned and fled into the jungle.

Aguinaldo is reported to have personally conducted the attack. Preparations were made for several days to bring forward native troops from Candaba. Others from Dagupan were transported by rail.

The first news of the Filipino advance was reported by a telegraph operator who was sent to the bridge at Apalit to learn the cause of a break in one of the wires. He was compelled to beat a hasty retreat under fire.

Since the Americans withdrew from Candaba recently the Filipino army has returned and has wreaked vengeance upon those who befriended the Americans. They slaughtered the natives who surrendered the town and displayed their heads on poles in the public square.

Thomas Thurman, deputy sheriff, of Troy, Mo., says if everyone in the United States should discover the virtue of De Witt's Witch Hazel Salve for piles, rectal troubles and skin diseases, the demand could not be supplied. F. S. Duffy & Co.
