STATE NEWS.

Question of Insurance Domestication to be Tested.

Call for Bank Reports. Plenty of Travel. Deaths. Crop Returns. What will Marion Butler Do Another Political Party Split.

RALPHAM, N. C., July 6.—The question whether an insurance company which has domesticated itself in this State can withdraw its charter is to be fully tested by the Mutual Reserve Fund Life Insurance Company. The latter brings suit to force the Secretary of State to surrender to it his charter. The Secretary of State declares that he will not surrender it at the instance of any court below the State Supreme Court or the United States Court of Appeals.

The Corporation Commission has charge of all State banks under the new law and makes its first call for a report on their condition up to June 30.

For the first time in many years there was no observance of the Fourth of July here and elsewhere.

Gen. Wade Hampton is at Wrightsville on the seaboard, the guest of Col. Wharton J. Green.

The coast resorts of this State are having a particularly successful season. Travel to the mountain section is beginning.

Dr. Ira Davis, one of the leading physicians of Lenoir county, died near Kinston, and Rev. R. F. Troy, well known all over the State as a Methodist preacher, died at Greensboro, his home.

Greensboro's dispensary has opened. Dispensaries opened at five or six other smaller places.

J. E. Anders, postmaster at Pecan, N. C., is under arrest on the charge of violating the law as to the sale of stamps.

Dr. J. L. M. Curry writes a positive denial of the statement made in the Associated Press account of his speech at Capon Springs that he used the term "poor whites."

The crop returns for the month ended June 30 are coming in rapidly and the Agricultural Department is pleased at the fact that they show the crops to be in very fair condition.

The visit of Senator Butler here last week brought up the question as to what he would do when his Senatorial term expires. Whether he will go to some northern city and practice law, or whether he will settle in North Carolina. There is very general satisfaction now that he did not enter with the Democrats (as he was invited to do) last year in the fight for "white supremacy." If he had co-operated with the Democratic party then, he would have claimed much credit for the splendid victory last fall, which is due to the magnificent management of the Democratic State chairman Mr. Simmons. Senator Butler thinks the constitutional amendment will be passed by a big vote in August.

The Corporation Commission decides that the fertilizer rates made by the commission will stand. These rates were argued against by the railroad as being too low to be just and reasonable, but the commission overruled these arguments.

State Treasurer Worth has instituted a suit against the penitentiary Executive Board to compel them to change the penitentiary warrants to cover only dues up to January 1, 1909. This suit is to checkmate the mandamus suit against Treasurer Worth by Mr. F. B. Arendall, general manager of the penitentiary, for payment of his dues up to March, 1909. The case comes up before Judge Moore here on July 14th. This comes before Mr. Arendall's suit, so that if the Treasurer wins, the board will have to change all warrants.

Bradley J. Wooten, Military Inspector of the Agricultural and Mechanical College here, has been commissioned regimental adjutant of the Second Regiment of the State Guard, with the rank of captain.

THE FLOODS RAGE.

Hundreds of Texas Bridges Destroyed and Much Property Damaged.

HOUSTON, TEX., July 8.—More complete reports from the different points in the flood district have been received tonight, and all are substantially the same—has an immense amount of damage has been done and at this time an accurate statement is impossible.

Reports from Bryan say that the wreck in that vicinity is unparalleled. More people are being added to the death list and the number is now placed at forty five. Both the Brazos and Colorado rivers are receding slowly and back water is running off very fast. Railroad traffic will be resumed in two or three days.

ATLANTA, TEXAS, July 8.—Reports from up and down the Brazos river valley today indicate that the flood is holding its own. It is now figured out that there are over 400 county bridges and about 200 railroad bridges swept away in the flood.

Makes the food more delicious and wholesome

News from Eagle Lake, Harris county, direct states that thousands of acres of growing tobacco which escaped the flood until yesterday are now covered and will prove a total loss. There are also lives reported lost at Eagle Lake and the surrounding country, though no names can be secured.

In McClellan county alone the loss will be one million dollars.

Noon reports from southwestern Texas are to the effect that heavy rains there have swollen the Guadalupe and Lower Colorado, and they are spreading all over the country again.

By means of building temporary trestle-work and operating trains slowly some of the trunk lines are moving a few through trains, but most of the railroad business in Texas is still tied up and will be for another week, as the rains continue to fall, giving little evidence of the recession of high water.

St. Louis, Mo., July 8.—A special to the Post-Dispatch from Austin, Texas, says: Reports from Central and Southern Texas at noon say the weather has cleared throughout the region flooded. The water is either receding or is at a standstill.

Galveston is still isolated, except by long-distance telephones.

Estimates of the number of lives lost place it at thirty. It will be several days before the real situation can be learned. No estimate of property loss places the total at less than \$5,000,000. This includes damage to railroads, which exceeds anything ever before known in this State. Only two white persons are known to have been drowned—T. S. Dawson, a merchant of Port Sullivan, and an unknown man north of Galveston. It is feared however, that other white persons are drowned southwest of Hearne in a district that has not been heard from since last Thursday.

Late News Items.

Santiago Day was celebrated at the Omaha Exposition, Postmaster General Smith and Gen. Joseph Wheeler being present.

Four persons are missing and are supposed to have lost their lives in the burning of a Chicago paper factory.

Bishop John P. Newman, of the Methodist Episcopal Church, is seriously ill at his summer residence at Saratoga, N. Y.

A seven days' rain has done millions of dollars damage in Texas.

The terms under which the British Government will take over the Royal Niger Company's territory are announced.

Maitre Demange and Labori, who will defend Dreyfus, had a conference with him in the prison at Rennes.

Twenty Koreans who took part in the recent burning of trolley cars at Seoul have been put to death.

A party of 350 natives, mostly holo-men, attacked American troops on the island of Negros, but were driven off.

General Wilson will have the persons, including American soldiers, who are accused of causing the recent riots at Olenfuegos tried by the civil courts.

The death rate from yellow fever is decreasing at Santiago, but the number of new cases is on the increase.

Payment of Cuban soldiers has begun at Manzanillo.

Good Dividends.

The three cotton mills of Columbia S. C., have just declared semi-annual dividends of \$1 per cent, each, besides passing good round sums to the surplus accounts. The capital stock of the three mills aggregates over \$2,500,000, and this dividend will put a large amount of money in circulation. Work on another cotton mill in Columbia is being pushed.

Thomas Rhodes, Centerfield, O., writes: "I suffered from piles seven or eight years. No remedy gave me relief until DeWitt's Witch Hazel Salve, less than a box of which permanently cured me." Soothing, healing, perfectly harmless. Beware of counterfeits. F. B. Duffy.

BLOOD TELLER.

Yes, it is the index to health. If you have had blood you are likely to learn that you have Rheumatism, one of the most horrible diseases to which mankind is heir. If this disease has just begun its work, or if you have been afflicted for years, you should at once take the wonderful new cure.

RHEUMACIDE.

Thousands have been cured. The summer season is the best time to take a rheumatic remedy. Nature will then aid the medicine in effecting a permanent, constitutional cure. People with bad blood are subject to catarrh, indigestion and many other diseases. To be healthy the blood must be pure. RHEUMACIDE is the Prince of blood purifiers.
