## RALEIGH.

Meeting of Railroad People Today. Valuation Discussion.

Morganton Asylum Gets the Money. Dr. Marshall's Anniversary. Will Not Pay for Bad Water. The Camp Site. Shipping Watermelons North.

RALEIGH, July 12.—Tomorrow there will be a notable gathering of railroad men on the valuation of property for taxation. The railroads are preparing a big sensation as to the tax question. It will be claimed that the railroads have their property valued now more nearly at what it really is, than any other class of property and that this is in violation of the constitution which says the taxes shall be uniform. Taxes of individuals will be given in support of this charge. The Southern is leading in the movement.

Treasurer Worth has had the case of the money deposited in the Morganton Bank for the Morganton Asylum decided. He contended that the asylum ought to lose the \$6,268, as it had already passed out of his hands. The asylum directors claimed they had never had the money so that it was not their loss. Now the Attorney General decides against the State Treasurer and the asylum will get the money.

The body of Mrs. A. Q. Holliday, wife of the ex-president of the Agricultural and Mechanical College, who died here Tuesday afternoon, was taken to Richmond for burial at her former home near there.

This morning at Christ church there was a special service commemorating the twenty-fifth anniversary of Rev. Dr. Marshall's pastorate. During the services some handsome pieces of silver were given the rector by his congregation.

State Treasurer Worth says that he will not advertise the new \$65,000 bonds for purchasing the Caledonia farms for the State prison until he has them ready to be delivered.

It is suggested that the cast of the statue of Vance be made so that one can be placed in Charlotte, one in Asheville and one in the rotunda of the capitol at Washington.

The Board of Aldermen will not pay the full charges of the water company for the bad water furnished January, February and March, when there was so much alum and sulphuric acid in the water as to make it dangerous.

Out at the insane asylum here three artesian wells and the cold storage plant are finished. The water will be forced from these wells by means of an electric pump.

Dr. James W. McGee, Jr., was elected Raleigh's superintendent of health.

Adjutant General Hoyster has sent a detachment of 25 men to Morehead to prepare the camp site and the Second Regiment goes down on the 15th. The inspector general is already there.

Bagwell, "the watermelon man," of this county, will ship from this neighborhood 75 car loads of melons to the northern market. He will put none on this market. His melons will average 30 pounds each.

No enlistments for the new "volunteer" regulars—that is, under the new 10 regiment call—were made here yesterday, but several were made for the regulars, under the three year enlistment, to go to the Philippines. Four-fifths of all who enlist there are service.

Rev. W. G. Clements has been appointed county supervisor by the Wake county educational board, to succeed Mr. Norris.

The penitentiary cases as to warrants after Dec. 31, 1898, were to have been argued yesterday, but the penitentiary representative, Mr. R. V. Burton, was called away, so the case was postponed.

Mr. and Mrs. B. Lackamp, Elston, Mo., write: "One Minute Cough Cure saved the life of our little boy when nearly dead with croup." F. S. Duffy.

## ROYAL BAKING POWDER

ABSOLUTELY PURE  
Makes the food more delicious and wholesome

THE PARIS AFLOAT.  
Big American Liner At Last Off the Cornish Rocks. German Salvage Men Did It.

COVERACK, CORNWALL, July 11.—The salvagers have moved the American liner steamer Paris stern 150 yards and have shifted her position slightly to the eastward. They hope to be able to get the after-stroke first slight soon.

The Paris is now clear of the rocks and is afloat. The sea is smooth, but a heavy fog prevails.

The intention of the salvagers was simply to slew the stern of the liner, so as to facilitate the operations of the divers, but it was found that she moved more freely than was expected. Three salvage boats were practically removed from a critical position unaided. She still has a distinct list to the starboard and cannot be assumed out of danger.

The German salvagers who have charge of the work are elated at their unexpected success in floating the Paris. She had been weighted with nearly a thousand tons of granite at the stern, with a view of hoisting her bows free from the rock. The divers had difficulty in getting at this rock.

Unless something unforeseen occurs, the Paris will be towed to Falmouth tomorrow, and if on inspection her condition warrants it, she will be taken to Southampton or some other port for repairs.

The American liner steamer Paris struck the rocks off Cornwall Point, near Coverack, Cornwall, May 21 last. All her passengers and crew were rescued, but it was feared for many weeks that the ship would prove a total loss.

Wheeler is Off.  
WASHINGTON, July 11.—Gen. Joseph E. Wheeler left Washington this afternoon on route to the Philippine Islands. He will go via Chicago, Omaha, Denver and Salt Lake. He is scheduled to reach San Francisco on Saturday, and will sail for Manila on July 20.

Dewey's Medal Forwarded.  
WASHINGTON, July 11.—The Navy Department today dispatched to Admiral Dewey the medal awarded to him by act of Congress to commemorate the battle of Manila bay. The Admiral's medal is identical with those sent to each man in the fleet, with the exception that his name is engraved upon the edge.

Drought in Jamaica.  
KINGSTON, JAMAICA, July 11.—This island is suffering from one of the severest droughts in recent years.

One of the most serious results is the falling of the Kingston water supply. The rivers are already exceedingly low, obliging the water commissioners to lock off the supply during 18 hours in every 24, although the island is just entering on the normal "dry season."

You can't cure dyspepsia by dieting. Eat good, wholesome food, and plenty of it—Lodol's Dyspepsia Cure digests food without aid from the stomach, and is made to cure. F. S. Duffy.

Burton Ale is made at Burton-on-Trent in Wales, but you may now find it at Burke's on the Trent.

A cool feature for a hot day—Pineapple Snow—5c at Bradham's Fountain.
