RALEIGH.

Butler For Amendment And Also Secretary Thompson. The Greensboro Dispatch. The Constitution.

RALEIGH, July 24.—The corporation commission meets Tuesday next for the purpose of hearing any reasons the Southern Railway may present for not paying taxes on rolling stock owned by that system and operated on the Piedmont and North Carolina Railways from 1893 to 1897. A law enacted by the last Legislature gives the commission full power to collect back taxes.

Thus far 19 men for the Twenty-seventh Regiment have been enlisted here. The recruiting officer says it is uphill work to get men, and that newspaper publications are the cause.

At Rock Ridge Academy, Wilson county two thousand persons attended an educational rally, at which addresses were made by State Superintendent Mebane, J. Y. Joyner and Jerome O. Horner.

State Treasurer Worth has gone to Greensboro to aid his son Hiram in turning over the North Carolina Railroad to Spencer B. Adams, the new secretary-treasurer.

Senator Pritchard was much interviewed while here, and the rush of politicians to get a word with him was remarkably great. He is easily the chief of his party in North Carolina. One paper declares that Pritchard does not want Judge Ewart's place, while another declares that he has his eye on Judge Simonson's place.

Senator Butler has gone east. He would not talk any politics to newspaper men. He will, however, later on declare for the amendment. This was again asserted today. An effort to get Populist State Chairman Thompson to give some political points failed. It is known however, how he stands on the amendment, for directly after the last election, when the amendment interviews were secured, Secretary Thompson declared in the plainest terms that the white people of the State would be disappointed if the Democrats did not secure its enactment and ratification.

Fresh efforts are being made to cripple the recently established dispensary at Greensboro, but they will fail. This dispensary sells daily, at 30 per cent. profit, 100 gallons of whisky, which costs \$1.20 a gallon. The profits on other liquors is 20 per cent.

High Point now has 26 furniture factories, and three more are now being built. That town leads all others in this State in furniture making, using native oak mainly.

There was much excitement at the town of Red Springs, Robeson county, due to the assassination of its marshal, Thomas Atkinson, by a negro desperado. Bloodhounds were put on the trail.

Gen. Robert F. Hoke, who is the originator and the promoter of the extension of the East Tennessee and Western North Carolina railroad, says the exact route of the line from Cranbury Iron mine to Lincolnton is not yet settled.

Revenue collections in this district for the fiscal year ended June 30 show an increase over the previous fiscal year of \$1,000,000. They aggregated \$2,250,000.

The grounds on which the Methodist Orphanage will stand have been cleared and look quite park-like. They are even better than was expected.

England Won.

LONDON, July 23.—England won out in the international university sports at the Queen's Club grounds today, but the American team from Yale and Harvard made a splendid accounting. An immense crowd witnessed the great series of contests of picked athletes from both sides of the Atlantic. The heat of the day was tropical and following a night's rainfall left London under a mist.

Masses of the blue and crimson were in evidence about the crowded stands, while the entire grounds were brilliant with the flags of all nations and the colors of Yale, Harvard, Oxford and Cambridge. The Prince of Wales was a prominent figure and the host of spectators was a noteworthy one. The track was in excellent condition.

HUMORS, boils, pimples and all eruptions are due to impure blood, and by purifying the blood with Hood's Sarsaparilla they are CURED.

CIVIL GOVERNMENT FOR CUBA.

Sec. Root's First Work May Be To Arrange For This Plan.

NEW YORK, July 23.—The question of the future of Cuba will receive the immediate attention of the new Secretary of War. The President considers that the time has come for doing something in the direction of establishing an independent civil government in Cuba. He wants to have a policy well defined, so that he will be able to tell Congress, in his forthcoming annual report, what the future attitude of the United States toward Cuba should be.

The President had an interview yesterday with Gen. Charles Garcia, a son of the late Gen. Calixto Garcia, in regard to the question of holding conventions for the elections in Cuba preliminary to the establishment of an independent form of government. General Garcia represents the Republican League of Cuba, and came here to secure authority from the President for taking proper steps, through the medium of suffrage, to establish an independent form of government and thus prepare the way for complete political control of the island.

The President believes some action should now be taken to give the Cubans a trial at self-government, and Mr. Root will formulate plans whereby they will have an opportunity to establish some kind of government which this country can recognize.

DeWitt's Little Early Risers expel from the system all poisonous accumulations, regulate the stomach, bowels and liver, and purify the blood. They drive away disease, dispel melancholy, and give health and vigor for the daily routine. Do not gripe or sicken. F. S. Duffy.

Watermelons Given Away.

NEW YORK, July 23.—Eight carloads of watermelons were yesterday given away at the freight yards of the Pennsylvania Road in Jersey City. This was done because the company wanted the cars, and the New York consigners did not send for the fruit. The loss falls on the consigners in the South.

Owing to the strike of the freight handlers in New York the cars loaded with freight for New York have been unloaded in the freight yards in Jersey City by men sent over from New York and taken on trucks to their destination. The New York strikers sent a delegation to Jersey City to induce the freight handlers there to join in the strike, but the men said that, as they were not asked to handle the fruit, over which the trouble seems to exist, they could see no reason for striking.

DeWitt's Little Early Risers benefit permanently. They lend gentle assistance to nature, causing no pains or weakness, permanently curing constipation and liver ailments. F. S. Duffy.

May Be a New Chairman.

CHICAGO, July 23.—William J. Stone, of Missouri, could have become chairman of the Democratic National Committee in name as well as fact last Thursday had he been so minded and with the full consent of Senator James K. Jones, of Arkansas, the nominal chairman.

Mr. Jones was given explicit authority by Chairman Stone to name all committees or subcommittees which might be necessary or might be created under new rules; to do anything he thought best for the party in the name of the chairman, and, most important of all to offer Mr. Jones' resignation to the committee, "if the conditions should seem to demand it."

The politicians' construction on this is that Mr. Stone will be the Democratic party's general manager until the convention of 1900, and probably afterward. Senator Jones will have legislative work at Washington on his hands all next winter. After his near approach to death last spring he will not wish to overtax his strength.

Looking forward to 1900 it is deemed almost a certainty that Mr. Stone will be chairman of the National Committee after the next convention. If Mr. Jones is re-elected chairman, Mr. Stone will surely head the campaign committee.
