## TO GET EVEN.

Removal of Postmaster Chadburn of Wilmington Planned.

**Because He Favored White Supremacy. The Third Regiment Grape Crop is Poor in Some Sections. The Corporation Committee.**

**RALEIGH, July 25**—A matter which was discussed in the late Republican meeting here was the removal of James H. Chadburn as postmaster at Wilmington. It will be recalled that during the last campaign Chadburn wrote two letters to Senator Pritchard. In the first of these he declared that there was no negro domination in North Carolina, but in the second letter he corrected his statement in the first and said plainly that not only was there such domination, but that the white men of the State should act and put a stop to it. Senator Pritchard feels that the letter put him in a false light. State Chairman Holton feels that it was the turning point in the campaign and also makes it a personal grievance.

With a view to having Chadburn removed, charges have been filed against him on which, if possible, to hang removal. Chadburn's friends have gotten wind of these charges, and also of the plan to oust him. They have made inquiries and are told that his removal or retention rests entirely with Senator Pritchard. What he says "goes" Governor Russell is very anxious that Chadburn be retained, and thinks it best for all concerned that he serve out his term. This view is shared by such conservative Republicans as Judge Fumell and Attorney General Walshe. Chadburn is being bitterly fought by those who were interested in the campaign, and particularly by two or three defeated candidates for judge. No decision as to whether Chadburn should go or stay was arrived at by the conference, but it is said that Senator Pritchard was mollified but little if any.

George Z. French, of Wilmington, is here, Governor Russell's guest. The office of the United States district attorney appears to be the particular point of interest to French.

Major E. M. Hayes, for so many years major of the Seventh Cavalry, is promoted lieutenant colonel of the Fourth Cavalry, and has arrived in this country on his way to the Philippines. Adjutant General Royster was here on his way to the camp of the Third Regiment at Morehead City. He says there were 493 of the Second Regiment in camp and that the companies averaged 40 each. There were only 11 companies in camp. The twelfth, of Scotland Neck, for some reason as yet unknown to Adjutant General, failed to be present. Under the regulations this causes its disbandment. The review and inspection of the regiment were very satisfactory to the Adjutant General. He says the Third has something over 400 in camp. All save three companies have over 50 men present. Raleigh has 54.

It is now stated positively that work will be commenced on the building of the new Benbow Hotel at Greensboro inside of ten days. The congestion of travel is increasing, and it will be to the financial interest of some one to erect a large, modern hotel there. John C. Short recovers \$6,000 damages against John Gill, receiver of the Cape Fear and Yadkin Valley Railway, for injuries received while yardmaster at Greensboro.

Samuel Archer, one of the leading members of the Farmers' Alliance in North Carolina, makes a direct attack upon the order, saying that all the efforts of the late L. L. Polk to build up the order has been set aside and that the Alliance has been converted into a political vehicle to put Populists into office and advance that party's interests.

Mrs. Thomas T. Hay died at her home here yesterday evening after a long illness. She was a daughter of the late Major Seaton Gates and a granddaughter of Mr. Gates, one of the editors of the once noted National Intelligencer. Thos. M. Argo, Esq., so well known for his ability and for years prominent in Republican politics, says with his customary frankness that the Republican party simply cannot hold its white voters in line against the franchise amendment. He intimates that the party has lost its grip on its white vote.

News comes from Southern Pines that the Niagara grapes in the large vine yards there are decaying so rapidly that it seems that the crop will be a failure. The Niagara Grape Company sustains the heaviest loss. The Delaware grapes are all right and are a fine crop. This is also the case in the Raleigh section. Mr. James W. Tull's grand new hotel at Pinehurst is to be named "The Carolina," and will have 300 rooms. It is said that it will be completed by December 15th.

In regard to the junction case before Judge Simonson, at Asheville, August 25th, regarding the increased assessment of roads for taxation, Chairman McNeill of the corporation commission said that it was probable that the commission

would be represented only by attorneys, and that the case would be heard upon affidavits. The commission will take up the matter of back taxes on rolling stock claimed to be due from the Southern Railway and another road. The Pullman Car Company did not get notice in time to file its exceptions and so will be heard later. The commission has asked the State Auditor for facts as to the refrigerator and fruit cars in North Carolina. The information as to these is hard to obtain.

**Weekly Crop Bulletin.**  
During the week ending Monday, July 24, 1899, the temperature, though slightly above the normal, was moderate with maximum readings exceeding 90° on only a few days; there was, nevertheless an abundance of sunshine. Local rains occurred on the 17th and 18th, and also from the 23d to 24th, inclusive, and were again very irregularly distributed. In the Eastern District sufficient rain has generally fallen except over portions of a few northern counties; along the coast from Hatteras to Wilmington a large amount occurred.

In the Central District drought continues over all or portions of the following counties: Richmond, Scotland, Randolph, Orange, Anson, Davidson, Montgomery, Stanly, Union, and Guilford. In the Western District the drought is severe in portions of Polk, Henderson, Cabarrus, Catawba, Buncombe, Rutherford, Iredell, and especially Mecklenburg. Mr. J. N. Bingham, correspondent at Lenoir, states that the drought in Mecklenburg has not been equalled since 1845 or 1881.

Over the counties suffering from drought crops continue to deteriorate; gardens are nearly ruined, upland corn dried and practically ruined, and cotton is beginning to droop; some shedding of young bolls was reported in Anson county. In the droughty districts cotton is blooming to the top before it has formed sufficient seed. Lowland crops, however, continue good.

In the remainder of the State the week was favorable; crop conditions have improved and the outlook is promising. Corn is maturing rapidly; late planted is doing well. The army worms have diminished or disappeared. Where showers occurred cotton is forming bolls slowly, though the plants are small. Considerable tobacco was cured under favorable conditions this week; curing is becoming general. Tobacco cures are reported good, with bright color and excellent body. The crop is inferior in the north central counties. Minor crops are doing well. Sweet potatoes are being killed. Peanuts continue to bloom profusely, and a large yield may be expected. Rice and field peas have improved. Shipments of melons continue on a large scale. Much hay of excellent quality was saved in western counties.

DeWitt's Little Early Risers expel from the system all poisonous accumulations, regulate the stomach, bowels and liver, and purify the blood. They drive away disease, dissipate melancholy, and give health and vigor for the daily routine. Do not gripe or sicken. F. S. Duffy.

**Dangerous Actions.**  
**MARION, July 24**—Last Saturday night about 11 o'clock the vestibule train was wrecked at Nabo station by reckless conduct. A young lady on her way to Knoxville, Tenn., came near being killed by a rock which struck her on the head. A telegram was sent from here to Old Fort to have a physician there to attend the injured lady on the arrival of the train. Suspicion points to two young men. Detectives are on the lookout for the ones that did the sneaking act. Judge Coble who was sitting in the car narrowly escaped being hit. The passengers were very much frightened over the occurrence.

**Wheeler Sails.**  
**SAN FRANCISCO, July 24**—The transport Tartar sailed for the Philippines today. She was to have sailed yesterday, but was delayed by the late arrival of Companies G and D of the Nineteenth Infantry.

The Nineteenth Infantry, part of which goes on the steamer, is the largest regiment in the United States, if not in the world, having 1,800 men. It is the first to be completely recruited under the new organization of 128 men to a company. The remainder of the regiment will sail this week.

Gen. "Joe" Wheeler and his daughter are passengers on the Tartar. Besides the regulars, 175 recruits are on the transport.
