A DAY IN THE CITY.

Hails fell again last night after a week. This was the sixth day of rain.
 Fall with stationary temperature and southwest winds, is the Weather Bureau forecast for today.
 Although the weather has been against good practice, the New Bern Hotel team sets out every night for the 150 and 200 yard runs.
 The little child of Miss Carry Willis fell from the second story window of its mother's house on Metcalf street on Thursday, but was not seriously injured by the fall.

The JOURNAL acknowledges with pleasure the receipt last night of a fine water melon from S. J. Hudson & Co., which received the careful attention of the office force.
 The train of sixteen coaches went down to Weldon yesterday afternoon, for the Third Regiment, which will come up this morning, having finished its week encampment.

Where Salt Stresses Blow.
 Two of New Bern's charming young ladies, Miss Annie Stevenson and Miss Mary Gules, went down to Beaufort last night to spend a week with Miss Sarah Davis.

The young ladies have gone to the seaside for their health—so they said—and intend to have front rooms in Miss Davis' hospitable home with windows looking out on the sounding sea and have prescribed for themselves soft shell crabs and numerous snails.

To 'Frisco and Back.
 George Scott returned to New Bern last night after an absence of nearly three months during which time he served in the 15th Infantry.

Four other New Bern boys left at the time Scott did. They were Don Wood, Joe Brock, Cecil Taylor and S. F. Hurt. They went to Raleigh where they enlisted and all but Brock went into the 15th Infantry. He went into the Cavalry. They were sent from Raleigh to San Francisco and went into training quarters there.

A second physical examination was held at San Francisco and Scott failed to get through on account of ingrowing toe nails. He has enjoyed his trip. The other boys are well and expect to leave for the Philippines in a short time. Brock was promoted to Sergeant while on the Pacific coast.

Two other New Bern boys are on their way west to San Francisco, Rodolph Walker and Eugene Dupree, having enlisted at Raleigh some weeks ago. New Bern will be fully represented among the Filipinos.

Greene County Fusion Case.
 The case before Judge Bryan Thursday night was continued to the hearing at Court. This is the suit brought to make the three members of the Fusion Board of would-be County Commissioners show cause why they should not be restrained from interfering with the management of Greene county.

These three claimed to be elected but by the recount by order of Judge Robinson it was found that three Democrats were elected. The Democrats co-operated with the four men appointed by the Legislature and have since had control of the county.

"Our baby was sick for a month with severe cough and catarrhal fever. Although we tried many remedies she kept getting worse until we used One Minute Cough Cure,—it relieved at once and cured her in a few days."—B. L. Nance, Prin. High School, Bluffdale, Texas. F. S. Duffy.

Bank For LaGrange.
 At a meeting of the citizens of LaGrange in the city hall today to organize a bank, Mr. S. I. Wooten was elected chairman and Mr. R. M. Harper, secretary.

The chair stated the object of the meeting and declared the meeting open for business. Hon. James A. Bryan, of New Bern, was introduced and made a proposition which was eagerly accepted. He proposed to furnish \$10,000 if our citizens would subscribe \$500. The amount was pledged. Wednesday, August 2nd, 3 p.m., was appointed to meet and perfect the organization, elect officers, etc.

The Bank of LaGrange was decided on as a name, and the sense of the meeting was that Mr. James A. Bryan be elected president, secure the charter, purchase safe, arrange for books, stationery, etc. Messrs. R. B. Kinsey, O. Taylor, Shado Wooten, C. P. Barrow and Simon Wooten were appointed a soliciting committee.

The thanks of the citizens were voted to Mr. Bryan, and three cheers proposed. The meeting closed amidst much enthusiasm.—Kinston Free Press, 28th.

Mr. F. B. Rice, of this city, who was appointed inspector in Captain Gannon's stead, but whose claim to the office Captain Gannon would not recognize, also went to New Bern and returned last evening. He carried over his commission, and he and Captain Gannon both inspected a vessel. Captain E. E. Groom of Charleston, inspector of boilers, was also in New Bern.

We learn that Captain Gannon intends to hold on and it is some legal steps will be taken to prevent Mr. Rice from serving as inspector.

Mr. Rice has been deputy collector of customs at this port and we learn that he will be succeeded by Mr. T. E. Wallace, assistant postmaster.—Wilmington Messenger, 28.

A Generous Act.
 The Southern Railway is doing the right thing by the firemen of this State. Mr. Fred N. Tate, agent, informs a News reporter that his road has agreed to handle, free of charge, to Greensboro, such apparatus as the various companies will use at the coming Fireman's Tournament. This kindly act on the part of the Southern will be duly appreciated by the firemen as well as the cities from whence they come.—Charlotte News.

Cosmopolitan for August.
 "Richly illustrated" barely describes the August Cosmopolitan, there being in that great number one hundred and forty six different illustrations of all sorts and sizes and not one of them commonplace or uninteresting. The literary features of the magazine vie with the pictorial, the whole forming a most attractive magazine for summer reading.

Dismal Swamp Canal.
 We understand that in a few days there will be an official announcement that the Old Dismal Swamp Canal will be open to navigation for steamers and other vessels carrying not over 10 feet draft, and that the shoals and other obstructions in our sounds and navigable water courses will be dredged out by the Government to that depth. We think the principal beneficiaries of this great work of internal improvement will be Baltimore, in Maryland, and Elizabeth City, in North Carolina. These two places will be the main points at the northern and southern terminal of the trade passing from the Carolinas sounds.—Elizabeth City Economist.

One Minute Cough Cure quickly cures obstinate summer coughs and colds. "I consider it a most wonderful medicine,—quick and safe!"—W. W. Merton, Mayhew, Wis. F. S. Duffy.

Fight Against Postmaster Chalmers.

The "Journal's" Wilmington "column" published on this had an interesting letter on the Wilmington post-office fight, and yesterday's Wilmington issue has the following on the same subject:
 "It has been known for several days, and in fact weeks, in political and newspaper circles here, that considerable trouble is being made for Postmaster W. H. Chalmers, of the Wilmington office, in the Postoffice Department at Washington by certain prominent members of his own (the Republican) party in this State, but it has not and is not now believed by those who should be in a position to know best that the fight will result seriously for Postmaster Chalmers; that is, it is not believed that his enemies will succeed in ousting him from his office, so appears to be their intention.

"Interest in the fight was considerably quickened yesterday by a report current about the city during the forenoon that Mr. Chalmers had on last Friday forwarded his resignation to the Post Office Department at Washington. Referring to the report Mr. Chalmers told a member of the Star staff that he had nothing whatever to say regarding the fact that he had resigned. He declined to discuss any matter pertaining to the fight since its inauguration. A number of his most intimate friends and several also who are not his friends but who ought to know, expressed the opinion that there was no truth in the report.

"As it is well known the principal charges reported as being urged against Mr. Chalmers are some alleged irregularities in his recent successful efforts to have the Wilmington Postoffice advanced from the second to the first-class.

"He That Any Good Would Win" should be provided with good health, and everyone who would have good health should remember that pure, rich blood is the first requisite. Hood's Sarsaparilla, by giving good blood and good health, has helped many a man to success.

Organs And The Tunes They Play.
 When a newspaper becomes a personal organ, it is forced to continue to blow and puff him whom it has made the newspaper god, says the Dallas (Tex.) News. When it becomes a political organ, then it must follow and endorse the act of the leaders in the party whoever they may be. The public which subscribes to and sustains the paper will not stand this. It demands independence in its paper, and if it cannot get what it demands, it will turn to some other paper. The organ of the public is the only organ that will play for any length of time.

The Best Prescription for Chills and Fever is a bottle of Grove's Tasteless Chill Tonic. It is simply iron and quinine in a tasteless form. No cure—no pay. Price 50c.

Wilmington Colored Refugees.
 It may not be generally known, but it is a fact nevertheless, that hundreds of colored people who left Wilmington, N. C., during and since the race troubles last fall, have settled in Norfolk. Several have embarked in business, quite a number are at hard work, while many are living from hand to mouth, so to speak. It is said that more than two hundred of the recent exiles failed to return to Wilmington, and are quartered with relatives and friends, waiting like William Midawber, for something to turn up.—Norfolk Virginian.
