### WILL APPEAL CASE.

#### Holders Of Stanly County Rail-Road Bonds.

Newspapers Decried For Saying County Would Repudiate Farmers Alliance Out of Politics. Charlotte's Showing. Federal Prisoners Kick

RALEIGH, Aug. 14.—The great yearly meeting of the Friends at High Point has ended. Representatives of Quaker committees were present from a score of States, even from California. This yearly meeting sent a representative to England last year.

So early is the tobacco season in the extreme eastern section that curing in some sections is said to be finished. In the extreme west the frost frequently catches a lot of the tobacco before it can be cut.

Charlotte, a place of 80,000 population has 4,000 persons at work in its various manufacturing. Half of these are employed in cotton mills.

The holders of the Stanly county rail-road bonds will appeal from the decision of the United States Circuit Court of Appeals that the bonds are invalid because the act authorizing their issue was not read on separate days in the Legislature. Coler & Co., the holders, claim that it is a mere subterfuge and an effort to repudiate. Counsel for Stanly County the newspapers which have said repudiation was attempted. Feeling has been quite high in regard to these bond suits.

Farmers' Alliance men say they are sincere in the declaration that their order must be taken out of politics, which to tell the truth, have well-nigh swamped it. They claim it has reached its turning point and that now it will grow.

It is said that a very handsome row of "flats" will be erected facing the Governor's mansion, and its beautiful grounds. The plans are in hand. It appears probable that there may be another hotel. The statement was made that \$14,000 had been paid for the site, in front of the city hall.

Marshall H. C. Dockery will take a two weeks' vacation at Blowing Rock.

All the people who come here from eastern North Carolina say they never saw finer crops.

State Treasurer Worth went to High Point to attend the great Yearly Meeting of the Quakers.

The State charters the Venable Tobacco Warehouse Company of Wilson. The owners are R. L. Dibrell, A. B. Carrington and S. W. Venable, Jr.

Some of the Federal prisoners in the penitentiary "kicked up a bobby" about working in the brickyard. Last spring a lot of them refused to work. Half a dozen were whipped, being given from nine to three lashes each, and it had a most salutary effect. Such was the statement made by Superintendent Day, who ordered the whipping done.

The shipment of grapes from this section is about ended. The crop was quite a fair one.

Not in 30 years has home grown fruit been scarcer than in this section this season. There are literally no peaches, apples or pears.

The Commissioner of Agriculture is so well pleased with the attendance at and interest in the farmers' institutes so far held in the east that he says others will be held in that section.

The Supreme Court and library building is very far from being fire proof, but it ought to be protected in as many ways as possible. The basement is now partly used as a document room by the Secretary of State and a spark in the waste paper would do irreparable damage.

President George T. Winston, of the A. & M. College, says that in each county an examination will be held August 19th, at the court house, to ascertain who are entitled to scholarships. There are 120 scholarships.

It is the understanding that the legislative investigating committee will meet here Tuesday.

#### STRICKEN PORTO RICO.

Plague Threatens to Following the Great Hurricane. People Claim for Bread.

SAN JUAN, Porto Rico, August 13.—Reports received here estimate the number of lives lost in the recent hurricane as follows:

In Porto Rico: Ponce 1,000, Humacao 64, Arroyo 26, Arecibo 120, Palocco 200, Juan Diaz 46.

In other islands: Montserrat 74, St. Croix 30, Guadalupe 102, Nevis 31. Estimated number of deaths, 1,984.

Five hundred of the dead are lying in the morgue at Ponce.

There is much illness in that town owing to the scarcity of food and water. Cisterns were filled with salt water when the sea was forced into the town by the wind, rendering their contents unfit for use.

Sediment and wreckage in which dead bodies are imbedded choke the streets. An epidemic seems certain, and as there are no medicines, if it once gets

#### DRUYFUS COUNSEL IS SHOT.

Maitre Labori Assassinated at Dinner by Supposed Spanish Anarchist. Special to Journal.

PARIS, August 14.—Maitre Labori, counsel for Capt. Dreyfus, was shot while on his way to court today.

The assassin is believed to be a Spanish Anarchist who intended the bullet for Dreyfus, but mistook his man.

Labori's young wife reached him after he was shot and supported his head while he lay on the road before being carried to the hospital. Labori's condition is critical. He said: "I must die but Dreyfus is saved."
