RALEIGH.

Option On State Swamp Lands Renewed For One Year.

Negro Convention For Political Purposes. Smallpox at Winston Cotton Mills at Hickory. New Gold Mine. Teachers Institute.

RALEIGH, Aug. 17.—Laurinburg is the first place to start a campaign club. One will be organized there this week to be known as "The White Man's Constitutional Amendment Club."

The board of trustees of the State Library have reduced the price per volume of the Colonial and State Records from \$5 to \$3.

Raleigh for some time has had no baseball or athletic park, but now, out at the Agricultural and Mechanical College park, a squad of pestiferous coverts are grading and soon there will be here one of the most thoroughly up-to-date parks in the State.

Dr. Richard H. Lewis, secretary of the State board of health, has advised the mayor of Winston to order compulsory vaccination, so as to prevent the spread of smallpox, which has appeared in that place. A case was reported here yesterday, but it was quickly contradicted.

It is said that part of the plans of the negro convention, to meet here in September 27-28, will be to see how best to prevent the carrying of the polls of the constitutional amendment, and in case it is carried to look to the emigration from the State of the negro.

The seaboard branches are to be consolidated, says rumor, and rumor also says that some stockholders are not in favor of the plan, and may sue for an injunction to prevent a meeting of the stockholders, which is called for September 6th.

The ground upon which Oliver H. Dockery bases his claim for a seat in Congress against John D. Bellamy, is that he has spent a long life fighting the battles of his party with little reward.

Capt. K. S. Finch, of Charlotte, renewed his option on all the swamp lands belonging to the State which was once granted to Finch and Falling. The option is for a year dating from February, 1909, and embraces 500,000 acres in eastern North Carolina, including all the swamp lands owned by the State board of education. The price is 50 cents per acre. The contract provides against the sale of less than 1,000 acres at one time. It is understood that purchasers are negotiating with a Northern syndicate for the sale of the entire lot.

Judge Adams appeared at Burlington for J. W. Massey, who alleges, in his suit against the town, that during the smallpox epidemic the authorities took his residence for a pest house, and now he can't sell or rent it.

At Asheboro more than 3,000 people attended the Confederate reunion at that place last Saturday. The principal address was delivered by Mr. F. C. Robbins of Lexington.

The Globe Furniture Company, of High Point, has put in new machinery and will enlarge its plant.

Mr. H. A. Moffit, of Asheboro is warning the public generally not to have anything to do with a check for \$1,450, which was sent to him some days ago but has not yet reached its destination.

The option held by Jordan, Sinclair and McDonald on the Benbow House property at Greensboro, expires in a week's time. It is supposed that they will pay the necessary \$85,000 for the property, but if they decide not to purchase, it is understood that there will be no difficulty in a sale at the figures mentioned. The Benbow paid from 30 to 50 per cent. on the investment, and travel here is increasing tremendously.

The big addition to the Cannon factory at Concord, is nearly completed. The walls are up and the woodwork is being pushed, the builders are rushing the work on the cotton seed oil mill and will have everything in readiness for the coming season.

Two cotton mills are to be built at Hickory, papers having been signed and stock all subscribed by outside capital, and a few of the leading business men, including A. A. Shuford, president First National Bank of Hickory, O. Geitner, president Burke County Bank. This mill is to be capitalized with \$50,000. One of the parties interested says that ground will be broken as soon as a location can be agreed upon.

The second mill is being organized by Mr. E. L. Shuford, who will either locate in town or near South Fork river, two or three miles south of the city.

A valuable gold and copper mine has been discovered, and is now being developed on the lands of Solomon Morgan in Morgan's township, Rowan county. The ore is very rich.

The interest in the teachers' institute at Salisbury is growing daily and the attendance is keeping pace with the interest. About 43 teachers have already been enrolled and many others will have their names added to the list. Yesterday was one of the most interesting days of the week.

DEATH AT SEA.

A Schooner Goes Ashore Near Mattress And Five Men Are Drowned.

NOFOLK, Va. 16.—The schooner Aaron Reppard went ashore today near Gull Shoals Life Saving Station and is a total wreck. Of the crew of eight men but three were saved.

An awful gale has been blowing off this coast for the past thirty-six hours and fears have been entertained for the safety of vessels at sea, especially in the vicinity of Jangleous Cape Hatteras. At 2 o'clock today not unexpected news of a calamity reached Norfolk and the Weather Bureau reported that an unknown three-masted schooner was in distress south of Gull Shoal Station, which is about twenty miles north of Cape Hatteras.

The wind has blown a gale all the afternoon and communication with coast points has been uncertain, the telegraph lines to the coast and the telephone lines along the shore which connect the life saving stations working indifferently at times and at other times not at all. Tonight, however, a message confirmed the news received earlier in the day and conveyed the further information that the schooner was the Aaron Reppard, that she had gone to pieces and that only three of her crew of eight men were saved, the other five having in spite of heroic efforts upon the part of the life savers gone to their graves beneath the sea.

The Reppard, a schooner of 404 tons net registered, is reported to be bound from Philadelphia, her home port, for Savannah. She was 140 feet long and 24 feet beam.

Hamilton Clark, of Chaucey, Ga., says he suffered with itching piles twenty years before trying DeWitt's Witch Hazel Salve, two boxes of which completely cured him. Beware of worthless and dangerous counterfeits. F. S. Duffy.

Many golden opportunities have been lost by those who suffer from rheumatism. By taking Rheumacide now they will be permanently and positively cured.

"Our baby was sick for a month with severe cough and catarrhal fever. Although we tried many remedies she kept getting worse until we used One Minute Cough Cure,—it relieved at once and cured her in a few days."—B. L. Nance, Prin. High School, Bluffdale, Texas. F. S. Duffy.

Lemons 15 cents dozen at McSorley's.

J. J. Baxter is closing out his summer clothing, shoes, dress goods, &c., very low.

Kodol Dyspepsia Cure cures dyspepsia because its ingredients are such that it can't help doing so. "The public can rely upon it as a master remedy for all disorders arising from imperfect digestion."—James M. Thomas, M. D., in American Journal of Health, N. Y. F. S. Duffy.

The soothing and healing properties of Chamberlain's Cough Remedy, its pleasant taste and prompt and permanent cures, have made it a great favorite with the people everywhere. For sale by F. S. Duffy & Co.
