RALEIGH, Aug. 23.—From 1890 to 1898 North Carolina's population has increased 177,000. In this length of time the increase in the number of bachelors of color is 5,000,000 bachelors, while in 1900 it is 2,000,000, and in 1908, 1,000,000.

In the manufacturing line North Carolina has made a commendable advance. The increase in the number of manufacturing enterprises is 3907; capital invested, \$28,000,000; number of employees, 35,314; wages paid, \$7,000,000; raw material consumed \$22,000,000; finished product, 40,000,000.

Ten thousand people are attending the old Baptist Association, which convened Saturday morning at Wolf Island church, one and one half miles from Raleigh. A number of the best known Baptist preachers in the State are present.

There was rather a strange arrest made here. A man by the name of John Campbell came here, and went into the jail to see his brother, who was arrested here about a week ago. After the man was inside the officers recognized him as a man for whom they had a capias. The doors were quickly locked, and the visitor became a prisoner.

The improvements that are being made at the blind asylum here will be completed by the middle of September. The school will open with a good attendance.

The Standard Gas and Electric Company will put in a ten inch main in ten of the streets here.

The report that Judge Fennell has requested the resignation of Clerk Fountain and will appoint Mr. Geo. Green, of New Bern, his successor, is said by Republicans here to be true. The reason that Fountain is to be bounced is because his creditors have made complaint.

One of the Federal prisoners, Wright, sentenced to the Raleigh penitentiary for five years, has been caught. He hid under a boiler inside the prison and failed to get out.

Capt. R. B. Glenn is in Asheville to represent Key & Co., of Statesville, whose whiskey establishment was seized by revenue officers a few days ago. He will also visit Washington and see the Commissioner of Revenue in the interest of the firm.

SHIFTING GOING ON.

Filipino Making a Hard Fight With Large Forces.

MANTILA, Aug. 22.—The Filipino insurgents appear to retain much more of a fighting spirit than might be expected after their recent San Fernando experience and General Lawton's drubbing in the south.

After giving up San Fernando with a feeble struggle, they entrenched themselves at Angeles, working for several days and impressing non-combatants into the work, thus saving the armed men for the fighting.

They engaged Lieutenant-Colonel Smith's regiment and the artillery warmly for four hours, making one of the most stubborn resistance of the campaign.

In the province of Cavite, where it was supposed the rebels had been scattered and demoralized beyond recuperation, they have assembled an army of several thousand men distributed among the important towns from the lake to the bay. After the San Fernando engagements the rebels attempted to deter the Americans from a further advance northward by menacing the railroad communications.
