WILL PICK CLEAN.

Officials Promise To See All The Cotton Is Picked.

Rest of Soldiers in the Spanish War. Flag Flying For Dewey. The Southport Railroad. College Debate. Decision Under Craig Law.

RALEIGH, September 30.—Penitentiary officials here sent from here to the Caldwells farm, which the State purchased this month, thirty convicts to pick cotton. This brings the number of pickers up to 500 convicts. There are also 150 hired pickers. The officials say that this season they will gather all the cotton. Last year much was lost, owing to carelessness of the fustianists. The present crop is variously estimated at from 2,500 to 3,500 bales.

Four convicts from Perquimans county arrived at the Penitentiary today. Wild dogs from a large forest two miles from Raleigh made a night ride before last and killed and partially ate nearly fifty turkeys.

As yet the roster of the North Carolina troops in the Spanish-American war has not been completed. Work was begun a few months ago, but only a few of the 5,000 names have been transcribed from the voluminous muster rolls.

National and State flags were displayed on the capitol today in honor of Dewey.

The Thirty-eighth, Thirty-ninth and Fortieth regiments are now full and today Lieutenant Daniel Johnson, who has been recruiting, was ordered to rejoin his regiment.

There is much interest felt in the proposed road to be built from Danville, Va. to Southport, N. C., at the mouth of the Cape Fear. This plan is being pushed by the incorporators of the Black Diamond road, and is in the hands of Albert E. Boone, of Zanesville, O. He wants to build a road from the immense coal fields of Kentucky, Virginia and Tennessee to tidewater, northport, with its magnificent harbor, which will be the deep-water terminus.

The new machinery recently purchased for work at the rock quarry is being carried through the city, and is of much interest to the "small boy" especially. The immense steam roller is the power which carries this machinery to the quarry.

Wake County Superior Court has finished its work.

The Federal Court here meets in December. The docket will be a large one.

The collegiate debate between Wake Forest and Trinity Colleges has been arranged by committees from the two institutions, to be held in Raleigh on Thanksgiving day.

There was a notably large ex-Confederate reunion at Lenoir, Caldwell county, at which Julian S. Carr, of Durham, the new major-general of the North Carolina division of the United Confederate Veterans, was one of the chief speakers. He was given an ovation.

Judge Moore, in the important case of the Mutual Reserve Fund Life Association against the Secretary of State, involving the question whether that company, which was domiciled under the Craig law by an agent against its wishes, can withdraw decided:

First, that in order to bind the company under the Craig act it is necessary that the company should authorize the filing of its charter and by-laws.

Second, that the company's general counsel did not have the power to file or direct the filing of the charter with the Secretary of State.

Third, that the filing was without the knowledge and consent of the company's directors.

Fourth, that the incorporation by or under the direction of the general counsel, under the conditions in this case agreed, was not efficacious in constituting the company a corporation in North Carolina.

It is therefore adjudged that the filing of the said charter and by-laws was nugatory, and the company is not a domestic corporation; that the alleged incorporation be vacated and annulled; that a copy of this order be filed with the Secretary of State with the company's charter and by-laws; that the defendant shall pay for the costs in this proceeding.

It will be noticed that the judge does not pass upon the other question—whether the insurance law repealed the Craig law so far as insurance companies are concerned.

GREAT SCENES.

Viewed of Demonstrations in New York in Honor of Admiral Dewey.

Special to Journal.

New York, September 30.—The great land parade in honor of Admiral Dewey is considered the finest New York has ever had. It ended without accident.

The head of the parade at 11:30 o'clock and reached the Dewey arch at Washington Square at 3 o'clock. There were thirty-five thousand men in line and it is estimated that there were three million and a half spectators. They extended in an unbroken line eight miles long.

The southern troops attracted great attention. A brigade of United States troops were in line and there were seven battalions of the naval brigade.

Admiral Dewey was simply overwhelmed by the tremendous cheers that greeted him. The sailors from his flagship Olympia led a dervish received with hearty applause. It was a beautiful day.

In the morning, at 9:30 o'clock, Dewey was presented in front of the City Hall by Mayor Van Wyck with the loving cup given by the city.

"If you scour the world you will never find a remedy equal to One Minute Cough Cure," says Editor Fackler, of the Micanopy, Fla., "Hustler." It cured his family of La Grippe and saves thousands from pneumonia, bronchitis, croup and all throat and lung troubles. F. S. Duffy.

The President has approved the Finding of the Court Martial Against Capt. Carter.

Special to Journal.

WASHINGTON, September 30.—The President has approved the sentence by court martial of Captain Carter to five years imprisonment and a fine of \$5,000. The dismissal from the army was approved yesterday. The Adjutant General today promulgated the sentence and it will be published in the State whence Carter came or where he actually resides.

Carter was arrested at the Athletic Club in New York today and sent to Governor's Island where he will be held until sent to the military prison at Fort Leavenworth.

The "Pious Boy Preacher," Rev. J. Kirkman, Belle River, Ill., says, "After suffering from bronchial or lung trouble for ten years, I was cured by One Minute Cough Cure. It is all that is claimed for it and more." It cures, coughs, colds, grippe and all throat and lung troubles. F. S. Duffy.

WAR IN AFRICA

Boers Armed And On The March Ready To Fight.

Struggle May Begin Any Moment. No Reply Made To England's Last Note. Kruger Says Peace Is Impossible.

Special to Journal.

PRETORIA, Sept.—30.—The wildest excitement prevails in the Transvaal. Vice-President and commandant General Joubert go to Volksraad on the border today. Twenty-six ammunition trains have started for that point.

It is believed that all the Government High Courts of Justice will close at once and martial law be proclaimed. Notice is issued that the mines may continue work, reasonable protection to be afforded, all gold mined to be deposited with the government out of which the expense of the war will be paid, any balance to be returned after the war is over.

The women and children are being sent away from Bloemfontein. Artillery is being loaded for the front and great activity is displayed at all points.

JOHANNESBURG, September 30.—Both sides are concentrating forces at Lesau's Neck. Great works are being thrown up and the strategic points in the neighborhood have been occupied.

LONDON, September 30.—No reply of the Transvaal government to the last despatch of Colonial Secretary Chamberlain has been received. One reason assigned is that there has been a break down in the wires of part of the South African land service.

Sir R. Buller, who will command the British forces in Africa in case of war leaves for the Cape on October 14th.

LONDON, September 29.—The Cabinet adjourned at 3:15 p. m. The ministers were heartily cheered by the waiting crowd. It is said from Boer sources that Mr. Chamberlain's proposals submitted to the Cabinet included an indemnity for the cost of sending out troops, the disarmament of the Transvaal forts, judicial and legislative independence for the judges, the equality of the English and Dutch languages, and full and complete admission of the supremacy of British interests throughout South Africa.

A dispatch to The Times from Pretoria says: "It is generally expected that a state of war will be proclaimed at any moment. President Kruger granted an interview today and declares he had done all possible for the sake of peace. He had accepted Mr. Chamberlain's own offer of a common inquiry, but Mr. Chamberlain deliberately broke the thread of negotiations. Troops were massed on all sides and war was forced upon him. It was impossible to accede to the dispatch of the 19th."

The British colonists of Rhodesia are organizing a volunteer corps, have formed a cycle detachment and have constructed an armored train with an engine plated with steel rails.

A telegram received today says two batteries of field artillery and five hundred Burgers have started for Volksrust and that another 500 men go there today.
