RALEIGH.
Man Who Killed Capt. Barnes On Trial At Wilson.
 Cotton Convention At Capitol Wednesday Night. Republican Convention Meets At Asheville.
Box of Gold Found. New Insurance Building.
 RALEIGH, October 13.—John J. Jefferson, white, the self-confessed murderer of Capt. William Barnes, of Wilson county, who had been in jail here for safe keeping nearly two months, was taken to Wilson for trial. The trial begins Monday. The evidence against him is considered ample to convict him of murder in the first degree and there is no doubt of his guilt. He was not told until 3 o'clock that he was to be taken from jail and said he was glad to go. The sheriff of Wilson and two deputies took him.
 Commissioner of Agriculture Patterson says the State cotton growers' convention will be held here in the hall of the House of Representatives, next Wednesday evening at 8 o'clock. Either Col. John S. Cunningham or Commissioner Patterson will call the meeting to order. A good attendance is confidently expected.
 The annual sale of home bred horses was held here. Prices ruled low.
 The news that the Republican State executive committee is to meet at Statesville is interesting. Usually it meets here.
 Senator Butler's paper jumps some more on the franchise amendment and asks some questions of the Democratic caucus.
 It was street news that a white man had found a box of gold buried by another well-to-do and eccentric old white man a good many years ago on his farm a mile northwest of Raleigh. The old man had lost the bearings and could not find the box. It is also said that a law suit brought by the heirs will be one result of the find.
 The Democratic editors of the State will meet here next Tuesday afternoon at 4 o'clock, the regularly organ 'ze. Robert M. Freeman, of The Morning Post will call the meeting to order. The session will probably be held in the Senate chamber.
 A contract is made for the construction of the North Carolina Home insurance building here. It will be 55x70 feet and three stories in height.
 The State board of pharmacy licenses the following pharmacists, who passed examination, out of 10 applicants: Geo. Y. Watson, Southport; William M. Tucker, Reidsville; F. W. Faries, Goldsboro; Samuel M. Riddle and Edward H. Smith, Raleigh; Hiram Grantham, Smithfield; John H. Harris, colored, Charlotte.
 Wake's cotton growers have regularly elected delegates, 54 in number, to the State convention.
 The Agricultural Department had a request from the Japanese government for the copies of the fertilizer laws of this State.
 The Richmond papers say much North Carolina official printing is done in that city.
 The sales of fertilizer tax tags are being made this fall in about the usual amount. The sales are never very heavy in the fall.
 The posters for the negro State Fair here (the 21st annual one) are being put up. October 31st-November 3rd is the time.
 There were present yesterday at the white blind institution 136, and at the negro deaf mute and blind institution 135. The rooms in the new third story of the white institution will be ready for occupancy next Wednesday. The attendance today is 73 greater than ever before at the opening. Principal John E. Ray says: "If no applications had been declined there would have been 325 present today."
 Mr. H. E. Fries of Winston went to Baltimore to confer with some New York gentleman relative to the proposed sale of the Winston-Salem Street Railway to the Fries Power and Manufacturing Company.
 "It did me more good than anything I ever used. My dyspepsia was of months standing; after eating it was terrible. Now I am well," writes S. B. Keener, Holington, Kas., of Kodol Dyspepsia Cure. It digests what you eat. F. S. Duffy.

WAR AND DEATH.
 Reported dynamiting by the Boers of a Train. Killing of Women and Children Denied.
 Special to Journal.
 CAPE TOWN, October 13.—The Boers blew up an armored Refugee train last night near Vryburg in British Bechnanaland. It is reported that 200 were killed, mostly women and children.
 CAPE TOWN, October 13.—(Later).—The train blown up by the Boers, last night was an armored one. It was captured at Kraal Pan 40 miles from Mafeking.
 This train has acted as pilot train to the Refugee train to Vryburg and then ran back. The Refugee train is reported as being safe at Vryburg today.
 Vryburg is not occupied by the Boers.
 JOHANNESBURG, October 12.—War was declared yesterday. The formal declaration occurred at 19 o'clock this morning.
 LONDON, October 12.—Following is the text of the British reply to the Boer ultimatum:
 "Chamberlain to Milner, High Commissioner. Sent 10:35 p.m. October 10, 1899:
 "Her Majesty's government have received with great regret the peremptory demand of the South African republic, conveyed in your telegram of October 9th. You will inform the government of the South African republic, in reply, that the conditions demanded by the government of the South African republic as such as her Majesty's government deem it impossible to discuss."
OUR INTERESTS INVOLVED.
Many Americans in the Transvaal Boers Will Fight Hard.
 WASHINGTON, October 13.—The officials of this government are watching with intense interest the progress of the war between Great Britain and the Transvaal Republic. There are in the Transvaal Republic and the adjoining country, the Orange Free State, more than a thousand Americans, many of them representing large American business interests. These men and their interests must be protected, and in addition, two or three consular officers we have over there—we have no minister in South African territory—will also look after the interests of British subjects, just as the British consular officers in Cuba did after American interests in Cuba during the war with Spain.
 There is also great danger that other powers may get mixed up in this war. Germany is understood to be in sympathy with the Boers, and Russia would probably be glad to do anything, short of actually assisting the Boers, that would be calculated to lessen British influence. This government will observe the strictest neutrality, and will have several warships in African waters as quick as they can be gotten there. While there is little doubt of the ultimate result, this war isn't likely to be a thirty day affair. The Boers are hard fighters, and until Great Britain has time to send a much larger number of troops than it now has on the grounds, the advantage will be on their side.

Ye Winds Are Absent.
