Female Regulator

Dranted at Hoston In 1848 and Called a Monapoly.

To the general court of Massachusetts belongs the honor of granting the first American putent. This was in 1648 and was then designated as a monopoly. It was confined to the region controlled by Massachusetts, and the one issue apparently included all ids. It corrects all men of Leucorrhoan. It restores the womo to its proper place. It removes the canses of headache, backache and nervousness. It takes the poor, debilitated, weak, haggard, fading woman and puts her on her feet syain, making her face beautiful by making her body well.
