CRAIG LAW.

Case Before the Supreme Court as to its Validity.

Masonic Temple. The Eligo Bell Society Marriage. Military Companies Disbanded. Illicit Distilling. As to Tobacco Tax.

Raleigh, October 26.—The Craig law and its constitutionality is the most important case before the Supreme Court this week. The lawyers who appear against the Bell Telephone Company in the case in which the question is involved declare that an Alabama case, which was decided by the Supreme Court of the United States, decided that the act was not violative of the Federal constitution. On the other hand, it is asserted that a Louisiana case entirely knocks out the Craig law.

The Masons are to have a temple here. It is to cost \$30,000. As yet they have not stated the location of the site. The Odd Fellows are soon to have a very handsome building. The Supreme Court today hearing argument in the case of Rev. T. J. Gattis against President Kilgo, of Trinity College, and B. N. Duke and W. R. Odell, trustees of Trinity. It is for \$10,000 damages for defamation of character.

The case involving the validity of the new road law was argued in the Supreme Court Tuesday. The point at issue is whether a citizen can be forced to work the roads. The case comes from Durham.

Della Dixon, M. D., of the faculty of the Baptist University here, went to Wilson to go before the State board of medical examiners in order to secure license to practice in this State. She is a sister of Rev. Thomas Dixon.

At the Church of the Good Shepherd yesterday Miss Lizzie Taylor and Mr. Henry W. Miller were married. There was a great turnout of society people. Dr. E. P. McKissick was best man. The gifts were as handsome and as numerous as were ever seen here. Mr. and Mrs. Miller left this afternoon for the northwest, in Col. A. B. Andrews' private car. It is said officially that one Chapter of the Daughters of the Confederacy in this place has already raised \$700 for Mrs. Stonewall Jackson.

The State charter the Central Tobacco Warehouse Company at Kinston, \$3,500 paid up capital, B. H. Loftin and other owners. Also the Carolina Christian College, at Ayden, Pitt county, Dr. Joseph Dixon and others stockholders. The Negro State Fair, which opens at the State Fair grounds here October 31st secures the same low rates of railroad fare granted the white fair last week. Revenue officers made a raid in Franklin county, and captured two large illicit distilleries.

Dr. George Bingham, of Davie county an inmate of the Soldiers' Home, died suddenly while sitting in a chair this afternoon, aged 70. He was a brother of G. A. Bingham, a well-known merchant of Salisbury.

The Scotland Neck Riflemen refused to obey orders and go into camp last summer, so the Adjutant-General has issued orders to disband the company. The Mt. Airy company, whose captain last summer was arrested and lodged in jail it may be remembered, was also disbanded, and its property turned over to the Blue Ridge Guards, another company formed in Mt. Airy.

Samuel Bartholomew, of Boscobel, Wis., writes the Secretary of State, asking if Colonel Gibson, of the Forty-second North Carolina Regiment, killed at Gettysburg, has any relatives in North Carolina. Bartholomew says he buried Gibson and that a ring and a watch were taken from his body. He knows where the ring is and desires to have it returned.

There are in the Eastern District 400 cases against moonshiners on the court docket. But few are on the Western docket. Judge Farnell of the United States Court, says that illicit distilleries are on the increase.

State Treasurer Worth rules that a merchant engaged in the selling of groceries and includes tobacco in his sales in any shape should pay all the taxes levied under section 21 on tobacco and cigars, and shall also pay under section 22 the tax on his capital used, less the amount of capital used in conducting the business taxed under section 21.

The portion of capital employed under section 21 is not liable to tax under section 22. This appeal came up on an appeal from the sheriff of New Hanover county for instruction.

AFRAID OF NONE.

England Prepares to Face Hostile Europe. Boers Pressing English Army. Losses 400.

The danger of European complications as a result of the Boer war seems nearer. Evidently, Great Britain is preparing to meet it, and other nations seem to be also on the alert.

A British squadron of eight battleships and five cruisers has been ordered from Cape Clear, Ireland, to Gibraltar. These will be added to a large squadron now in the Mediterranean. Dispatches to the London Daily Mail state that the French fleet has been instructed to watch the British warships, and that the Italian fleet is under orders to concentrate in the Bay of Spezia, on the northwestern coast of Italy.

The hostility of Russia and France to English interests is taken for granted, but Italy is supposed to be on terms of particular friendship with the Queen's Government. Germany, as far as official signs go, is also friendly, though her press is bitterly hostile.

A mass meeting of 3000 members of the Pan-German and Anti-Semite Leagues at Hamburg sent a dispatch to Emperor William urging him to intercede in behalf of the Boers.

According to the latest advices from Natal, the British force there is hard pressed by the Boers. A telegram from General White indicates that General Yale's column, retreating from Glencoe to Dundee, had not, up to noon yesterday, formed a junction with General White. The British will probably retire on Ladysmith and await the attack of the Boer army in an entrenched position.

The Boers have probably captured a whole squadron—about 80 men—of the Eighteenth Hussars, who had been sent to harass them. A number of the Hussar officers have certainly been taken.

In the battle near Ladysmith Tuesday the British lost 13 killed and 93 wounded. The total British loss in killed and wounded since the war began is over 60. The proclamation of the Transvaal and Orange Free State Governments annexing British territory has greatly encouraged British subjects of Dutch descent to join the cause of the Boers. Hundreds of them are now openly espousing the Boer side, where they can do so without being subject to arrest for treason.

ENGLAND'S POSITION.

Chamberlain Tells Why War Was Inevitable. Equal Rights for White Men.

LONDON, October 25.—Joseph Chamberlain Secretary of State for the Colonies, speaking in the House of Commons today, said:

"We are told that we shall lose South Africa. Our foreign friends are convinced of it. Yet they are not happy. Such predictions were made before, and were current even in the days of Elizabeth. But I am not alarmed."

"One great Teutonic people cannot hold its position another great Teutonic people, but this has never been our course. It is impossible to pretend that the Dutch at the Cape are crushed by our rule, when they have all the rights Englishmen possess, and even in individual cases are permitted to talk and write treason. Whatever may be the result of the war and the premature talk of we shall fail to do for others what we claimed for ourselves, or refuse equal rights to the Dutch in the Transvaal which they refused us?"

"There has been on the part of the Transvaal crookedness altogether incomprehensible if they desired a settlement," continued Mr. Chamberlain. "I believe that from first to last President Kruger never intended to give anything approaching equal rights to the white races, or any acknowledgment of British supremacy. War, therefore, was inevitable."

"When our boys were almost dead from whooping cough, our doctor gave One Minute Cough Cure. They recovered rapidly," writes F. B. Belles, Argyle, Pa. "It cures coughs, colds, grippe and all throat and lung troubles. F. B. Duffy."

Death of Grant Allen.

LONDON, October 25.—Grant Allen, the author, who had been in ill-health for a considerable time, is dead. He was 51 years old.

"The 'Flow Boy Preacher,' Rev. J. Kirkman, Belle River, Ill., says, 'After suffering from Bronchial or lung trouble for ten years, I was cured by One Minute Cough Cure. It is all that is claimed for it and more.' It cures coughs, colds, grippe and all throat and lung troubles. F. B. Duffy."

Calvary Headache Powders will cure your headaches. Made and sold at Davy's Dispensary Pharmacy.

May Abolish Dispensary.

COLEMAN, S. C., Oct. 25.—Judge Aldrich in the Circuit Court today ruled that the State Board of Liquor Control must exhibit to that court the records on which the commissioner, J. B. Douthit, was discharged without a hearing. The commissioner can be discharged for cause only, and Douthit demands a trial by the board. The controversy is attracting a great deal of attention.

The amount of the liquor business last year exceeded \$1,350,000. The Legislature will in January have an investigation, and may do away with State dispensary, letting each county buy its own liquor.

Millions of dollars is the value placed by Mrs. Mary Bird, Harrisburg, Pa., on the life of her child, which she saved from crop by the use of One Minute Cough Cure. It cures all coughs, colds and throat and lung troubles. F. B. Duffy.

Automobile Parade.

NEW YORK, October 25.—The first club parade of automobiles in Manhattan will take place November 4th, at 2 p. m. There will be seventy-five motor vehicles in the parade—steam, electric, gasoline and petroleum.

The run, under the auspices of the Automobile Club of America, just organized with General A. D. Andrews as president and Captain Homer Wedge as secretary, will be not exceeding twenty-five miles, and on streets where the general public can view the parade.

President King, Farmers Bank, Brooklyn, Mich., has used DeWitt's Little Early Risers in his family for years. Says they are the best. These famous little pills cure constipation, biliousness and all liver and bowel troubles. F. B. Duffy.

When in Bayboro stop at the Lupton House for good accommodations.
