## RALEIGH.

Butler Attends Court But Thinks of Politics.

Clerk Fortune Has More Troubles. Storm at Raleigh. Wants to Know About Whips. School Law Was Appealed. Cotton Damage.

RALEIGH, Nov. 1.—Senator Butler has arrived here, and this morning Republican State Chairman Holton came. There were some people who promptly arrived at the conclusion that there was to be a conference by appointment. The Senator appears before the Supreme Court this week. A month ago he got his license, having passed examination in an extremely creditable style. Dr. Fortune, clerk of the United States District Court, appears to be in trouble of a new kind. He has signed discharges in a number of bankruptcy cases where there was no dispute and in which the referees reported final settlements. But only a judge can sign discharges. What Judge Farnell will do to Fortune is of course problematical. As has been stated, the judge has announced that Fortune would be removed by or before December 31st. Senator Fritchard and some others are understood to have asked that Fortune be allowed to hold on until after the December term of court. It seems that the judge did not know until a day or two ago about the sign of the discharges. It made him pretty warm. There was a heavy gale of wind here last night. It prevailed for nearly 12 hours, with astonishing steadiness, but was at its height about 3 o'clock this morning. It looked like things would be blown away, but only a few trees were prostrated. The city looked like a ballroom had swept over it. It was conjectured that bad news would come in from the coast. The wind was north-east until 8 a. m. and then went to the east. There was only one Western Union wire standing, that one being to Richmond.

Each year the State board of health meets at some point for a conference with the people. Tomorrow it meets at Wilson. These meetings are known as "health conferences." Rev. Dr. J. D. Huffman, a widely known Baptist minister, has written Captain Day, penitentiary superintendent, asking for information as to the punishment of convicts, and also desiring the whips used in flogging them, in order that a prison reform movement may be started in North Carolina. Captain Day has replied to the letter in rather caustic style. Speaking of the removal of Thomas B. Russell as warden of the penitentiary, Captain Day said it was because Russell talked too much. Fisher Worth, when asked today how many State bonds have never been sent in for exchange, replied: "Only about \$300,000 worth. He added that he did not believe these would ever come in.

Though the Legislature last winter repealed the act under which the State contributed an equal sum, up to \$500, to a township which raised money for its public schools, yet many people think the act of 1891, is in effect. The State Superintendent of Public Instruction says at least 400 have written him during the last three or four months about this matter. There are some business men here who warmly favor the holding of a street fair here next year. The rain and wind did much damage to the cotton unpicker. The State will suffer some loss on its farms on the Roanoke, where the cotton opens later than it does elsewhere. It is really strange that there has been so little bankruptcy business in this State. It is a puzzle to know why very many people do not avail themselves of the law and wipe out their indebtedness. Officials think it is due to public ignorance of the law.

The "silver jubilee" of the Church of the Good Shepherd continues. This evening there was a public meeting at which papers relative to the parish were read. Today the corner-stone of the Lyman Memorial church will be laid. As the convocation of Raleigh is in session there will be a large procession of the clergy and laity. Dr. H. H. Haden, Summit, Ala., says, "I think Kodol Dyspepsia Cure is a splendid medicine. I prescribe it, and my confidence in it grows with continued use." It digests what you eat and quickly cures dyspepsia and indigestion. F. S. Duffy.

## LONDON AGHAST.

Losses At Ladysmith Cause Mourning. It Was Boer Strategy. Two Regiments Captured.

LONDON, October 31.—The War Office has received a dispatch from General White, commanding the British forces at Ladysmith, confirming the report that the Royal Irish Fusiliers, the Gloucestershire Regiment and No. 10 mountain battery were surrounded in the hills by the Boers on Monday, and after losing heavily, obliged to surrender. This loss in effective men must be appalling to a general who is practically surrounded. Two of the finest British regiments and a battery detached from the Ladysmith garrison weaken it for effective purposes about a fifth of its total strength, and alters the whole situation materially in favor of the Boers. The disaster cost the British about 3,000 men and six 7-pound screw guns. General White reports that 43 officers were made prisoners.

Throngs of visitors were at the War Office all day. Anxious persons fought their way to the notice boards. Many women were heard to gasp, "Thank God he's alive at any rate," as they found the name of some beloved one on the list of prisoners. The sidewalks were packed with solid masses awaiting their turn to enter.

The disaster has caused a feeling akin to consternation. In Gloucestershire and the North of Ireland, where the captured regiments were recruited, the blackest gloom prevails, families awaiting with beating hearts the names of the killed and wounded, which are fully expected to reach a high figure. Many homes are already in mourning in consequence of the losses sustained by these regiments in previous fights.

General White advanced with the idea of driving the Boers from the hill seven miles out, which General Joubert made an ostentatious show of fortifying on Sunday. The Boer commander left a force sufficient to draw General White on, while the mass of the Boers he moved stealthily round the British right to deliver a flank attack and to try to cut off General White from Ladysmith. The British commander succeeded in beating off the attack, but only with great difficulty, and during the turning movement his troops suffered from a flaming fire. A Government official said: "It is inexplicable, and I am sorry to say that its moral effect is incalculable. We have lost heavily in many wars, and have had regiments almost wiped out, but to have regiments captured, and by the Boers! It is terrible!"

## CAPE TOWN, October 31.—General Buller's reception here today was enthusiastic.

He was welcomed by Gen. Sir Frederick Forester-Walker, after which they both entered a carriage and drove to the Government House, escorted by mounted police and mounted volunteers. They were wildly cheered by the throngs of people lining the route. These were cries of "Avenge Majuba!" and wild cheers. General Buller's face was impassive as he returned military salutes for the cheers.

Dr. W. Wilson, Italy Hill, N. Y., says "I heartily recommend One Minute Cough Cure. It gave my wife immediate relief in suffocating asthma. Pleasant to take. Never fails to quickly cure all coughs, colds, throat and lung troubles. F. S. Duffy.

## Shamrock and Sir Thomas.

New York, October 31.—The present plan is for the Shamrock to get under way tomorrow morning about 10 o'clock and sail down the bay, so as to be seen by Sir Thomas and his party, who are to leave for Southampton by the steamer St. Louis at 10 o'clock. In case the heavy weather should still continue the Shamrock may remain at her anchorage tomorrow. Navigator Hamilton expects to take a Southern route in crossing the Atlantic, so as to be clear of the ocean liners' tracks. He hopes to reach Glasgow in 30 days. Ex-Mayor William L. Strong, chairman of the Sir Thomas Lipton loving cup committee, will preside at a farewell reception to be tendered Sir Thomas on the second floor of the American Line pier at 9 o'clock tomorrow morning. Two of the committee will accompany the Shamrock's owner from the Fifth Avenue Hotel down Broadway to the Astor House, where they are to be met by the remainder of the committee and by the Eighth Regiment Band, which will escort him to the steamer. Sir Thomas was entertained tonight by the New York Yacht Club.

Hindsdale, treasurer of the State Society, to Mrs. Armistead Burwell of Charlotte Chapter, \$384.00 for the love and sympathy fund for Mrs. Stonewall Jackson. The Henderson Chapter of the Daughters has raised \$700.00 for this fund. "I wouldn't be without De Witt's Witch Hazel Salve for any consideration," writes Thos. B. Rhodes, Centerfield, O., infallible for piles, cuts, burns and skin diseases. Beware of counterfeits. F. S. Duffy.

## Trial of Battleship Kentucky.

FOUR MORNING, October 31.—The builders' trial of the battleship Kentucky, twin sister of the gallant Kearsarge, was made today in a driving storm, with the wind blowing from the northeast, a fierce tide running in shore and seas five and six fathoms high against the bow. During a part of the day it was impossible to see more than a few ship lengths ahead, through the steady downpour of rain, varied occasionally with sleet, with now and then a little sunshine shifting through the spray. Under these remarkable and unusual circumstances, the battle ship behaved in a splendid manner, showing a seaworthiness and steadiness that provoked intense admiration, and developing a speed of 16.1-3 knots at one half the forced draught that will be used on her official trial, and with a bottom covered with fourteen months' growth of weeds, grass and barnacles. This too, in spite of the adverse meteorological conditions.

In all, the ship went over a course of about ninety miles, going out to the capes, a distance of about ten miles, and making the trip back to the capes three times. Her steering gear, anchors, engines and other parts were subjected to vigorous tests with results completely successful.

LaGrippe, with its after effects, annually destroys thousands of people. It may be quickly cured by One Minute Cough Cure, the only remedy that produces immediate results in coughs, colds, croup, bronchitis, pneumonia and throat and lung troubles. It will prevent consumption. F. S. Duffy.
