## NO GOOD NOW.

Republicans Do Not Think Settle Amounts To Much.

Road Law Sustained. Healthy Bank Condition. Federal Court in December. The Magazine Healer. Tree Planting. Seaboard Appeals.

RALEIGH, November 9.—The Republicans who talk are now ridiculing ex-Congressman Settle, saying he has no status in the party, and that his opinions are valueless. They are making these declarations in the hope of minimizing the effect of his letter to Congressman Linney. Settle said last night that he wanted to know whether it was proposed to answer his letter.

The Supreme Court sustains the new road law; that is the law which was enacted for a large number of counties last spring and to secure the enactment of which State Geologist Holmes worked so zealously.

Chairman McNeill, of the corporation commission, says the examination of the reports of the State bank examiners shows that most of the banks are in a particularly healthy condition.

The foundation of the Church of the Good Shepherd is practically completed. It appears that work will be suspended for some time.

The Federal Court meets here December 4th. So heavy is the docket that it seems there is to be a session in January. There are now docketed 20 more cases than ever before at a term, and not all the commissioners have sent in their reports. The case of A. J. Marshall, the Wilmington lawyer charged with counterfeiting, will not be heard at this term, it appears, though the district attorney is curiously reticent about it.

Henry E. Litchford, cashier of the Citizens' National Bank, left here for Barbours, where he is to be married today. A sister Ayr and John O. Drewry accompanied him.

A "magneto heater" is reported to be "working miracles" at Goldsboro. It is said to be cured a case of locomotor ataxia. It seems that many people at Goldsboro are greatly wrought up by his presence. He is coming to Raleigh.

The State charter the High Point Air Factory, which adds a new industry to the many in that busy and thriving town.

Judge F. J. Hall has gone to Washington D. C. on business.

Next week this city will begin the work of setting out on the sidewalks, 30 feet apart, 1,000 sugar maples.

The clerk in the office of the Secretary of State has been at work 15 nights making extracts from the legislative journals from 1854 to 1874-5 regarding the Greenville & French Broad Railroad and also making extracts from the journals of 1866-7 and 1868 relative to the issue of Buncombe county bonds.

The Seaboard Air Line appeals to the Superior Court from the decision of the corporation commission, that that road must give freight rates the same as if one continuous road, since it is all under one ownership and management.

LaGrippe, with its after effects, annually destroys thousands of people. It may be quickly cured by One Minute Cough Cure, the only remedy that produces immediate results in coughs, colds, croup, bronchitis, pneumonia and throat and lung troubles. It will prevent consumption. F. B. Duffy.

## REINFORCEMENTS.

Advancing Towards Ladysmith. Colenso Probably Already Recovered.

LONDON, November 9.—To the eyes of military experts the darkest page of the war is now being written. But even that is illuminated with bright passages, such as General Buller's victorious sorties. If he can keep the British flag flying over Ladysmith until he is relieved, the campaign will turn a fresh page, and with the advance of Sir Redvers Buller's force, the British public is promised more cheerful reading.

The most interesting news tonight, is a dispatch from Bloemfontein, announcing the departure of a strong force of mounted troops and artillery for a destination not given in the advice. Another message announces the arrival at Bloemfontein and Plettersburg within the last few days of reinforcements from Durban, and that 6,500 troops are assembled ready for an advance to Colenso when the opportune moment arrives.

Dr. W. Wilson, Italy Hill, N. Y., says "I heartily recommend One Minute Cough Cure. It gave my wife immediate relief in suffocating asthma." Pleasant to take. Never fails to quickly cure all coughs, colds, throat and lung troubles. F. B. Duffy.

## Elections Returns.

CORNWALL, O., Nov. 8.—An unofficial table of pluralities by counties shows that in 37 counties Nash, Republican, has 51,000 over McKelvey, and in 31 counties McKelvey has 51,000 over Nash. This gives Nash over McKelvey in the State 68,000. It is not believed the official returns will make any important changes in these figures.

IOWA.  
Des Moines, Ia., Nov. 8.—Returns

from 90 of the 99 counties of the State, with estimates on the others, show that the Republican claim of 60,000 plurality for Governor Shaw is easily maintained and may go slightly above that figure.

## NEBRASKA.

Lincoln, Neb., Nov. 8.—Complete county returns coming in tonight do not materially change the early estimates of the results of yesterday's election. The fusionists carry the State by 12,000 perhaps more, on the face of the returns from nearly half the counties.

## KENTUCKY.

Louisville, Nov. 8.—No matter what result the face of the returns of yesterday's State election shows, a contest is very likely to occur. Addition returns received today and tonight continue to show Republican gains and an estimate, based upon the normal complexion of the precincts still unreported, indicates a plurality of 6,000 or 8,000 for Taylor for Governor.

## SOUTH DAKOTA.

Aberdeen, S. D., November 8.—More complete returns from the State at large confirm last night's estimates of a Republican majority of 7,000 to 10,000 for Supreme Court judge.

## MARYLAND.

Baltimore, November 8.—Unofficial returns from Baltimore city and all the counties of the State show that the Democrats swept practically everything before them in yesterday's contest by approximately 11,000 majority. The official count, it is thought, will not materially change these figures.
