CENTRE OF WAR.

The Great Struggle to Take and to Defend Ladysmith.

Steady Bombardment in Progress. British Make a Sortie. Advance on Colenso. Boers Prepare to Resist New Force.

Special to Journal.
London, November 11.—Cape Town dispatch today says that Ketchik, the British commander of Kimberley reports that no damage was done by the bombardment of the previous day.

Lieut. Wood, of the North Lancashire regiment was seriously wounded in a skirmish with the Boers at Belmont Friday. He was a son of John Taylor Wood, the South African who commanded the blockade runner "Tallahassee" during the American civil war.

LONDON, November 10.—The news from Malat received in London today, though meager points to one conclusion. The Boers are trying to surround the town of Ladysmith in such a way as not only to invest the town and garison completely, but also to be in a position to meet any British reinforcements sent from Durban.

No fresh battles or even skirmishes have been reported, but there are unmistakable signs that the greater part of the Boer force is concentrating between Ladysmith and Colenso. The risk to the Boers is great in case of a retreat, as General White would certainly intercept them, unless they fell back in the direction of Tlowa Pass, on the Orange Free State border. If they should take this route they must abandon most of their guns.

The bombardment of Ladysmith continues. Probably the Boers have several of their new heavy guns in place by this time, so that the British garrison may have to endure severe trials. The Boer shells are said to be bursting better than hitherto. The fire of their big weapons is becoming more effective.

Excour, November 8.—A Kafir runner who yesterday brought an official message from Ladysmith met a Boer command marching toward Colenso.

The Boers have formed a laager at Magyava, four miles north of the Tugela river. They shelled and frustrated Colenso and then retreated to that place yesterday.

The military authorities hope to open heliograph communication with Ladysmith today.

Excour, November 7.—The latest news from Ladysmith is that the British troops are holding their own easily, making daily onslaughts on the Boers with a flying column of artillery and cavalry.

Kafir scouts report the Boers to be not only investing Ladysmith in great numbers, but to be in force near Colenso and to have long-range Creusot guns pointed on hills covering the railway line north and south of Delouze. These guns are intended to dispute the advance of the British forces for the relief of Ladysmith.

Reports are current to the effect that heavy fighting was going on near Ladysmith yesterday. It was also reported yesterday by Kafir who were picked up by an armored train near Colenso that the Boers, in great force at Pieters, were coming south.

London, Nov. 10.—Orders for the mobilization of the necessary reserves for the supplementary army division announced yesterday by Lord Wolseley were issued this evening. The men will be in the colors between November 15 and November 20.

With the additional division General Buller's forces will aggregate about 95,000 men by Christmas.

LaGrippe, with its vital effects, usually destroys thousands of people. It may be quickly cured by One Minute Cough Cure, the only remedy that produces immediate results in coughs, colds, croup, bronchitis, pneumonia and throat and lung troubles. It will prevent consumption. F. S. Duffy.

Accused of Robbery.

Special to Journal.
New York, Nov. 11.—Warwick J. Price, Superintendent of the Mutual Life Insurance Company of New York and John A. Meach were arrested today on the charge of stealing \$10,000 worth of revenue stamps from the Company.

Dr. W. Wilson, Rich Hill, N. Y., says "I heartily recommend One Minute Cough Cure. It gave my wife immediate relief in suffocating asthma." Pleasant to take. Never fails to quickly cure all coughs, colds, throat and lung troubles. F. S. Duffy.

Peace in Cuba.

Washington, Nov. 11.—Gen. Leonard Wood, commander of the Panhandle Division in Cuba, sends a message saying so emphatically that he has no intention of leaving the War Department, the withdrawal of all the United States troops to the provinces, except two squadrons of cavalry and one battalion of infantry.

TOO MUCH HONOR.

Admiral Dewey Finds It Inconvenient in New York. Followed by Crowds.

Special to Journal.
New York, November 11.—Admiral Dewey, through Bolt of the Waldorf Astoria hotel has made a statement deprecating the demonstration which greeted Mrs. Dewey and himself in the streets today.

While the attention was taken as a compliment by the Admiral, he said it prevented his enjoyment of the sights of the city.

Bolt said that Admiral Dewey's experience practically made him a prisoner in his hotel, as the Admiral had decided that if he could not go along the streets without a crowd following him, he must repair to the country in order to get needed rest.

AGUINALDO LEAVES.

Departs into the Wild Country of Luzon. Landing More Troops.

Manila, Nov. 10.—Great interest is felt at the War Department over Aguinaldo's sudden change of base northward from Tarlac to Bayombong, about 75 miles distant.

Aguinaldo, it is said here, has left Tarlac country for a region to the north, where Tagala is not spoken and where the mountains are filled with Negritos and other savage tribes said to be hostile to the Tagalos. This is about the most mountainous and inaccessible part of the island.

Manila, November 10.—The landing of the American troops under General Wheaton Tuesday was the most spectacular affair of the kind since General Schafter's disembarkation at Daiquiri, Cuba.

The co-operation of troops and the navy was complete. The gunboats maintained a terrific bombardment while the troops landed, knee-deep through the surf under a heavy but badly aimed rifle fire from the Filipino trenches. The soldiers charged right and left, pouring volley after volley at the fleeing natives.

DAUGHTERS TAKE CHARGE.

Will Erect the Monument to Jefferson Davis at Richmond.

Richmond, Va., November 10.—The most important action of the United Daughters of the Confederacy was that today in assuming the work of building the monument to Jefferson Davis. This step is a fitting close of the week's gathering of the fair women of the South.

The resolution was adopted by a vote of 191 to 181. It is proposed to erect a monument to Mr. Davis which will cost about \$50,000. About three-fifths of this sum has been subscribed or is practically assured. It was evident from the first that the ladies were practically unanimous in their determination to assume the task of erecting this memorial to Mr. Davis. It, however, took two hours discussion to agree upon the policy and details.

Collector Duncan Approves of Butler Fighting The Amendment.

Penitentiary Debts. The Public School Appropriation. Seaboard Charter Granted Last Winter. The Fertilizer Rates. Controversy.

Raleigh, Nov. 11.—Revenue Collector Duncan, the Republican chief priest in eastern North Carolina, said today when told of Senator Butler's declaration that he would stump the State against the franchise amendment, that he was "highly delighted at Butler's attitude." He added that he was not at all surprised.

"I know that after the fight of 1894 he could not desert us. It is the same fight now that it was then."

The debts of the penitentiary up to December 31st last amount to \$100,000, and those contracted will be \$20,000. These last debts will have to wait until the Legislature provides for their payment, as under the Supreme Court's decision they can't be paid out of the bond fund.

The warrants for debts are now being allowed to conform to the court's decision.

The State Treasurer will before the fiscal year ends be called on to pay \$100,000 to the public schools. It is a direct and unconditional appropriation. At the statement of date of October 1st there was \$44,000 available in the Treasury. No doubt Father Worth will scrape around and get the money.

On the 29th inst. the directors and stockholders of the various divisions of the Seaboard Air Line met here to ratify the charter granted last winter by the Legislature. There it, it appears some objection to the provision that if any stockholder is dissatisfied with the price offered him for his stock he can take the matter before the clerk of Wake county, who shall appoint three appraisers, whose finding shall be final and binding on the company.

The State charter the McMillan-Miller Lumber Company, of Duplin, capital, \$50,000.

In the football game between the A. and M. and Guilford College teams at the fair grounds here yesterday neither scored.

The important matter of the Seaboard Air Line's appeal from the order of the corporation commission fixing the minimum car load of fertilizers at 10 tons was continued until December 11th in the Superior Court here, jury trial is waived; thus it is agreed that the judge shall pass upon all "questions of fact," as well as law. The case was originally against the Raleigh & Gaston and Raleigh & Augusta Railroads, but under the ruling of the commission that either one company the case will be heard as against the Seaboard Air Line.

GAME IN NORTH CAROLINA.

Partridges Proliferating. Where Good Shooting May Be Had.

Raleigh, N. C., Oct. 31.—The shooting season in this State will begin November 1. It is safe to say that not in many years have there been more partridges. It was feared by many persons that the extreme cold weather and the deep snow last February would destroy them. The birds are in all that part of the State east of the Blue Ridge and extending to the tier of counties bordering the sounds. From Asheville to Greensboro, thence as far west as Morganton and eastward to Goldsboro there are birds in abundance. Granville County offers good sport and so does Person.

The Legislature, at its last session, enacted a law for a number of counties, requiring hunters to have the written permission of landowners when hunting on the latter's lands. This was aimed at "pothunters." In parts of the State, mainly in the High Point and Hickory sections, Northern sportsmen, in a very large amount, pay the taxes on the lands and have all the privileges. East of Guilford County this is not done. The large landowners make full game preserves for pleasure.

Apprentices from the Baltimore section will not need returning to Maryland. It is reported that the State of Maryland has decided to pay the taxes on the lands and have all the privileges. East of Guilford County this is not done. The large landowners make full game preserves for pleasure.
