HOLDING THEIR OWN.

Boers Unable to Take Any of the Besieged Towns.

Cecil Rhodes Organizes Kimberly Cavalry. Heavy Firing at Ladysmith. Reinforcements Soon Will be on Hand.

LONDON, November 13.—The Daily Telegraph has just received the following advice from Kimberley, Cape Colony, by a dispatch rider to Hope Town, where they were received on Wednesday:

November 8.—During the last few days the Boers have become more venturesome, and are now sending cattle close to the town. The besieged residents are taking things coolly, but hope that General Buller will hurry up, for the sake of attacking.

Cecil Rhodes especially is in splendid health and spirits. He is proud of the Kimberley Light Horse Cavalry, which he has provided with horses. This corps consists of young colonials, all good shots and well used to buck shooting. The meat ration has been fixed by the authorities at half a pound a day for each inhabitant. Mutton is growing scarce.

A dispatch received through Boer sources from Mafeking, dated October 28, alleges that Julius Weyl's stores were destroyed by the bombardment and that other damage was done, but the Boers admit that the town is resisting obstinately. Other reports declare that the bombardment with the big gun which had been specially brought from Pretoria proved a failure, as the weapon was thrown out of gear at every shot.

LONDON, Nov. 13.—Ladysmith and Kimberley both furnish news of Boer attacks. So far as can be learned in each case the British forces held their own.

There appears to have been a stiff artillery duel at Ladysmith last Tuesday morning. At 6 o'clock the sound of big guns on both sides was heard at dawn and continued briskly. It ceased about noon. The British guns, it is believed here, silenced those of the Boers.

No news later than this seems to have come through concerning Ladysmith, but it is regarded as certain that the place is holding its own. General Buller is in all probability preparing for a fierce bombardment, followed by a general assault. He knows that his time is short—that in 10 days the Boer position in Natal will have changed greatly for the worse.

LONDON, Nov. 13.—The Boers, who are invading Cape Colony from the southern border of the Free State, are proceeding slowly.

Allward North has been deserted and is probably in their hands. Bethulle, one of the points at which the railway enters the Free State, has been occupied.

It is likely that before many days the increasing strength of the British in the direction of the Orange river bridge will begin to cause great uneasiness among the Free State. By the middle of the week there should be 12,000 British soldiers in that quarter.

Permanent Fair Proposed.

WINSTON, N. C., November 13.—Stockholders of the Piedmont Park Association held an enthusiastic meeting last night, when it was practically decided to enlarge next year the recent horse show to a Piedmont Exposition.

The report submitted by the treasurer of the Association showed the total receipts to date to be \$7,023.98, about \$4,000 of which was realized from recent fair and remainder from sale of stock in company. Total disbursements, \$7,146.41 cash on hand, \$376.43.

The receipts from the fair were about \$1,350 over the running expenses. A committee was appointed to solicit additional subscriptions. The directors agreed to double their present stock.

FOR THE SCHOOLS.

Question As To The Payment Of The \$100,000 Appropriation.

Some Cotton Moving, Shuttle-Block Manufacture. Grant Succeeds Fortune As Clerk—That Circus Tax: Settle On a Black List.

RALPHIGH, November 13.—The Superintendent of Public Instruction has asked the State Treasurer whether the \$100,000 appropriated to the public schools by the Legislature this year will be paid.

The Treasurer replies that he regrets to say that the prospect is not good for an early payment; that disbursements during the eleven months of the fiscal year up to October 31st were \$97,730 more than the receipts and that unless the receipts are much greater and disbursements much smaller he doesn't think the condition of the Treasury will be such as to admit of the payment of the \$100,000 before the end of next year.

The Auditor when asked if the State would meet the appropriation, replied that with proper care as to collections he felt sure that all could be paid. There is a net balance in the Treasury according to the last statement of \$44,000.

Cotton is coming in somewhat more freely here, but that the farmers are holding the bulk of their crop is evident.

Work is begun on the third floor of the Rayne Memorial Library.

Secretary T. K. Bruner has returned from his expedition to western North Carolina for apples for the Paris Exposition. Next week he will give an apple show of Yancey county fruit in the museum. He secured some fine specimens of round cut mica for the museum.

Mr. Elwood Cox will re-establish the shuttle-block business here. Fifteen years ago Mr. Colin Hawkins and Mr. Peter M. Wilson had a large plant here, which made shuttle blocks, largely for the English trade, but it was burned and never rebuilt. Mr. Cox will use great quantities of persimmon and dogwood timber which is abundant in this section.

The Purnell-Fortune matter has culminated and Hiram L. Grant becomes clerk of the United States District Court vice Fortune. The latter's friends were making an effort to have him kept in office until after the December term of court. But it appears that the bankruptcy matter precipitated the removal. Mayor Grant accepts the appointment. He is a fast friend of Senator Pritchard.

The other officials in the government service here appear to have known for two or three days that he was to go. Major Grant saw Judge Parsell personally and accepted the tender of the place.

Addor Ayer will make things lively enough for all the sheriffs who failed to collect the proper circus tax. He knows all the points at which circuses gave performances. A custom of circuses is to "bear" the sheriffs and cheat the State and county out of taxes, but this will prove to be an expensive concession so far as sheriffs are concerned.

There is a matrimonial epidemic here. The oldest inhabitant can't recall anything quite equal to it.

For the first time this district has passed the western district in the amount of revenue collections. In October it exceeded the latter by \$1,500. In this district the collections were \$254,000, or about \$100,000 more than in September. The increase was on tobacco and cigars.

It appears that the Republicans are more or less quietly attempting to "blacklist" vs. Congressman Settle.

The corporation commission has received reports from all the State banks. As rapidly as the bank examiners' reports are received they are carefully compared with the bank reports.

"I wouldn't be without LeWitt's Which Hazel Balm for any consideration," writes Thos. B. Rhodes, Centerfield, O., infallible for piles, cuts, burns and skin diseases. Beware of counterfeits. F. S. Duffy.

Tariff is Captured.

MANILA, November 13.—Major Bell, with an infantry regiment and a small force of cavalry, entered Tula last night without opposition.

McArthur took Davao yesterday. This was supposed to be the strongest position, except Tula, held by the Filipinos in that neighborhood. The wife's accounts of the engagement received in Manila (that the natives fought according to their recent tactics, retreating after firing a few volleys. An officer of the Thirty-sixth Infantry is the only American killed.)

HUMORS, Cuts, chaps and all eruptions are due to impure blood, and by purifying the blood with Dr. Williams' Pink Pills they are CURED.

THE COMING ISSUE.

Politicians Do Not Agree on the Next Campaign Questions.

WASHINGTON, Nov. 13.—"Many men of many minds" exactly describes the present attempts of the politicians to predict what will be the dominating issue in the Presidential campaign. No better proof of the correctness of this assertion is necessary than the declaration of two prominent members of the House—Governor, of Ohio, and Barham, of California—both Republicans. Gen. Grosvenor said: "There will be but one issue next year, and that is the financial issue," and Mr. Barham said: "The money question will hardly be thought of in the next campaign. It was brushed aside and lost sight of in the State campaigns. The people did not hear it talked from the stump. The two things all audiences were interested in were, first, expansion, and second, trusts."

Other examples of contrary opinion might be given, but these will suffice to show that the politicians differ widely, and to recall the oft-asserted fact that the people make national issues for the politicians to advocate.

The Kentucky Election.

LOUISVILLE, Ky., Nov. 13.—That Taylor probably has the most votes in the race for Governor is now generally conceded. The official count is not completed.

The Louisville Dispatch says it has received official returns from 101 of the 119 counties and unofficial returns from most of the others, which give Taylor 1,885 plurality.

Mr. Goebel and ex-Senator Blackburn insist that the Democrats have won, and they will contest the election in every way possible. For this reason they are working up contests in almost every precinct.

Robert Growing Stronger.

PAVENSOT, N. J., November 13.—Vice-President Hobart passed a favorable night, and the improvement that has been observed for several days continued today. He ate solid food with relish and it promptly assimilated. With his meals he took milk, and between meals was given milk punches.

Dr. H. H. Haden, Summit, Ala., says, "I think Kodol Dyspepsia Cure is a splendid medicine. I prescribe it, and my confidence in it grows with continued use." It digests what you eat and quickly cures dyspepsia and indigestion. F. S. Duffy.
