CHARTER GRANTED.

To the Pembroke Manufacturing Company of New Bern.

The Ice Company Suit. Biltmore Prizes. Mosquitoes are Gaily. Telephone pay Taxes. Penitentiary Bonds Have Come.

RALEIGH, November 21.—Articles of agreement were filed for the Pembroke Manufacturing Company of New Bern. The object of the corporation is the manufacture of cotton and woolen goods and other textile products. The company is incorporated for sixty years and has a capital stock of \$75,000. The incorporators are Wm. Dunn, C. S. Hollister, J. C. Whitely, C. D. Bradham, J. H. Parker, Jr., B. K. Eaton, A. H. Bangert, H. B. Smith, E. W. Armstrong, G. L. Layburn, C. E. Poy, W. H. Oliver, John Dunn, S. M. Brinson, T. R. Foster, A. D. Ward, C. L. Ives, W. N. Pugh, T. W. Dewey, C. L. Stevens and F. H. Pelletier.

Much has been said about the notable law suit by the Hygienic Ice Company, of Charlotte, S. C., for \$30,000 damages for the alleged burning of its ice factory here by locomotive sparks. There has been much swearing pro and con and the case is now all tangled. It will be heard this week by the Supreme Court.

It appears that the evidence, that is the affidavits of a negro detective, Double Rowe, of Richmond, Va., are the centre of disturbance. He swears that he was told by eye-witnesses that a negro fireman, now dead, burned the building. The other side has filed affidavits that Rowe is of bad character and not to be believed. Now the railroad files affidavits from 18 business men of Richmond that Rowe's character is good. There are also affidavits from Wilson that Rowe's evidences in cases there were fully believed by jurors and resulted in convictions.

Among the visitors to the State Library was General William D. Kirkland, who now makes Raleigh his home. He is very feeble, but is improving. For many years he lived in New York. He was delighted to see the scores of portraits of ex-Confederates in the library. At one time the Twenty-sixth, North Carolina, "Vance's Own," was in Kirkland's brigade.

F. E. Emery, who until recently was a professor at the Agricultural and Mechanical College, is back after a trip to the fair at Atlanta and Birmingham, where he was in charge of the butter making for the Biltmore hotel. Prices aggregating \$305 were won.

Today A. M. McPherson, Jr., superintendent of the Raleigh water works, will be taken to Baltimore for surgical treatment. Ten weeks ago his ankle was sprained.

A lot of mosquitoes from a county on the Roanoke river were sent to Baltimore for a bacteriological examination. It is said that in that particular section as soon as a mosquito bites a person a case of chills and fever results with remarkable quickness.

The financial report of the penitentiary is a puzzle to the outside world. That is what people say. There is some criticism of it, as to the amounts paid for commutations to a member of the board. The Treasury officials are not much impressed by the report.

At the State Treasury it is believed that the telephone companies are paying taxes quite well. Sheriffs sent in a list of 75 of them at the existence of which the treasurer had no knowledge.

State Treasurer Worth is all smiles. "The bonds have come at last," said he. He meant the penitentiary bonds, \$200,000 of them, which the American Bank Note Company was so long in furnishing. It will be remembered that they were to have been delivered last summer and that there was promise after promise to furnish them. But at last it turned out that the man who made these promises was not of sound mind. Father Worth was on the point of bringing suit against the company for the interest on the debt for the two penitentiary farms bought, but the company said it would pay the interest. This it did by sending a receipted bill for \$750 for the printing of the bonds. So the incident is closed. Of the bonds, \$119,000 go to the Wachovia Loan and Trust Company, of Winston-Salem, and \$85,000 go to pay for the Caledonia and Anson farms. The money for the \$119,000 has been received; that for the \$85,000 will be received as soon as the bonds are delivered to the buyer.

Ex-Congressman John Nichols remarked that this week would see the end of the marvellously fine weather, giving as a reason that before the war the Legislature always met the third Monday in November, and that the bad weather came then with such remarkable regularity as to make it a standing joke that the Legislature brought it.

"I had dyspepsia fifty-seven years and never found permanent relief till I used Kodol Dyspepsia Cure. Now I eat and feel like a new man," writes E. J. Fleming, Mory, Ark. It is the best digestant known. Comes all forms of indigestion. Physicians everywhere prescribe it. F. S. Duffy.

Prompt and careful attention hereby given to prescriptions at Davis' Prescription Dispensary, 200 Broad Street, N. C.

IMPORTANT DECISIONS.

Those Decided by the Supreme Court Yesterday Were Very Important Ones. Special to Journal.

RALEIGH, November 21.—The Supreme Court decisions today were of marked interest. They cover nine political cases. Abbott sues Reddingfield and gets the seat on the corporation commission, with continuous pay.

Theophilus White gets his place as sheriff fish commissioner.

McCall gets the solicitorship of all the counties in the Western Criminal Circuit says the four added by the Legislature this year.

The Court decides that in the case from Davidson county that the fusion county board of education was illegally ousted as the Legislature could not depose such board from the office to which it had been elected for three years.

The court renews its declaration that public office is property. Justice Clark dissents on opinion in each case. He attacks the court's declaration first made in case of Hoke vs Henderson, that an office is property and denies that the court has any power whatever to declare a legislative act unconstitutional.

Dr. W. Wilson, Italy Hill, N. Y., says: "I heartily recommend One Minute Cough Cure. It gave my wife immediate relief in suffocating asthma. Pleasant to take. Never fails to quickly cure all coughs, colds, throat and lung troubles. F. S. Duffy."

ADVANCE IN THREE COLUMNS.

British Will Relieve the Besieged Towns. They are Holding Out Against the Boers.

London, November 20.—The plan of the British campaign against the Boers is slowly unfolding itself.

It now appears definitely to consist of a three-fold advance from Durban through Batocourt toward Ladysmith, from De Aar on Kimberley, and from East London in the direction probably of Queenstown and Barchardorp, Cape Colony.

With regard to the first, it is not believed here that there is ground for alarm about Ladysmith. General White has by no means resigned himself to a passive defense. His counterattacks have been vigorous.

It is presumed that General Hildyard, who is now at Batocourt, commands a body of men not far short of a brigade in strength. He will be able to maintain his position until General Clery arrives. It is impossible to say when General Clery will march, but the forward movement from Durban will, no doubt, take place soon.

Lord Methuen's advance from De Aar is for the moment perhaps the most important of the three.

The Boers before Ladysmith are reported, from British sources, to be in a bad way. Exposure in the rainy weather and a bad commissariat have caused a great deal of sickness. As yet there is no real indication that the fighting spirit of the Boers has suffered.

The Boers near Batocourt were quiet Sunday, but were working south. Late Sunday night they appeared on the rail way at Willow Garage, the next station to the south of Batocourt.

The Kimberley searchlight was seen on Wednesday from the Orange river. Nothing was seen that all was well there.

D. H. Haden, Summit, Ala., says: "I think Kodol Dyspepsia Cure is a splendid medicine. I prescribe it, and my confidence in it grows with continued use." It digests what you eat and quickly cures dyspepsia and indigestion. F. S. Duffy.

DAGUPAN IS TAKEN.

Americans Control Entire Railroad Line. Twelfth Infantry With Gen. MacArthur.

MANILA, November 20.—General MacArthur's advance guard entered Dagupan today, thus completing the occupation of the railroad line from Manila, 133 miles long.

The railroad is practically intact beyond Capas, except for a distance of five miles to the north, and the rail for that portion have been discovered. Large quantities of rolling stock, however, have been destroyed by the Filipinos.

There are reports of Filipinos concentrating at San Miguel, west of Paniquit, and also west of Baysang. General MacArthur is prepared for the fighting, his forces being disposed from Dagupan south. The Twelfth Infantry, a battalion of the Seventeenth Infantry and two troops of cavalry are with General MacArthur below Dagupan.

General MacArthur is moving his troops by train. The roads within General Lawton's territory are becoming passable.

Capt. Henry A. Leachman, with three companies of the Twenty fifth Infantry, accompanied one of the best troops of a march from Capas, he surprised the Filipino force there, numbering 200, and captured all of them, with their arms—10,000 rounds of ammunition and four tons of subsistence. One Filipino was killed, but there were no American losses.
