Is fact our line of Family Groceries complete. Our delivery service is the lowest. Give us a trial and we will please you. Yours for business,

J. R. PARKER, JR., GROCER, Phone 60. 77 Broad Street.

DRUMMER WANTS

Three Thousand Dollars Damages From Electric Co.

Immense Federal Court Docket Next Week. Holds On Distilleries For Irregularities. No Receiver University Railroad Needed.

RALEIGH, November 28.—Mr. Alexander Varian, a drummer from Richmond, Va., has entered suit against the Raleigh Electric Company for \$3,000 damages, which amount is claimed by the plaintiff who alleges that he was forced to get off street car on Hillsboro street during Fall week because he refused to pay the ten cent car fare.

The Federal Court nominally meets next Monday, but really not until the day following. The docket is immense. The term will probably continue three weeks. Then there will be a recess until January. It is the criminal docket which is so heavy. A lot of Circuit court business will also be done, and on this docket there are some big cases.

Prof. Robert L. Carmichael, who arrived Saturday from Denver, Col., where he went a few months ago in the interest of his health, died at the home of his mother in Salem, aged 37. Consumption was the cause of his death. He was a son of the late Frank Carmichael, both father and son being well known musicians. The son had few equals as a violinist. For several years, up to the time his health failed, he was leader of the orchestra with Primrose and West's orchestras.

Nathan S. Mosely, a native of Wayne county, and who was a lieutenant in the Confederate service, died quite suddenly at Rockingham. L. O. B. Branch Camp of Confederate Veterans, of which he was a member, attended in a body. Mr. Mosely was one of the 500 Confederate officers who were placed under fire on Morris Island, near Charleston.

Revenue officers made raids to both Franklin and Johnston counties and made some captures. Several registered distilleries in this district were seized last week for irregularities. One of the seized is at University station, but it has been released.

Senator Butler returned from Asheville and is much pleased at the interest taken in the "Appalachian National Park."

Siste Treasurer Worth selected a photograph of the capital to be used as the design on the next State bonds print.

It is said that there will be no further steps taken in regard to the appointment of a permanent receiver for the University Railroad, the Southern Railway paid the \$2,500 damage claim of Andrews.

The State charters the Elm City Drug Company, of New Bern, capital \$10,000.

D. H. Senter, a clerk in the office of the Secretary of State, returned from Kansas City, where he went to appear as a witness for the United States Post office Department against Ben H. Morse, the winder who secured so many people by selling them \$10 bonds of the Alaska-Klondike Mining and Improvement Company; the bonds on their face setting forth boldly that the company was chartered by North Carolina. Morse agreed to admit that the company had no charter from North Carolina or any other State and got a continuation of the case.

ENGLAND MORE HOPEFUL.

Situation in Natal and at Garrison Points Less Gloomy.

LONDON, Nov. 28.—There is a distinctly more hopeful feeling here regarding operations in Natal, and there is every reason to believe that it is justified. The reported withdrawal of the Boers northward is confirmed, and the British advance toward Ladysmith has begun in earnest.

There can now hardly be any anxiety in southern Natal. The capital has escaped attack and the hemming of detachments of guerrillas at Estours and elsewhere has been temporary and not serious. The railway is working to Eers, where there are about ten thousand British under Hilliard, whose rapid advance seems to aim at cutting off Boers who are moving north from Weenen. These are supposed to be hastening to Colenso bridge, which is supposed to be in their hands. Boers would not attempt to cross the flooded Tugela river, which the bridge spans. The success of Hilliard's movement is not assured, however, as the Pretoria bridge has been completely wrecked.

The gloom of General Methuen's dusty bought and sold south of Kimberley is outweighed by the present anxiety for further news of his advance, but military circles are still growing pessimistic on account of the lack of news regarding the British advance, who pursued the enemy after the fight at Gras Pan.

Miss Annie E. Gensling, Tyrer, Mich. says, "I suffered a long time from dyspepsia, indigestion and became very weak. Lodi's Peppermint Cure completely cured me."

It signifies what you eat and drink, and forms of bread, fruit, etc. It never fails to give immediate relief in all cases. Write to Lodi's Peppermint Cure, 281 North 3rd Street, New York, N. Y.

CONTINUOUS DISORDERS.

Among Retreating Insurgents. Towns and Prisoners Abandoned to Americans.

MANILA, Nov. 28.—The insurgents have evacuated Mangalaren, province of Pangasinan, leaving seven American and 91 Spanish prisoners, who escaped in the confusion of the Filipino retreat.

Colonel Bell of the Thirty-fourth Volunteers, arrived at Mangalaren last evening after a hard march and fording the Agno. He found that Powell's company of the Thirty-third had occupied the town for two days. The insurgents, General Alejandro commanding, retreating to the mountain behind the town, short of food and ammunition. Beside this his men were deserting and six cannons, which the insurgents were dragging, impeded their march. Colonel Bell proposes to follow the Filipinos until he can bring about a decisive fight or they are scattered. Mangalaren was strongly fortified with rifle pits commanding the roads, but the insurgents abandoned the place without firing a shot.

Three hundred Spanish prisoners who escaped from their captors before the American advance, including civil officials of rank, who have been in the hands of the Filipinos for more than a year, and many officers, have arrived at Manila during the past week. Francisco Reyes brought 101 of them from General Whinston. They were a motley assemblage of old and young, some were ill and had to be carried from Tayog to San Fabian in army wagons. A delegation of these former prisoners have visited Major General Otis, in order to thank him for his hospitality, which included the furnishing of food and clothes. Senior Jamarillo, the Spanish commissioner is making arrangements to send them to Spain on board of Spanish transports.

Buenosaino has been lodged in comfortable quarters at the police station with his family. Other prisoners are not allowed to communicate with him. He is classed as being the most slippery personage connected with the Insurrection. He was a colonel in the Spanish army, and a traitor to Spain. At the time of the first insurrection he tried to sell out to the Filipinos, and his present imprisonment excites no sympathy among his own people, while the Spaniards think it is mistaken leniency for the Americans to refrain from shooting him on the Luneta, the fate dealt out to better men in the anti-Spanish uprising.

Agnaldo's youngest child, which was recently christened at Tarlac with great ceremony, died and was buried at Dayamban in Agnaldo's night. General Whinston reports that natives have threatened violence to Agnaldo's mother, who is now sheltered in a convent, with a guard. General Otis has ordered her brought to Manila for safety.

Caucus Currency Bill.

WASHINGTON, November 27.—The general bill prepared by the Republican caucus committee, appointed by the last Congress, has received its final revision at the hands of the members and will be given to the press tomorrow afternoon for publication. Wednesday, after a copy has been mailed to each Republican Representative in Congress. The measure represents the unanimous conclusions of the committee and will be called up for consideration at the caucus of Republican members of the House, which is to be held probably next Saturday. Accompanying the bill is a report setting forth at length the reasons and necessity which in the opinion of the committee exist for the proposed legislation.

The Evening Star today prints the following as some of the chief features of the bill and which, in the main, are probably fairly accurate:

"An amendment to the coinage laws making 354 grains of gold, 203 parts fine, the standard coin measure. "An amendment to the greenback re-issue act of 1878, providing that those Treasury notes shall be redeemed with gold, and when so redeemed shall not be re-issued except in exchange for gold. This provision will prevent the operation of the engine which hitherto has been the means to raise the gold reserve.

"An amendment to the specific redemption act, directing the maintenance of a gold reserve of not less than \$100,000,000, the maintenance of the reserve at that figure now being entirely discretionary to the Secretary of the Treasury.

"An amendment to the national bank act authorizing banks to be organized with a capital stock of \$25,000. At present the minimum is \$50,000. Another amendment to the same act authorizes banks to issue notes to the par value of the bonds they have on deposit to secure circulation. At present the limit is 90 per cent. A third amendment to this act reduces the taxation on bank circulation to 1-10 of 1 per cent. This tax is to pay the expense of engraving and printing the notes. The present rate upon them being 1-10 of 1 per cent.

It takes but a minute to overcome itching of the throat and to stop a cough by the use of our Honey Cough Cure. This remedy cures all cases of Croup, Whooping Cough, Hoarseness and all lung troubles. It is made of purest ingredients and is guaranteed to cure all cases of Cough, Croup, Whooping Cough, Hoarseness and all lung troubles.
