PUBLIC OPINION AND INTEGRITY

Integrity in business affairs is a most potent factor in the commercial success of the individual, firm or corporation.

The fact that these New York corporations have underwritten, each of them, over one billion dollars worth of life insurance, represents such a fabulous amount of business as to be almost incomprehensible.

It is the professional man of integrity who inspires the confidence of his fellow citizens, and thereby their business.

It is the merchant who sells his goods as per advertisement, and advertises honestly and perseveringly that builds up a character that means commercial success.

It is the citizen who is honest with his fellow men, however limited his means, who has the good opinion of his community, and will find success for his efforts.

It is not merely the outward appearance of integrity which wins success, there must be the individual honesty of heart back of it, for in the end the outward show of integrity quickly disappears, and only the steadfastly true honesty faces and conquers the evil.

Public opinion will sustain genuine integrity whether it be the great life insurance corporations or the individual citizen.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies.

As a cure for deafness, Chamberlain's Ear Remedy is the best. It is a simple, safe, and effective remedy.

RAN A RACE WITH DEATH

Several months ago, when a train on a branch line...

A high bridge spans more than a quarter of a mile long, supporting the single track of the Great Northern...

A young man who crossed recently had a thrilling experience on the bridge.

Once the young man stumbled and seemed about to fall, but quickly regained his balance and hurried on.

At last the train passed, and the young man was able to climb slowly to the track above.

Unnerved by the trying experience, he lay for a moment stretched across the rails and, then getting to his feet, with blanched face and unsteady limbs, made his way to firm ground.
