MORGAN'S SPEECH.

Stands up Against Pritchard on the
Side of White Men.

The Two Races Contrasted. Law of
Self Defense. The Philippine
Question up. Pettigrew
and Lodge De-
bate.

WASHINGTON, January 8.—The resolu-
tion heretofore offered by Mr. Pritchard
concerning racial restrictions on
suffrage was modified by him so as to
provide that any State enactment con-
ferring the right to vote to those descend-
ant from certain persons or classes of
persons is in violation of the Fourteenth
and Fifteenth amendments to the Con-
stitution and repugnant to Republican
institutions.

Mr. Morgan discussed the negro ques-
tion in general, maintaining that there is
a natural supremacy in the whites and a
natural deficiency in the blacks, morally,
socially and intellectually. Mr. Morgan
said that no great body of white people
in the world could be expected to quietly
accept a situation so distressing and de-
moralizing as is created by negro
suffrage in the South. It is a thorn in
the flesh and will irritate and rankle in
a body politic until it is removed from
that body. He declared that in many
places in the South thousands of negro
votes, with little concealment, were
bought for \$1 each.

"If Southern white men," said Mr.
Morgan, "have falsified election returns
they have the stronger, if not the better,
reason that they are acting upon the
same law of self defense that inspired
and outraged human nature resorts to
for the protection of homes and families
from a race that sets at defiance all
moral restraints upon their brutal de-
sires."

This evil, he thought, would end only
when the United States had provided a
home for the negro race suited to their
traits. He pointed out some of the ef-
fects that had been made to force the
negro into political and social equality
with the white man and had failed.
"Nature is against it," he declared, "and
the sentiments of white people were
against it."

In conclusion Mr. Morgan said: "The
Democratic party has always been a
white man's party, and when the appeal
of the people of Louisiana and North
Carolina, supported by Democrats in all
the Southern States, is made, Democrats
and a vast body of white men all over
the country who have not acted with
them in the past will unite in a demand
that these sovereign States shall not be
destroyed for taking care of the lives
and happiness of their people."

Mr. Pettigrew succeeded in stirring up
considerable activity in the Senate dur-
ing the discussion of his resolution of
inquiry in the Philippine question. Some
sensational statements were made
among them Mr. Pettigrew's declaration
that this Government had attacked its
allies and thereby had been guilty of the
grossest treachery.

This statement was resented warmly
by Mr. Lodge, who declared that this
government had nothing of the kind, and
that, not even remotely, had it recognized
the so-called government of the
Philippines.

"If we had attacked an ally," said Mr.
Pettigrew, "it is important that the rep-
resentatives of the people in Congress
should know the facts and at once. I be-
lieve we have attacked an ally. I believe
we have been guilty of gross treachery.
I believe we have gone further in dis-
honour toward an ally fighting with us
than any other nation ever went."

Mr. Stewart thought this was past the
time for a discussion of how the in-
struction began. "It has begun," said he.
"It is now my country's cause, and I do
not propose to admit it is a wicked
cause."

Mr. Lodge said he could not even by
silence admit that the statements of Mr.
Pettigrew were accurate. "I do not be-
lieve we attacked an ally," said he. "I
am sure we never recognized the Philip-
pine Government. They had no government
except the government of a dictator set
up by himself to impose his authority
upon other tribes. The President has
acted throughout in conformity to the
law, and the facts will uphold his course.
These facts I am in favor of having
placed in the hands of all Senators. They
will strengthen the hands of the Admin-
istration."

Boys Fight San Juan.

CHICAGO, Jan. 8.—A neighborhood
feud between two "gangs" of boys on
the upper part of Wabash avenue estab-
lished yesterday afternoon in a pitched
battle of fifty on each side. The boys
were armed with everything from sticks
to guns most of the latter were fortunate-
ly unloaded.

The battle was pre-arranged and was
to be known as Boyville assault on the
battal of San Juan Hill. It had almost
the desperation that characterized the
original San Juan.

Two boys were shot, though not fatal-
ly, and many others severely lacerated.
The police finally put the opposing "ar-
mies" to flight, and carried the wounded
soldiers home to their mothers.

The Raleigh Saving Bank, Marshall
Case Progressing. Funer-
als Of The Drowned
Boys. The Guilt
Of Ross.

RALEIGH, Jan. 9.—The State Superin-
tendent of Public Instruction is receiv-
ing many replies to his questions as to
public and graded schools at the various
towns of over 1,000 population. One
from Beaufort, Rutherford county, is
particularly gratifying and in the highest
degree creditable to the great cotton
mill there, which are the largest in the
State, as it shows that they pay all the
expenses of a ten months' term school
for children. They employ three teach-
ers. There are 638 children.

The advance guard of Masons to at-
tend the session of the Grand Lodge
which begins tonight is arriving.
Large shipments of fertilizer tax tags
are being made by the Agricultural De-
partment.

The executive committee of the State
Republican League is called to meet here
next Saturday.
Jacob S. Allen, a hardware dealer here
has assigned.

John T. Pollen has been elected presi-
dent of the Raleigh Savings Bank, suc-
ceeding William C. Stronach, who re-
signed and who will take a tour abroad.
James O. Litchford was elected cashier.
The stock of this bank is the highest
price of any State bank. It pays annually
8 to 13 per cent. dividends.

The hearing of the A. J. Marshall
counterfeiting case was of peculiar in-
terest. Marshall was on the witness
stand several hours and was a very fine
witness. His testimony was given
freely and evidently had a marked effect
on the jury. The evidence of the Greek,
Theodore Darkley, against Marshall was
completely negated. R. L. Helms
swore that Detective Perry had offered
him money while under arrest at the
Orton Hotel at Wilmington to testify
against Marshall, and also threatened
him with a long penitentiary term if he
did not so testify. Helms said he has a
suit against Perry for \$10,000 damages
for false arrest. Marshall swore that he
wrote the letters to a Philadelphia smelt-
ing works for certain metals for a Greek,
Gorsebelis, because the latter told him
he could not write English and that he
had a patent for silver plating, for which
he desired these metals. A witness
swore that he was present and heard all
this. Marshall said there was a letter
missing from the government's file of
letters offered in evidence which would
show why the letters were written and
that they were not for himself.

The funeral of Miss Williamson and
Edwin Lee, two of the three school boys
drowned here Saturday, was held Sun-
day afternoon at Edenton Street M. E.
church. The attendance was the largest
ever known here at a private funeral.
All the pastors attended and the choir
was made up from the various churches.
The caskets were borne by school mates
of the dead boys. It was the most sor-
rowful Sabbath Raleigh has ever known.
Yesterday the body of James Hinison
was laid at rest in the family burial ground
eight miles from here. Most of his
school mates attended.

With the Raleigh soldiers who went
to Lambertson was Col. Z. P. Smith. The
Governor directed him to make particu-
lar investigations as to the guilt of
Rouven Ross, the condemned man. Colonel
Smith says his inquiries convinced him
of the man's guilt. No one yet knows
what the Governor will do, but his present
view is to let the prisoner hang. This
will be done, unless important
evidence in Ross' favor is given by next
Friday, the date fixed for his execution.

The State charters the following cor-
porations: Herford Manufacturing
Company, at Herford, capital \$15,000,
to make buggies and wagons; the Scot-
t-Mebane Manufacturing Company, capi-
tal \$45,000, at Graham, to make overalls
and leggings; the Plaquemine Harness Com-
pany, Statesville, capital \$45,000.

BULLER ATTACK.

Attempt to Divert The Boers During The
Ladysmith Assault.

LONDON, Jan. 8.—The Daily Mail has
received the following dispatch from
South Africa:

Prere Camp, Natal, Jan. 6.—Firing
was going on all of today at Ladysmith
where a determined attack was made on
the garrison by the Boers in large force
from several directions. The Boers were
repelled all along the line.

Meanwhile the naval gunners here
shelled the trenches at Colenso at an early
hour. At 2 30 p. m. a strong demonstra-
tion was made by General Buller's troops
before Colenso, the naval guns throwing
shells rapidly.

General Bullard, on the left, and
General Barton, on the right, advanced
with infantry brigades of regulars and
with irregular horse as scouts. At 4 30
o'clock the sixty-fourth and Seventieth
batteries opened fire on the Boer trenches
at 4,000 yards and kept it up more than
an hour.

Meanwhile the Thirteenth Hussars,
who were scouting under Grobler's
Kloof, drew a desultory fire from the
Boer rifles at a range of 3,000 yards. This
was the only indication of the Boers' presence.
The naval guns threw lyddite into the
trenches and blazed away until dusk
without eliciting any response. The
British troops then returned to camp.
Owing to the reluctance of the Boers it
was impossible to tell their strength, or
whether the Colenso burghers had rein-
forced those at Ladysmith.

BUBONIC PLAGUE.

Scems On the Increase. Natives Chief
Sufferers.

MANILA, January 8.—The Bubonic
plague is sporadic. There have been six
cases and four deaths. Preparations are
being made to establish hospitals and
for disinfection and quarantining.
Great number of provincial natives
are coming to Manila with the result
that the city is overcrowded, the in-
fected, underfed and unwashed
natives and Chinamen. Americans avoid-
ing direct contact with the disease are
safe.

A force of Filipinos charged twelve
men of the Third Cavalry, who were
scouting behind San Fernando De Lab-
bon. One trooper and three horses and
carabines were captured. The enemy fled.
HONOLULU, January 1 (via San Fran-
cisco, January 8)—Seven additional cases
of plague have developed since last
reports, making 138 in all to date.

Three cases were discovered on the
night of December 23 and four cases
have been reported during the past 24
hours.

ARIOSTO'S COTTON.

Two Thousand Bales Taken to Norfolk.
Small Fox Report.

NORFOLK, Va., Jan. 8.—Reports sent
out about the existence of small pox in
Norfolk and Portsmouth are, according
to the health authorities, very much
exaggerated. Newport News, it is learned,
is enforcing a quarantine against
Norfolk. This is interesting in view
of the statement that the only case of
small pox known to have been transport-
ed between the two cities was that of
Captain Edwards, who arrived here last
week with smallpox contracted at New-
port News. The local health authorities
state that the disease is being rapidly
stamped out.

The steamer Comet, a stern wheeler,
is reported frozen in the ice near Eliza-
beth City, N. C.

Two thousand bales of cotton from
the British steamship Ariosto, stranded at
Ocracoke, have been brought here by
the Merritt-Champan wreckers. The
chances for saving the ship are consid-
ered very good.
