THE CHAMBER OF COMMERCE CIR-CULAR.

The Becretary of the New Bern Chamber of Commerce, per order of the President, has just issued a circular letter which goes to each member of the erganization.

Each recipient of this letter should not merely give it a cursory glance and throw it askie, but instead give it a most careful reading and consideration.

Besides this due consideration of the circular, each member should be in attendance at the meeting of the Chamber of Commerce, next Tuesday nIght.

That this organization has work to perform, if it intends to live up to the purposes of its formation, no member can doubt, and that the present day, month and year is the time to begin and do this work, is quite evident and clear If there ever was a time when a Cham.

ber of Commerce could find plenty to de in advancing the commercial interests of New Bern, the present time especially demands it.

With progress, activity and commer cial development and growth on every side, New Bern seems at a stand still in comparison, and to set a pace in the de-veloping and progressive line, is demand-ed of the Chamber of Commerce.

If the Chamber of Commerce is to do the work it was organized for, let its members get together and carry out Its purposes.

If it is an organization in name, only, then its members had better quietly let the Chamber of Commerce go out of existence entirely, and not keep up its pretended do-something-in-the-future life, for today is the only time for real action tomerrew is nothing tangible, only a glimmering promise to the lazy and indifferent person, who is ever going to act in the future, and not today.

Other sountors content themselves with presenting petitions in an indefi-nite bunch, and in this impersonal fushion they are noted in The Congres-sional Record.
